Re: CPF 3-2014-5009M

Dear Mr. Curtis:

On June 26, 2012, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code inspected ARC Terminals Holding, LLC's (ARC's) procedures for Public Awareness Program Effectiveness in Toledo, OH. As a result of the inspection, ARC was issued a Notice of Amendment on September 29, 2014, which proposed amendment of your procedures.

ARC submitted its amended procedures on March 27, 2015. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Allan C. Beshore
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
