(d) Review of Decision. Within thirty (30) days after the date of receipt of the written decision of the inspector, the aggrieved party may file a petition with the Tribal Gaming Agency requesting a review of the decision. The Tribal Gaming Agency may set a hearing on the matter or may make a decision based solely upon the inspector's decision and other documentation provided to it by the patron and the Gaming Operation. The Tribal Gaming Agency shall then issue a written decision and mail it to the parties pursuant to the procedures set forth in Section 14(b). The decision of the Tribal Gaming Agency shall be final and binding upon the patron and the Gaming Operation and shall not be subject to judicial review or other legal action in the courts of the State.

SECTION 15. RESOLUTION OF DISPUTES BETWEEN THE STATE AND THE COMMUNITY

(a) Notice. If either party believes the other party has failed to comply with the provisions of this Compact, the party asserting noncompliance shall serve written notice upon the other party. The notice shall identify the specific provisions of the Compact alleged to have been violated and shall specify the factual basis therefor. The designated representatives of the State and the Community shall thereafter meet within ten (10) days in an effort to resolve the dispute.

(b) Procedures for Dispute Resolution. If the dispute is not resolved to the satisfaction of the parties within thirty (30) days after service of the notice set forth above, the dispute shall be adjudicated through applicable regulations promulgated by the Tribal Gaming Agency, if any, or through arbitration in the State or such other place as the parties may agree as follows:

- (i) The parties shall attempt to agree upon one arbitrator with expertise in the subject matter of the dispute;
- (ii) If the parties are unable to agree on an arbitrator, each party shall select an arbitrator within ten (10) days of the commencement of the arbitration and the two (2) arbitrators shall mutually appoint a third arbitrator within twenty (20) days of their appointment. If the two (2) arbitrators are unable to agree on the appointment of a third arbitrator within twenty (20) days, the third arbitrator shall be appointed by the American Arbitration Association;

- (iv) All arbitrators shall preferably have significant experience in gaming matters generally and preferably in class III gaming conducted pursuant to the Act.

(c) Arbitration Costs. The cost of arbitration shall be borne equally by the Community and State. The parties shall bear their own costs and attorneys' fees associated with their participation in the arbitration unless the decision of the arbitrator shall specify otherwise.

(d) Arbitration Decision. The decision of the majority of the arbitrator(s) shall be final, binding and unappealable. Failure to comply with judgment upon the award entered in such arbitration proceeding shall be deemed a breach of the Compact.

(e) Action to Enjoin a Class III Gaming Activity Conducted in Violation of the Agreement. The parties recognize that the Act at 25 U.S.C. § 2710(d)(7)(A)(ii) provides that the United States District Courts shall have jurisdiction over an action initiated by the State or the Community to enjoin class III gaming activity located on Indian lands and conducted in violation of this Compact.

(a) Status of Class II Gaming. Nothing in this Compact shall be deemed to affect the operation by the Community of any class II gaming as defined in 25 U.S.C. § 2703 (7), whether conducted within or without the Gaming Facilities, or to confer upon the State any jurisdiction over such class II gaming conducted by the Community on its Reservation.

(b) Prohibition on Taxation by the State. Nothing in this Compact shall be deemed to authorize or permit the State or any political subdivision thereof to impose any tax, fee, charge levy or assessment of any kind upon the Community or the Gaming Operation except for the payment of assessments expressly authorized pursuant to Section 12 of this Compact.

(c) Tax Documentation. For purposes of cooperation, the Community agrees to provide the State with a certified copy of the documentation provided to the Internal Revenue Service by the Community indicating gaming winnings of patrons of the Gaming Operation.

in any manner with the Community's selection of its governmental officers including members of the Tribal Gaming Agency.

SECTION 17. AMENDMENTS AND WAIVERS

Subject to the provisions of Section 23 (d), the terms and conditions of this Compact shall not be modified, amended or otherwise altered except by written agreement of the parties and upon approval by the Secretary of the Interior.

SECTION 18. SEVERABILITY

If any part of this Compact is finally found to be in violation of any applicable law by a court of competent jurisdiction, the illegal portion shall be severed from this Compact if possible and the remainder of this Compact shall remain valid and enforceable provided that continuation of the Compact does not alter the fundamental intent of the parties.

