Re: Notice Of Amendment – CPF 2-2012-0005M

Dear Mr. Lemoi:

The purpose of this communication is to provide response to your letter dated October 17, 2012 related to apparent inadequacies of the Operations, Maintenance, and Emergency Response Manual (OMER) of written procedures resulting from the PHMSA inspection on April 23-27, 2012 pursuant to Chapter 601 of 49 United States Code of Federal Regulations.

We are including the EcoEléctrica responses to the PHMSA action items and copies of the revised documents to demonstrate compliance with 49 CFR Part 192. Should you have any questions regarding any of the responses provided herein, do not hesitate to contact Eng. Oscar Cedeño, LNG Terminal at 787-487-6042 .

Cordially,

  
Carlos A. Reyes, P.E.  
Co-President / General Manager Operations  
EcoElectrica, LP
