## I. Legislative Language

Section 101 of the *FY 2015 Continuing Appropriations Resolution* (P.L. 113-235) continues reporting terms and conditions specified by the *FY 2014 DHS Appropriations Act* (P.L. 113-76). Language in that statute and its accompanying Joint Explanatory Statement, House Report 113-91, and Senate Report 113-77.

P.L. 113-76 includes the following provisions:

SEC. 514. Within 30 days after the end of each month, the Chief Financial Officer of the Department of Homeland Security shall submit to the Committees on Appropriations of the Senate and the House of Representatives a monthly budget and staffing report for that month that includes total obligations, on-board versus funded full-time equivalent staffing levels, and the number of contract employees for each office of the Department.

The Joint Explanatory Statement states:

Section 514. A provision proposed by the House and Senate is continued and modified requiring the Chief Financial Officer to submit monthly budget execution and staffing reports within 30 days after the close of each month.

House Report 113-91 states as follows:

The Committee continues bill language requiring monthly budget and staffing reports within 45 days after the close of each month.

In addition, Senate Report 113-77 includes the following:

### BUDGET EXECUTION AND STAFFING REPORT

The Committee continues and modifies a general provision requiring the Department to continue to submit to the House and Senate Committees on Appropriations a monthly budget execution report showing the status of obligations and costs for all components of the Department and on-board staffing levels (Federal employees and contractors). The report shall include the total obligational authority appropriated (new budget authority plus unobligated carryover), undistributed obligational authority, amount allotted, current year obligations, unobligated authority (the difference between total obligational authority and current year obligations), beginning unexpended obligations, year-to-date costs, and ending unexpended obligations. This budget execution information is to be provided at the level of detail shown in the tables displayed at the end of this report for each departmental component and the Working Capital Fund. The Committee commends the OCFO for its progress in automating the data extraction for this report. In the past, this process has been manual, creating a

long lag time for reporting the budget data to the Committee. With an automated process, the Department will be able to submit these reports to the Committee in a more timely manner. Therefore, the requirement in the bill has been modified requiring this report to be submitted no later than 30 days after the close of each month instead of the previous requirement of 45 days.

This report provides an update through January 31, 2015.