- (b) "Distributor" means a person who obtains an electronic game of chance from a manufacturer and who intends to furnish it to the Tribe.
- (c) "Manufacturer" means a person who manufactures, produces, or assembles an electronic game of chance and who intends to furnish it to a distributor or the Tribe.
- (d) "Electronic Game of Chance" means a microprocessor-controlled electronic device which allows a player to play games of chance, some of which are affected by skill, which device is activated by the insertion of a coin or currency, or by the use of a credit and which awards game credits, cash or tokens or prizes of value, and which utilizes a coin drop hopper. Game play may be displayed by:
 - (i) Video facsimile; or
 - (ii) Mechanical rotating reels whereby the software of the device predetermines the stop positions and the presence, or lack thereof, of a winning combination and pay out, if any.

SECTION 2. TESTING AND APPROVAL OF ELECTRONIC GAMES OF CHANCE.

No electronic game of chance may be purchased, leased or otherwise acquired by the Tribe unless:

- (a) The electronic game of chance is purchased, leased or acquired from a manufacturer or distributor licensed by the Tribe and certified by the State to sell, lease or distribute electronic games of chance by the Tribe and

- (b) The electronic game of chance, or a prototype thereof, has been tested, approved and certified by a gaming test laboratory as meeting the requirements and standards of this Compact.

For purposes of this Compact, a gaming test laboratory is a laboratory designated in writing by the Tribe and the State Gaming Agency as competent and qualified to conduct scientific tests and evaluations of electronic games of chance and related equipment. A laboratory operated by or under contract with the State or by or under contract with the States of Minnesota, Nevada, New Jersey, South Dakota, or Wisconsin constitutes a designated gaming test laboratory.

SECTION 3. APPLICATION FOR APPROVAL OF PROTOTYPE ELECTRONIC GAMES OF CHANCE.

In order to obtain the necessary approval and certification, the Tribe shall require that the gaming test laboratory and the State Gaming Agency each be provided with one copy of electronic game of chance illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes and hexadecimal dumps (the compiled computer program represented in base 16 format) and any other necessary prototype information.

SECTION 4. TESTING OF ELECTRONIC GAMES OF CHANCE.

If required by the gaming test laboratory, the Tribe shall require the manufacturer or distributor to transport not more than two working models of the electronic game of chance and related equipment to a location designated by the laboratory for testing, examination and analysis. The Tribe shall require the manufacturer or distributor to pay for any and all costs for the transportation, testing, examination and analysis. The testing, examination and analysis may include the entire dismantling of the electronic games of chance and related equipment and some tests may result in damage or destruction to one or more electronic components of the devices. If required by the laboratory, the Tribe must provide, or require the manufacturer to provide, specialized equipment or the services of an independent technical expert to assist with the testing, examination and analysis.

SECTION 5. REPORT OF TEST RESULTS.

At the conclusion of each test, the laboratory shall provide to the Tribe and

to the State Gaming Agency a certified affidavit that contains findings, conclusions and a determination that the electronic game of chance and related equipment conforms or fails to conform to the technical requirements and standards set forth in this Compact. If modifications can be made which would bring the electronic game of chance or related equipment into compliance, the report may contain recommendations for such modifications.

SECTION 6. MODIFICATIONS OF APPROVED ELECTRONIC GAMES OF CHANCE.

No modification to the assembly or operational functions of any electronic game of chance or related equipment may be made after testing and installation unless the gaming test laboratory certifies to the Tribe and the State Gaming Agency that the modified electronic game of chance conforms to the standards of this Compact. All proposed modifications shall be described in a written request made to the State Gaming Agency and the Tribe, which contains information describing the modification, the reason therefor and all documentation required by the laboratory. If the State Gaming Agency and the Tribal Gaming Agency agree that a modification is warranted, the documentation shall be forwarded to the gaming test laboratory. The State Gaming Agency and Tribal Gaming Agency will jointly agree to a temporary certification of the modifications for up to 15 days pending compliance with this Section.

SECTION 7. CONFORMITY TO TECHNICAL STANDARDS.

The Tribe shall require the manufacturer or distributor to certify, in writing, that, upon installation, each electronic game of chance:

- (a) Conforms precisely to the exact specifications of the electronic game of chance prototype tested and approved by the gaming test laboratory; and
- (b) Operates and plays in accordance with the technical standards set forth in this Compact.

A copy of the certification document shall be forwarded to the State Gaming Agency.

SECTION 8. REPORTS TO TRIBE AND STATE GAMING AGENCY.

