INTRODUCTION

The following guide provides step-by-step instructions on how to use the various Federal Emergency Management Agency (FEMA) America's PrepareAthon! digital media tools to help support you in your efforts to promote America's PrepareAthon! and your day of action events.

For Mac users, please follow the instructions indicated for Adobe Acrobat Pro. Please note that **Adobe Acrobat Pro** (not Adobe Reader) is required to use the Adobe Acrobat files referenced below.

For PC users, please follow the instructions indicated for Microsoft Publisher.

USING AMERICA'S PREPAREATHON! CUSTOMIZABLE LOGOS IN ADOBE ACROBAT PRO: FOR MAC USERS

1. Open the PDF of the PrepareAthon! logo that you want to use.
2. Your logo should be pre-set to **HELVETICA**, the primary typeface for the America's PrepareAthon! brand. If you receive a warning that **HELVETICA** is not available on your system, please follow these instructions:
 - a. At the top right of the screen, select <Tools>, <Forms>, <Edit>;
 - i. If you do not see <Forms>, you need to click this icon  in the Tools pane and open the <Forms> window;
 - b. Right click <INSERT NAME HERE> and select <Properties...>;
 - c. Under Properties, select <Appearance>, and select **ARIAL** for the font;
 - d. Select <close>.
3. Type your organization's name in **ALL CAPS** where you see “[YOUR ORGANIZATION'S].”
Be sure to remove the square brackets.
4. Select <File>, <Save As>, and choose your desired location.
5. This PDF logo can be printed as is, or it can be sent to companies to be printed on T-shirts, business cards, water bottles, etc.

If you want to use this logo in a **Word** document (flyer, invitation, etc.) or a **PowerPoint** presentation, you need to save this PDF as a **JPEG image**:
