

Official Medical School Transcript

The official medical school transcript must be uploaded into MODS by the Medical School Official or the applicant. Applicants are responsible for requesting a copy of their transcripts to include in their Joint Service Graduate Medical Education Selection Board (JSGMESB) application package. If you have previously applied to the JSGMESB, you will still be required to submit a copy of the official medical school transcript as a part of your application package. Members are encouraged to maintain a copy of the official final medical school transcript for their personal files for future use and future JSGMESB applications. It is the applicant's responsibility to ensure the medical school transcript has been uploaded into MODS no later than the **15 October** deadline.
