commodity, and prior to placing any additional pipeline facilities in service, install all required fire extinguishers.

**ONEOK Response to Proposed Compliance Order Item 2 –**

ONEOK has completed the installation of firefighting equipment in accordance with 195.430

**Proposed Compliance Order Item 4 –**

ONEOK must complete items 1, 2, and 3 (installation of line markers, signs, and fire extinguishers) and provide PHMSA documentation that the installations have been completed within 30 days of the Final Order.

**ONEOK Response to Proposed Compliance Order Item 4 –**

ONEOK has completed the installation of Notice Items 1, 2, and 3 as described above. Although a Final Order has not been submitted by PHMSA, ONEOK provides this letter as documentation of completion and requests that the Final Order be issued with acknowledgement that the items are completed and the Order is closed.

**Proposed Compliance Order Item 5 –**

It is requested (not mandated) that ONEOK NGL Pipeline, LLC maintain documentation of the safety improvement costs associated with fulfilling this Compliance Order and submit the total to R. M. Seeley, Director, Southwest Region, Pipeline and Hazardous Materials Safety Administration. It is requested that these costs be reported in two categories: 1) total cost associated with preparation/revision of plans, procedures, studies and analyses, and 2) total cost associated with replacements, additions and other changes to pipeline infrastructure.

**ONEOK Response to Proposed Compliance Order Item 5 –**

ONEOK will provide the requested information in future correspondence, but does not have the total cost calculated at this time.