- (a) Installation and Operation. Prior to installation of an electronic game of chance, the manufacturer or distributor

shall report in writing to the Tribe and the State Gaming Agency the following information for each electronic game of chance, including, but not limited to:

- (i) The type of electronic game of chance;
 - (ii) The game's serial number;
 - (iii) The game's manufacturer;

 - (B) Coin-in tilt and reverse coin-in tilt.
 - (C) Hopper empty, hopper jam, or hopper runaway/malfunction.

- (h) **Repairs and Service.** A licensed and certified agent or employee of the Tribe may open the gaming cabinet to effect repairs and service, but shall do so only in the presence of an authorized agent or inspector of the Tribal Gaming Agency.
- (i) **Microprocessor Compartment.** The compartment containing the microprocessor-controlled device within the cabinet of the electronic game of chance must be locked and sealed and unlocked by a different key than the key which unlocks the cabinet or cash compartment. The compartment may only be opened in the presence of an authorized agent of the Tribal Gaming Agency. The key to the microprocessor compartment shall be kept by the Tribe in a secure place.
- (j) **Access to Cabinet.** A log shall be maintained disclosing the identity of all persons accessing the gaming device cabinet or microprocessor compartment, including the date, time and reason for entry.
- (k) **Secure Electronic Components.**
 - (i) Logic Boards and EPROM chips and other logic control components shall be located in a separate compartment within the electronic game of chance and that compartment shall be sealed and locked with a different key or combination than that used for the main cabinet door and cash compartment.
 - (ii) Upon installation, the Tribe shall affix or cause to be affixed to the EPROM chip of each electronic game of chance a strip of security tape, capable of evidencing the removal of the EPROM chip if the EPROM chip is removed from the circuit board. Cash compartment keys must be kept in a secure location. Except as provided in this section, the compartment in which the inserted coins and bills are deposited shall be locked at all times. An employee or official of the Tribe may open the cash compartment in the gaming cabinet for the purpose of collecting the accumulated cash. The person collecting the accumulated cash shall record the amount collected.

- (m) Hardware Switches or Hardware Modification of Pay Tables or Payouts Prohibited. Hardware switches may be installed to control the machine's sound.
- (n) Operation as Part of a Network. The hardware requirements of this Section shall not be construed to prevent the operation of the electronic game of chance as part of a network within the Tribal Gaming Facility, or between the two Gaming Facilities within the Fort McDowell Mohave-Apache Reservation, with an aggregate prize or prizes; provided that an electronic game of chance capable of bi-directional communication with external associated equipment must utilize communication protocol which insures that erroneous data or signals will not adversely affect the operation of the game. The operation of the local network must be approved by the independent gaming test laboratory.
- (o) Identification Plates Required. Each electronic game of chance shall have an unremovable identification plate on the exterior of the cabinet which contains the following information:
 - (i) Manufacturer;

SECTION 10. SOFTWARE REQUIREMENTS FOR ELECTRONIC GAMES OF CHANCE.

Electronic Games of chance must meet with following specification:

(a) Software Requirements for Randomness Testing. Each electronic game of chance must have a true random number generator which will determine the occurrence of a specific symbol or a specific number to be displayed on the video screen where such symbol, card, or number is wholly or partially determinative of the outcome of a game. A selection process will be considered random if:

(i) Chi-Square Analysis.

Each symbol, card, stop position or number position which is wholly or partially determinative of the outcome of a game, satisfies the 99 percent confidence limit using the standard chi-square analysis.

(ii) Runs Test.

Each symbol, card, stop position or number does not as a significant statistic produce predictable patterns of game elements or occurrences. Each symbol, card, stop position or number will be regarded as random if it meets the 99 percent confidence level with regard to the "runs test" or any generally accepted pattern testing statistic.

(iii) Correlation Analysis.

Each symbol, card, stop position or number is independently chosen without regard for any other symbol, card or number drawn within that game play. Each pair of symbol, card or number positions is considered random if it meets the 99 percent confidence level using standard correlation analysis.

(iv) Serial Correlation Analysis.

Each symbol, card, stop position or number is independently chosen without reference to the

same symbol, card, stop position or number in the previous game. Each symbol, card, stop position or number position is considered random if it meets the 99 percent confidence level using standard serial correlation analysis.

(v) Live game correlation.

Video games of chance that are representative of live gambling games must fairly and accurately depict the play of the live game.

