Dear Mr. Letwin:

On July 23-27, 2007 and July 30-31, 2007, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of the Vector Pipeline L.P. (Vector) integrity management procedures in Superior, Wisconsin. As a result of the inspection, Vector was issued a Notice of Amendment on July 28, 2009, which proposed amendment of your procedures.

Vector submitted its amended procedures on August 25, 2009. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Ivan A. Huntoon
Director, Central Region
Pipeline and Hazardous Materials Safety Administration
