Dear Mr. Charles Brabson:

On August 28 to September 1 and September 12 to 14, 2006, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site inspection of your Integrity Management Program in Houston, Texas. As a result of the inspection, Dixie Pipeline Company was issued a Notice of Amendment on August 2, 2007, which proposed amendment of your procedures.

Dixie Pipeline Company submitted its amended procedures on December 18, 2006 and September 6 and 20, 2007. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary, and this case is now closed. Thank you for your cooperation.

Sincerely,

R. M. Seeley
Director, Southwest
Pipeline and Hazardous
Materials Safety Administration
