Re: CPF 1-2010-5008H

Dear Mr. Hurlburt:

On September 2, 2010, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Enterprise Products Partners LP a Corrective Action Order (CAO) in the above-referenced case as a result of the incident that occurred on August 27, 2010 along Keyserkill Road in Gilboa, New York. Subsequently, on November 24, 2010, an Amended Corrective Action Order (ACAO) was issued. The Order required Enterprise Products Partners LP to take certain corrective actions with respect to the Line P-41 propane pipeline that runs from Watkins Glen to Selkirk, NY.

We have received your letter, dated October 2, 2013, notifying PHMSA Eastern Region of Enterprise's opinion that all of the requirements of the Amended Corrective Action Order (ACAO) have been completed. Supporting documentation and records were provided with your submittal and have been reviewed by our office. Based on our review of the documentation and the actions taken by Enterprise in meeting the requirements of the ACAO, it has been determined that you have complied with the terms of this Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
