

Dear Prospective Student:

Welcome Aboard! Congratulations on your upcoming assignment to Field Medical Training Battalion - East (FMTB-E), Camp Lejeune, NC for training. The command is located on Camp Johnson, home of the Montford Point Marines.

If you are an enlisted Sailor your training will be completed through one of the following: Field Medical Service Technician (FMST) course, Marine Corps Expeditionary and Combat Skills Training (MCECST) course, or the Tactical Combat Casualty Care/Combat Lifesaver-Trainer (TCCC/CLS-T) course. Medical Department Officer Sailors' training is completed through the Field Medical Service Officer (FMSO) course.

The leadership and staff at FMTB-E are committed to excellence in education and training - to ensure no one's ghost will ever say "if your training program had only done its job." Our programs of instruction will better prepare you to serve in an expeditionary environment with the Fleet Marine Forces. Whether your follow-on command is with a Marine Corps unit, hospital platform or other command, upon graduation you will be more technically proficient and better prepared physically to serve at your new assignment. Keep in mind all of our courses are physically demanding. Therefore, you should begin a training regimen now that prepares you for success.

During working hours the Administrative Office staff can be contacted at (910) 450-1187/0763/0767 to answer any of your questions or concerns. Before or after working hours, the Officer of the Deck (OOD) is available and can be contacted at the Quarter Deck at (910) 450-0750/0712.

I am honored for the opportunity to serve as your Commanding Officer. Please be safe during your travels and come prepared to excel.

Non sibi sed patria and Semper Fidelis

R. J. JEHUE
Captain, Medical Service Corps
U.S. Navy
Commanding Officer
