

DEROS Letter of Intention - (Applicable to overseas applicants only)

If your Date Eligible for Return from Overseas (DEROS) is after your projected departure date for Graduate Medical Education (GME), typically end of May-beginning of June; a Deros Letter of Intention will be required. Your commander can address their Deros intentions in the Commander's Recommendation Letter or in a separate Deros Letter of Intention. The commander should address their ability to support a Deros curtailment that will correspond with GME start dates if the applicant is selected. The commander **MUST** indicate the earliest release date they can support. It is the applicant's responsibility to upload this letter into MODS.
