

**FLORIDA AIR NATIONAL GUARD**  
**\*\*\* OFFICER VACANCY ANNOUNCEMENT \*\*\***

**ANNOUNCEMENT NUMBER:** DSG 17-01

**CLOSING DATE:** 29 Mar 2017

**TITLE:** CIVIL ENGINEER OFFICER-GENERAL (AFSC: 32E1G) (Commissioning Opportunity)  
(OPEN NATIONWIDE to ALL)

**MAXIMUM AUTHORIZED GRADE:** Major (O-4)

**UNIT:** 202 RED HORSE SQUADRON, Camp Blanding Joint Training Center, Starke, FL

**DUTY STATUS:** This is a Commissioning Opportunity Drill Status Guard (DSG) position, NOT full-time employment. Applicants are expected to meet all Unit Training Assemblies and Annual Training requirements annually.

---

**Specialty Summary:** Develops and implements civil engineer (CE) force employment, and provides staff supervision and technical advice. Performs and manages CE functions and activities to provide facilities and infrastructure supporting the United States and allies. Activities include programming, budgeting, project management, drafting, surveying, planning, feasibility studies, construction management, utilities operations, energy and environmental programs, land management, real property accounting, fire protection, explosive ordnance disposal (EOD), disaster preparedness (DP) programs, family housing and dorm management, and mobilization programs at base level. Serves on response teams and related installation support services. Advises commanders and government officials on effective use of CE resources. Related DoD Occupational Group: 240100.

***Duties and Responsibilities:***

- Supports combat operations and activities. Maintains trained and equipped forces capable of responding to worldwide contingencies and military operations other than war. Evaluates capabilities and develops contingency methodologies to accomplish mission objectives. Maintains emergency response force to cope with enemy attacks, major accidents, and natural disasters. Provides on-scene advice to commander on control and integration of emergency response force. Develops, monitors, and briefs survivability actions and methods to recover capabilities after attack. Organizes, trains, and equips contingency forces for conventional and nuclear, biological, and chemical attack operations, and other emergency situations.
- Determines requirements, establishes plans, provides designs, and directs operations, maintenance, repair, alteration, addition, and construction of facilities and utility systems. Determines personnel and material resource requirements. Directs CE forces in support of customers' requirements, and coordinates activities with subordinate and lateral units and functions. Determines proper use of facilities and effective employment of utility systems. Acts as technical representative and engineering consultant for operations and maintenance activities. Coordinates activities with local, state, federal, and host country agencies.
- Develops CE plans and policies. Evaluates impact of legislative action, executive orders, directives, and management decisions. Consults with manpower, organization, and personnel staffs to ensure appropriate use of CE personnel. Directs training activities. Implements standardization and evaluation, and monitors compliance of programs and policies.

**Specialty Qualifications:** The following is mandatory for award of the 32E1G Air Force Specialty Code:

- **Knowledge:** Knowledge is mandatory of: contingency engineering, contingency base operations, explosive ordnance disposal (EOD), and survivability skills, including force bed-down, expedient damage repair, and recovery after attack; methods, sources, and techniques of engineering design, construction, maintenance, operation, and repair of facilities and utility systems; resource acquisition and management; asset management; military facilities programming and planning; environmental stewardship; housing management; management of real property; fire prevention, protection, and aircraft crash rescue procedures; engineering research and development; and formulation, coordination, and administration of plans and programs.
  - **Education:** Undergraduate academic specialization is mandatory in architecture or architectural, civil, construction, electrical, electronics and communications, environmental, industrial, or mechanical engineering in a school that has at least one program accredited by a nationally recognized body in engineering; or in architecture in a school that is accredited by a nationally recognized body in architecture. (Currently, the national accrediting bodies are the Accreditation Board of Engineering and Technology and the National Architectural Accreditation Board.)
  - **Training:** The following training is mandatory for award of the AFSC indicated: Completion of Air Force Institute of Technology (AFIT) course WMGT 101, *Air Force Civil Engineer Basic Course* or AFIT courses WMGT 102, *Introduction to the Base Civil Engineer Organization for Reserve Forces Course*, and WMGT 484, *Reserve Forces Air Base Combat Engineering Course*.
  - **Experience:** For award of 32E3G, a minimum of 12 months of experience in the specialty shredout is required.
- 
- 

### **Eligibility Requirements**

- **Citizenship:** Must be a citizen of the United States.
  - **Age:** For initial appointment as a line officer, applicant must be between 18 and 35 years of age (for every year of prior service experience, age can be waived up to age 40).
  - **Physical/Medical Requirements:** Must be in good physical condition and be medically qualified in accordance with applicable Air Force and Air National Guard regulations. Must meet Air Force and Air National Guard fitness standards prior to attending the Academy of Military Science (AMS).
  - **Security Requirements:** Must be able to meet applicable security requirements to hold appropriate security clearance (Secret/Top Secret).
  - **Education:** A baccalaureate or higher degree from an educational institution listed in the current Accredited Institutions of Postsecondary Education is required.
  - **Training:** For those persons not already commissioned, the applicant must successfully complete the Academy of Military Science (AMS) at Maxwell Air Force Base, Montgomery AL. Course is MANDATORY and is 8-weeks in duration. Must also complete 32EX school for award of AFSC if not qualified in the career field.
  - **Other:** Meet all other appointment requirements as established in ANGI 36-2005.
- 
-
