**Hazardous Materials: Requirements for DOT Specification Cylinders; Second Extension of Comment Period**

AGENCY: Research and Special Programs Administration (RSPA), DOT.

ACTION: Proposed rule; extension of comment period.

**SUMMARY:** RSPA is extending the closing date for filing comments to a notice of proposed rulemaking (NPRM) published under Docket HM-220 from May 28 to September 30, 1999. RSPA is taking this action in response to petitions filed by the National Propane Gas Association (NPGA), the Air-Conditioning and Refrigeration Institute (ARI), the Compressed Gas Association, Inc. (CGA) and Airgas, Inc. The petitioners requested that RSPA provide additional time to allow shippers, the gas and cylinder industries, and other interested parties sufficient time to review and address the proposed changes.

**DATES:** Comments must be received on or before September 30, 1999.

**ADDRESSES:** Submit comments to the Dockets Management System, U.S. Department of Transportation, PL 401, 400 Seventh St., SW, Washington, DC 20590-0001. **SUPPLEMENTARY INFORMATION:** On October 30, 1998, RSPA published an NPRM in the **Federal Register** under Docket HM-220 (63 FR 58460). RSPA proposes in the NPRM to amend certain requirements in the Hazardous Materials Regulations to establish four new DOT cylinder specifications and to revise the requirements for maintenance, requalification, repair and use of DOT specification cylinders. In addition, RSPA held three public meetings to discuss the proposals on December 8, 1998 (63 FR 58460; October 30, 1998), January 28, 1999 (63 FR 72224; December 31, 1998) and April 13-15, 1999 (64 FR 9114; February 24, 1999). Also the December 31 notice provided for a 120-day extension of the comment period from January 28 to May 28.

The NPGA, the ARI, and the CGA petitioned RSPA for another extension of at least 120 days from the May 28 deadline. Airgas Inc. petitioned for a 90-day extension. The petitioners stated that this second extension would allow affected persons more time to provide substantive comments to the proposed changes. Many commenters attending the April public meeting also stated that they would need more time to submit their comments. RSPA agrees that additional time should be provided and is hereby extending the closing date from May 28 to September 30, 1999.

Issued in Washington, DC, on May 24, 1999.
