Re: CPF No. 41506; formerly Four Corners Pipe Line Company

Dear Mr. Jipson:

This letter is to notify you that the Office of Pipeline Safety (OPS) is closing the above-referenced administrative enforcement case that was initiated against Four Corners Pipeline Company, regarding the 16-inch pipeline that your company operates between northeastern Arizona and the Arizona/California border. OPS issued a Final Order to Four Corners on June 9, 1997. After receiving the Final Order, Four Corners filed a Petition for Reconsideration on July 18, 1997. Since that time, ownership of the pipeline has changed at least twice, and the line is no longer operated as a hazardous liquid line. Also, the system no longer contains the breakout tanks that were the subject of two of the three violations. Therefore, we have decided to close this case. No further action is contemplated with respect to the matters involved in the case.

Sincerely,

James Reynolds
Pipeline Compliance Registry
Office of Pipeline Safety
