(1) Commanders shall authorize 10 consecutive days of Permissive Temporary Assigned Duty (PTAD) for a married male Marine when his spouse gives birth.

(2) The timing of PTAD will be granted at the Commander's discretion depending on the unit's mission and specific operational circumstances. Additionally, it will be taken before any other leave (i.e., combat, annual, or post deployment mobilization respite absence).

(3) In instances where Marines are deployed, or scheduled to deploy prior to the birth, or immediately following the birth, commanders will have the discretion to postpone PTAD. Marines unable to take PTAD as stated above will execute their PTAD within 90 days from the date of return. Commanders retain the discretion to authorize PTAD outside the 90 day window (post-deployment) based on exigent circumstances.

SPECIAL INSTRUCTIONS FOR MARINE CORPS PERSONNEL

1. Pertinent and detailed procedures for leave and liberty for Marines assigned to this command are contained in reference (b).

2. Marines departing on annual leave can visit representatives of the recruiting service in their local leave areas and are encouraged to take prospective applicants to recruiting stations. Any enlisted Marine on annual leave or in a delay status may be recommended for a single 5-day extension of leave or 4-day special liberty to be utilized at a later date under the provisions of reference (b). The Marine's Commanding Officer has complete discretion on whether or not to approve the extension or the liberty.

3. Day of Departure and Return

a. Leave begins and terminates in the local area. The local area is the place where the Marine resides and from which he/she commutes to their duty station (as established by the local Commander). Leave will be charged for all calendar days, duty days as well as non-duty days. A duty day is defined as a day in which a Marine is expected to be at their place of work for approximately eight hours. The majority of a duty day is defined as being greater than fifty percent of that duty day/work hours (i.e. being present for more than four hours of work). When a Marine works the majority of a duty day it is not counted as a day of leave if the Marine is traveling outside the local area via POV. Assuming a 0700-1700, Monday through Friday duty schedule, the following scenarios are provided:

Scenario 1: A Marine, driving a privately owned vehicle (POV) outside the local area, may depart the local area at 1201 local time, on Monday after working the majority of the duty day, and return prior to 1200 Friday and work the majority of the duty day and be charged three days of leave.

Scenario 2: A Marine, driving a POV outside the local area, may depart the local area at 1201 local time on Monday after working the majority of the duty day, and return at 0800 Saturday and be charged four days of leave.

Scenario 3: A Marine, driving a POV outside the local area, may depart the local area at 0800 local time Sunday and return at 1200 Saturday and be charged six days of leave.

4. Combining Leave and Special Liberty

a. Marines and Sailors are authorized to take leave in conjunction with special liberty. Leave may commence immediately upon termination of a special liberty period, or terminate just prior to the commencement of a special liberty period. However, it is emphasized that leave must commence and terminate in the vicinity of the Marine's or Sailor's primary duty station. Once leave starts, and until it ends, all included calendar days (duty days, non-duty days, weekends, special liberty days, and holidays) are to be charged according to the time and date of departure and arrival from the leave status. Marines or Sailors departing the local area prior to commencement of authorized leave, or failing to return to the local area prior to commencement of authorized leave, or failing to return to the local area prior to its expiration, are considered to be in an unauthorized absence status. The intent of authorizing the combination of leave and special liberty is to allow Marines and Sailors to take leave prior to, or after, special liberty without having to use annual leave days to cover those days designated as special liberty.

b. The following example applies: A Marine or Sailor is authorized leave for the period of 20 December through 3 January and remains in the local area. The Marine signs out on leave on 19 December and signs in from leave on 4 January. This Marine should be charged for leave for the entire period of 20 December through 3 January, regardless of the fact that there may have been two periods (Christmas and New Year) of special liberty during the Marine's leave period.

5. Special Instructions

a. Marine Online. All Marines shall obtain a Marine OnLine (MOL) account.

b. Leave. Complete the Leave request in MOL.

c. Navy Standard Integrated Personnel System. All Sailors will obtain a Navy Standard Integrated Personnel System (NSIPS) account.

6. Liberty. Marines and Sailors requesting Liberty will complete a SPECIAL REQUEST/AUTHORIZATION form (NAVPERS 1336/3) and route according to the duration requested:

a. 24 hours or less will be routed to the Company Commander for approval/disapproval.

b. 48-72-hour Liberty requests will be routed to the Executive Officer for approval/disapproval.

c. 96-hour Liberty requests will be routed to the Commanding Officer for approval/disapproval.
