Dear Mr. Wetmore:

On July 31, 2009, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site inspection of procedures related to the operation and maintenance of ExxonMobil's Breakout Tank TK-002 in Billings, Montana. As a result of the inspection, ExxonMobil was issued a Notice of Amendment (NOA) on June 8, 2010, which proposed amendment of your procedures.

We received your amended procedures on July 12, 2010. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal  
Director, Western Region  
Pipeline and Hazardous Materials Safety Administration
