

Deployment Support

My Role Is To:

- Work with Fleet & Family Services to assure your family's educational needs are being met
- Help train educators about the unique situations your child will face while you are deployed
- Inform and connect educators to installation deployment support resources
- Partner with on-base stakeholders; act as installation SME to connect with schools

Deployment Support

- If you are an IA deploying from NAS Whiting Field, or if your family members are relocating to Santa Rosa County, Please feel free to notify me. I am here to help. With your permission, I will contact your child's school an inform them of your deployment and assist them in helping your child through this difficult time
- If you are a member of the National Guard or Reserves and have been activated for deployment- I am here to help you also. Please contact me with any questions you may have.
