Dear Mr. Rose:

On July 23, 2013, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Tampa Bay Pipeline Corporation (TBPL) an Order Directing Amendment (Order), which required TBPL to amend certain procedures

TBPL submitted its amended procedures on September 26, 2013. We reviewed TBPL's amended procedures and replied on November 14, 2013, noting a deficiency in the revision addressing Item 7 of the Order.

We received and reviewed your latest response to the Order dated December 16, 2013. This letter is to inform you that TBPL has complied with the terms of the Order and that no further action is necessary with regards to the Order. This case is now closed.

Please be advised that this letter refers only to the Order (CPF 2-2012-6005M) and not to any other PHMSA pending cases.

Sincerely,

  
For

Wayne T. Lemoi  
Director, Office of Pipeline Safety  
PHMSA Southern Region
