Re: CPF 3-2013-1004M

Dear Mr. Bullock:

On October 29, 2012, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code inspected KPC Pipeline, LLC's (KPC's) procedures for Public Awareness Program Effectiveness in Olathe, Kansas. As a result of the inspection, KPC was issued a Notice of Amendment on April 16, 2013, which proposed amendment of your procedures.

KPC submitted its amended procedures on May 28, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Allan C. Beshore
Director, Central Region, OPS
Pipeline and Hazardous Materials Safety Administration
