CONSENT ORDER

By letter dated March 17, 2010, pursuant to 49 U.S.C. § 60122 and 49 C.F.R. § 190.213, the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), issued a Final Order to Navajo Nation Oil & Gas Company, Inc. (NNOGC or Respondent) in this matter. The Final Order determined that NNOGC committed violations of 49 C.F.R. Part 195, assessed a civil penalty of \$212,000 for the violations, and found that NNOGC had completed corrective action to remediate the violations.

On April 30, 2010, pursuant to 49 C.F.R. § 190.215, NNOGC filed a petition for reconsideration of the Final Order, requesting, in part, that PHMSA give consideration to NNOGC's status as a Federally chartered corporation under Section 17 of the Indian Reorganization Act, 25 U.S.C. § 477. By separate correspondence, NNOGC proposed to undertake specific additional safety projects in order to settle this matter.

In recognition of the unique legal and political relationship the United States has with Indian tribal governments, established through and confirmed by the Constitution of the United States, treaties, statutes, executive orders, and judicial decisions, PHMSA has engaged in good faith settlement discussions with Respondent regarding its proposal to undertake additional safety projects, resulting in the attached Consent Agreement. The Consent Agreement is hereby approved and incorporated by reference into this Order. Respondent is ordered to comply with the terms of the Consent Agreement, effective immediately. The terms and conditions of this Consent Order are effective upon receipt.
