Dear Mr. Denton:

On February 9-12, 2015, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Phillips 66 Pipeline LLC (Phillips 66) Operations and Maintenance Manual procedures during the construction of your Triple C project in Pasadena, TX. As a result of the inspection, Phillips 66 was issued a Notice of Amendment on March 31, 2015.

Phillips 66 submitted the requested procedural amendments on April 24, 2015. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

A handwritten signature in cursive script, appearing to read "R. M. Seeley".
