MEMORANDUM FOR MOBILE ELECTRIC POWER GENERATING SOURCES  
PROGRAM MANAGER.

SUBJECT: Joint Standardization Board (JSB) for Mobile Electric Power (MEP) Generating Sources

The attached charter to establish a JSB for MEP Generating Sources under the Defense Standardization Program (DSP) is approved. The objective of the JSB is to achieve common, mutually satisfactory solutions to shared requirements and problems. The JSB will:

- Authorize, approve and manage the development and maintenance of specifications/standards (IAW DOD 4120.24-M, Defense Standardization Program Policy and Procedures) that support the design, development and manufacture of MEP Generating Sources;
- Develop and improve joint processes and procedures to facilitate acquisition of MEP Generating Sources;
- Maximize interoperability, promote standardization, and conserve resources (IAW DODD 4120.11, Standardization of MEP Generating Sources) in support of Joint Service and Multinational Operations;
- Establish an effective, Department-wide forum for interoperability coordination, planning, and decision making;
- Provide the interface for commercial/military integration.

Your participation in the DSP's efforts to achieve standardization and interoperability in the MEP Generating Sources arena is appreciated.

My focal point for JSBs is Mr. Mike Goy, Defense Standardization Program Office, 703-767-6882, [Mike.Goy@dla.mil](mailto:Mike.Goy@dla.mil).

James D. Hall  
Defense Standardization Executive

Attachment  
As Stated

**CHARTER**  
**DOD JOINT STANDARDIZATION BOARD (JSB)**  
**FOR**  
**MOBILE ELECTRIC POWER GENERATING SOURCES**

**Name of Group:** DOD Joint Standardization Board for Mobile Electric Power (MEP) Generating Sources.

**Purpose:** The purpose of the DOD JSB for MEP Generating Sources is to:

- Provide Senior level (USDAT&L) visibility for standardization and interoperability initiatives.
- Establish DOD standards (IAW DOD 4120.24-M, Defense Standardization Program, Policies & Procedures) or Non-Government Standards as applicable.
- Improve interoperability of joint and coalition forces.
- Define joint doctrine, tactics, techniques and procedures.
- Establish standardized parts/components that have lowered costs, reduced inventories, shortened logistics chains and improved readiness.
- Develop joint solutions to issues that impact the MEP domain.
- Facilitate funding for specific efforts/projects related to standardization and interoperability goals and objectives.
- Provide the interface for commercial/military integration.

**Process:** The DOD JSB for MEP Generating Sources will perform on a continuous basis those functions necessary to achieve standardization and interoperability objectives through the following:

- Participate in development of national and international standards.
- Promote commonality of component parts (as applicable) to enhance supportability.
- Promote standardization in designs for testing and evaluation.
- Interface with industry, academia and government agencies as needed to keep pace with progressing technology.
- Establish and maintain adequate and uniform technical records, i.e. background history and documentation.
- Provide mechanism for exchange of technical information amongst military departments, industry, and allied organizations as related to interoperability and commonality of equipment, components, and operational requirements.
- Facilitate coordination of draft documents with industry and industry associations to ensure quality and performance requirements meet the highest industry standards.

**Authority:** Defense Standardization Executive (ADUSD/LP&P) Memorandum, June 8, 2006, Subject: Joint Standardization Board (JSB) for Mobile Electric Power (MEP) Generating Sources; also DODD 4120.11, Standardization of Mobile Electric Power (MEP) Generating Sources

**Membership:** Ideally, the Board should be composed of members from DOD and other government agencies, industry and industry associations, and academia. The Chairperson will be selected from the principal DOD/Federal Government members and rotated on a cycle determined by those members.

**Meetings and Procedures:** The JSB will meet a minimum of twice each fiscal year in open general sessions to perform the group's mission or upon request by a voting principal member. Meetings will be scheduled by the current Chairperson with random site selections to accommodate attendance by members. Representation from the principal member organizations at the action officer level (O5/O6 or civilian equivalent) is required for all meetings. Functional area and interested organizations will be invited to open general sessions. List of prioritized items will be made a matter of record in the general session and assigned an OPR to complete tasks as designated by the Chairperson. The Chairperson has the authority to schedule additional meetings or set up subcommittees and working groups in coordination with the principal members, as required, to perform the group's mission.

**Duration:** Serves as a continuous group or a specified life span.
