Closure Letter

Dear Mr. Harris:

On November 28-30, 2012, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Silicon Valley Power procedures in your Anti-Drug and Alcohol Misuse Plan. As a result of the inspection, Silicon Valley Power was issued a Notice of Amendment on April 25, 2013, which proposed amendment of your procedures.

Silicon Valley Power submitted its final amended procedures on August 26, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
