RECEIVED
NATIONAL INDIAN
GAMING COMMISSION
98 SEP 25 PM 1:28

Dear President Makil:

On August 21, 1998, we received the Compact between the Salt River Pima-Maricopa Indian Community (Tribe) and the State of Arizona (State), dated August 18, 1998. We have completed our review of this Compact and conclude that it does not violate the Indian Gaming Regulatory Act of 1988 (IGRA), Federal law, or our trust responsibility. Therefore, pursuant to delegated authority and Section 11 of IGRA, we approve the Compact. The Compact shall take effect when the notice of our approval, pursuant to Section 11 (d)(3)(B) of IGRA, 25 U.S.C. § 2710(d)(3)(B), is published in the FEDERAL REGISTER.

Notwithstanding our approval of the Compact, Section 11(d)(1) of IGRA, 25 U.S.C. § 2710(d)(1), requires that tribal gaming ordinances be approved by the Chairman of the National Indian Gaming Commission (NIGC). Regulations governing approval of Class II and Class III gaming ordinances are found in 25 C.F.R. §§ 501.1-577.15 (1997). Pursuant to IGRA and the regulations, even previously existing gaming ordinances must be submitted to the NIGC for approval when requested by the Chairman. The Tribe may want to contact the NIGC at (202) 632-7003 for further information to determine when and how to submit the ordinance for approval by the NIGC.

In addition, if the Tribe enters into a management contract for the operation and management of the Tribe's gaming facility, the contract must likewise be submitted to, and approved by the Chairman of the NIGC pursuant to

Section 11(d)(9) of IGRA, 25 U.S.C. § 2710(d)(9) and the NIGC's regulations governing management contracts. The Tribe may want to contact the NIGC for information on submitting the ordinance and the management contract for approval by the NIGC.

We wish the Tribe and the State success in their economic venture.

Sincerely,

/s/ Kevin Gover

- (1) The parties shall attempt to agree upon one arbitrator with expertise in the subject matter of the dispute.
- (2) If the parties are unable to agree on an arbitrator, each party shall select an arbitrator within ten (10) days of the commencement of the arbitration and the two (2) arbitrators shall mutually appoint a third arbitrator within twenty (20) days of their appointment. If the two (2) arbitrators are unable to agree on the appointment of a third arbitrator within twenty (20) days, the third arbitrator shall be appointed by the American Arbitration Association.
- (3) The arbitrator(s) shall confer with the parties immediately after appointment to determine an arbitration schedule including whether and to what extent discovery is required. The arbitrator(s) may set the matter for an evidentiary hearing or oral argument, or may dispose of the dispute based upon written submissions only.

(e) Arbitration Costs. The cost of arbitration shall be borne equally by the parties, with one-half of the expenses charged to the Tribe and one-half charged to the State. The parties shall bear their own costs and attorneys' fees associated with their participation in the arbitration unless the decision of the arbitrator shall specify otherwise.

(f) Arbitration Decision. The decision of the majority of the arbitrator(s) shall be final, binding and unappealable. Failure to comply with judgment upon the award entered in such arbitration proceeding shall be deemed a breach of the Compact.

(g) Action to Enjoin a Class III Gaming Activity Conducted in Violation of the Agreement. The parties recognize that the Act provides at 25 U.S.C. § 2710(d)(7)(A)(ii) that the United States District Courts shall have jurisdiction over an action initiated by the State or the Tribe to enjoin a Class III Gaming activity located on Indian Lands and conducted in violation of this Compact.

This Compact shall not apply to any Class I or Class II Gaming whether conducted within or without the Gaming Facilities, and shall not confer upon the State any jurisdiction or other authority over such Class I or Class II gaming conducted by the Tribe on Indian Lands.

(b) Prohibition on Taxation by the State. Nothing in this Compact shall be deemed to authorize or permit the State or any political subdivision thereof to impose any tax, fee, charge or assessment upon the Tribe or any Gaming Operation of the Tribe, except for the payment of expenses as provided in Section 12 of this Compact.

(c) Preservation of Tribal Self-Government. Nothing in this Compact shall divest or diminish the sovereign governmental authority of either the Tribe or the State.

(d) Use of Net Revenues. The net revenues derived from Class III Gaming authorized under this Compact shall be used by the Tribe for the purposes permitted under the Act.

The State and the Community agree to execute an acknowledgement that this condition has been satisfied after all such Compacts have been executed.

(2) Subject to the provisions of Section 23 (a)(1) above, this Compact shall become effective upon the date of publication in the Federal Register of the notice of approval of this Compact by the Secretary of the Interior.

