Dear Mr. Cigich:

From March 26-30, 2012, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected the Central New York Oil and Gas (CNYOG) pipeline facilities' (a subsidiary of Inergy Midstream), procedures and records in Bradford County, PA, and Owego, NY.

As a result of the inspection, CNYOG was issued a Notice of Amendment on August 8, 2013, which proposed amendment of your procedures.

CNYOG submitted its amended procedures in letter dated September 6, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