(b) Software Requirements for Percentage Payout.

Each electronic game of chance must meet the following maximum and minimum theoretical percentage pay out during the expected lifetime of the game.

(i) Games Not Affected by Player Skill.

Electronic games of chance with game outcomes not affected by player skill shall pay out a minimum of 80 percent and not more than 100 percent of the amount wagered, including replays. The theoretical payout percentage will be determined using standard methods of probability theory. For the video game of keno, the theoretical payout percentage requirements apply to each number of spots marked, but in no instance less than 75 percent for each wager.

(ii) Games That Are Affected by Player Skill.

Electronic games of chance that are affected by player skill, such as draw poker and blackjack, shall payout a minimum of 83 percent and no more than 100 percent of the amount wagered, including replays. This standard is met when using a method of play which will provide the greatest return to the player over a period of continuous play.

(c) Minimum Probability Standard for Maximum Payout.

Each electronic game of chance must have a probability of obtaining the maximum payout which is greater than 1 in 17,000,000 (ONE IN SEVENTEEN MILLION) for each play.

(d) Software Requirements for Continuation of Game After Malfunction.

Each electronic game of chance must be capable of continuing the current game with all current game features after a game malfunction is cleared automatically or by an attendant. This provision does not apply if a game is rendered totally inoperable; however, the current wager and all player credits prior to the malfunction must be returned to the player.

(e) Software Requirements for Play Transaction Records.

Each game shall maintain electronic accounting meters. Such meters shall be maintained at all times, whether or not the game is being supplied with external power. The following information must be recorded and stored on meters:

- (i) Total number of coins or tokens inserted (the meter must count the total number of coins or tokens, or the equivalent value if a bill acceptor is used which are inserted by the players) (the "In Meter");
- (ii) Number of coins or tokens automatically paid directly by the machine to the patron (the "Out Meter");
- (iii) Number of coins or tokens plus the value of any currency dropped into the machine's Drop Bucket (the "Drop Meter");
- (iv) Number of coins or tokens or value of amounts required to be paid manually to winning patrons not including the value of an aggregate prize or prizes which may be awarded under Section 9(m). (the "Manual Jackpot Meter");
- (v) Number of coins or tokens or value of amounts or credits that have been paid to a patron in the last complete valid game, which shall be displayed visibly on the front of the machine (the "Win Meter");
- (vi) Number of coins, tokens or credits wagered in the current game;

(vii) Number of coins, tokens or credits wagered in the last complete, valid game; and

(viii) Number of cumulative credits representing credits won and money or tokens inserted by a player but not collected (commonly referred to as the "Credit Meter").

(f) No Automatic Clearing of Accounting Meters.

No electronic game of chance shall have a mechanism or program which will cause the electronic accounting meters to automatically clear. The electronic accounting meters may be cleared only after written records of the readings before and after the clearing process are taken by the Tribe, which shall also record the reason the meter was cleared.

SECTION 11. NON-COMPLYING ELECTRONIC GAMES OF CHANCE.

(a) Prohibition. All electronic games of chance operated in violation of this Compact shall be deemed to be non-complying electronic games of chance and are hereby prohibited.

(b) Definition. The following are declared to be non-complying games:

(i) All electronic games of chance operated in violation of this Compact;

(ii) All electronic games of chance to which State Gaming Agency personnel have been denied access for inspection purposes;

(iii) All electronic games of chance not reported as required under Section 8 of these Standards.

(c) Demand for Remedies for Non-Complying Games. Electronic games of chance found to be non-complying shall be so designated in writing by the State Gaming Agency. Within five days of receipt of such written designation, the Tribe shall either:

(i) Accept the allegation of non-compliance, remove

the games from play and take appropriate action to ensure that the Tribe, the manufacturer, distributor or other responsible person cures the problem; or

- (ii) Arrange for the inspection of the contested equipment, or single example thereof, by a mutually agreed upon independent gaming test laboratory. Any contested electronic game of chance shall be removed from play until such game has been found by the independent laboratory to be in compliance. If the independent laboratory finds that the game or related equipment is non-complying, the non-complying game and related equipment shall be permanently removed from play unless modified to meet the requirements of this Compact. Such games and related equipment removed from play under this paragraph may be returned to play only after tested, approved and certified as provided under Section 2 and reported to the State Gaming Agency as provided under Section 8 of these Standards.
