(B) a table of disaster relief activity delineated by month, including—
(i) the beginning and ending balances;
(ii) the total obligations to include amounts obligated for fire assistance, emergencies, surge, and disaster support activities;

(E) the date on which funds appropriated will be exhausted...

This report covers activities as of September 30, 2015.

II. Background

P. L. 114-4 requires that the FEMA Administrator provide a report by the fifth day of each month on the Disaster Relief Fund (DRF) that includes a funding summary, a table delineating the DRF funding activities each month by state and event, a summary of the funding for the catastrophic events, and an estimate of the date on which the funds will be exhausted.

Consequently, the following report elements are included:

1. Appendix A is an appropriations summary that includes a synopsis of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations.
2. Appendix B presents details on the DRF funding activities delineated by month.
3. Appendix C presents Hurricane Sandy FY 2015 obligations by spending categories.
4. Appendix D presents funding summaries for the current active catastrophic events including the allocations, obligations, and expenditures.
5. Appendix E presents the fund exhaustion date, or projected end of fiscal year balance.
6. Appendix F presents a bridge table that provides explanation for the monthly and baseline changes for all activities to include details for catastrophic events.
