Mark Rauch
President
Key West Pipeline Company
P.O. Box 270415
Houston, Texas 77277-0415

CPF 2-2010-6005M

Dear Mr. Rauch:

On August 5-6, 2010, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) inspected the Key West Pipeline Company procedural manual for operations, maintenance, and emergencies at your pipeline terminal in Key West, FL, pursuant to Chapter 601 of 49 United States Code. As a result of the pipeline inspection, PHMSA issued a Notice of Amendment (NOA) on October 7, 2010.

This letter is to inform you that Key West Pipeline Company has complied with the terms of the NOA. No further action is necessary with regards to the NOA and this case is now closed.

Please be advised that this letter refers only to the NOA (re: CPF 2-2010-6005M) and not to any other PHMSA pending cases. Also be advised that nothing herein states or implies that the above described procedural manual meets the requirements of the federal pipeline safety regulations or that the procedural manual is approved. The Pipeline system and the procedural manual remain subject to inspection by PHMSA.

Sincerely,

for 

Wayne T. Lemoi
Director, PHMSA Southern Region
Office of Pipeline Safety
