# I. Legislative Language

This report is in response to the reporting requirements set forth in Section 554 of the *FY 2010 DHS Appropriations Act* (P.L. 111-83), which states:

For fiscal year 2010 and thereafter, the Secretary of Homeland Security may collect fees from any non-Federal participant in a conference, seminar, exhibition, symposium, or similar meeting conducted by the Department of Homeland Security in advance of the conference, either directly or by contract, and those fees shall be credited to the appropriation or account from which the costs of the conference, seminar, exhibition, symposium, or similar meeting are paid and shall be available to pay the costs of the Department of Homeland Security with respect to the conference or to reimburse the Department for costs incurred with respect to the conference: Provided, That in the event the total amount of fees collected with respect to a conference exceeds the actual costs of the Department of Homeland Security with respect to the conference, the amount of such excess shall be deposited into the Treasury as miscellaneous receipts: Provided further, That the Secretary shall provide a report to the Committees on Appropriations of the Senate and the House of Representatives not later than January 5, 2011, providing the level of collections and a summary by agency of the purposes and levels of expenditures for the prior fiscal year, and shall report annually thereafter.

## II. Background

The enclosed report provides information on the number of Department-sponsored conferences at which non-Federal participants were charged a fee to attend. The information was collected from DHS Components, which reported conferences they sponsored at which non-Federal participants were charged fees to offset the conference costs. For each such event, the Components provided the total amount of fees collected from non-Federal participants (and Federal participants, if any), the total conference-related costs, and the amount of fees returned to the Department of Treasury, if any (i.e., fees collected from non-Federal participants that exceeded the conference costs).

This information is aggregated and incorporated into the enclosed data report.
