

On behalf of the NCO Guild, welcome aboard to VMAQ-4. As Non-Commissioned Officers, we are here for the personal and professional development of our Marines. Mission accomplishment is our primary goal and without you, we cannot succeed.

Non-Commissioned Officers are a resource to be utilized for your growth. Use our experience to your benefit so that you can maximize the time you spend here. We are the first link in the chain of command. As such, let us know if there are questions or issues so that we can assist you.

You are the future of Fixed Wing Electronic Attack and a valuable commodity. We look forward to not only teaching you, but learning from you as well.

Semper Fidelis, and Welcome Aboard!