(b) Duration.

(1) This Compact shall be in effect for a term of ten (10) years after the effective date.

automatically extended for terms of five (5) years, unless either party serves written notice of nonrenewal on the other party not less than one hundred eighty (180) days prior to the expiration of the original term of this Compact or any extension thereof.

- (3) In the event written notice of nonrenewal is given by either party as set forth in this Section, the Tribe shall cease all Class III Gaming under this Compact upon its expiration date, unless extended by mutual agreement, or upon the date the procedures in subsection (5) of this Section are concluded and a successor Compact, if any, is not in effect.
- (4) The Tribe may operate Class III Gaming only while this Compact, or any extension thereof under this Section, is in effect.
- (5) In the event that written notice of nonrenewal of this Compact is given by one of the parties under subsection (2) of this Section above, the Tribe may, pursuant to the procedures of the Act, request the State to enter into negotiations for a successor Compact governing the conduct of Class III Gaming Activities to become effective following the expiration of this Compact. Thereafter the State shall negotiate with the Tribe in good faith concerning the terms of a successor Compact pursuant to 25 U.S.C. § 2710(d)(3)(A). (d) Enforceability.

- (1) The State and the Tribe voluntarily enter into this Compact pursuant to 25 U.S.C. § 2710 (d)(3)(B). Furthermore the State abandons any argument it may have had under the Tenth Amendment to the United States Constitution that its execution of this Compact was coerced.
- (2) In the event that federal law changes to prohibit the gaming authorized by this Compact, the State may seek, in a court of competent jurisdiction, a declaration that this Compact is invalid.
- (3) This Compact shall remain valid and enforceable against the State and the Tribe unless or until it is held to be invalid in a final non-appealable judgment or order of a court of competent jurisdiction.

TECHNICAL STANDARDS FOR
ELECTRONIC GAMES OF CHANCE

TECHNICAL STANDARDS FOR ELECTRONIC GAMES OF CHANCE

SECTION 1. DEFINITIONS

For the purposes of this Compact:

- (a) "Credit" means the smallest unit of value that may be used to play a game on an electronic game of chance or that may be redeemed in currency.
- (b) "Distributor" means a person who obtains an electronic game of chance from a manufacturer and who intends to furnish it to the Tribe.
- (c) "Manufacturer" means a person who manufactures, produces, or assembles an electronic game of chance and who intends to furnish it to a distributor or the Tribe.
- (d) "Electronic Game of Chance" means a microprocessor-controlled electronic device which allows a player to play games of chance, some of which are affected by skill, which device is activated by the insertion of a coin, currency, tokens or by the use of a credit and which awards game credits, cash or tokens or prizes of value, replays or a receipt that can be redeemed by the player for any of the foregoing. Game play may be displayed by:
 - (i) Video facsimile; or
 - (ii) Mechanical rotating reels whereby the software of the device predetermines the stop positions and the presence, or lack thereof, of a winning combination and payout, if any.
- (e) "Progressive Jackpot" means an electronic game of chance payoff that increases automatically over time or as the machine or another is played.
- (f) "Base Amount" means the amount of the progressive jackpot initially offered before it increases.
- (g) "Incremental amount" means the difference between the amount of a progressive jackpot and its base amount.

SECTION 2. TESTING AND APPROVAL OF ELECTRONIC GAMES OF CHANCE.

No electronic game of chance may be purchased, leased or otherwise acquired by the Tribe unless:

- (a) The electronic game of chance is purchased, leased or acquired from a manufacturer or distributor licensed by the Tribe and certified by the State to sell, lease or distribute electronic games of chance to the Tribe, and

- (b) The electronic game of chance, or prototype thereof, has been tested, approved and certified by a gaming test laboratory as meeting the requirements and standards of this Compact.

For purposes of this Compact, a gaming test laboratory is a laboratory designated in writing by the Tribe and the State Gaming Agency as competent and qualified to conduct scientific tests and evaluations of electronic games of chance and related equipment. A laboratory operated by or under contract with the State or by or under contract with the States of Minnesota, Montana, Nevada, New Jersey, South Dakota, or Wisconsin constitutes a designated gaming test laboratory.

SECTION 3. APPLICATION FOR APPROVAL OF PROTOTYPE ELECTRONIC GAMES OF CHANCE.

In order to obtain the necessary approval and certification, the Tribe shall require that the gaming test laboratory and the State Gaming Agency each be provided with one copy of electronic game of chance illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes and hexadecimal dumps (the compiled computer program represented in base 16 format) and any other necessary prototype information.

SECTION 4. TESTING OF ELECTRONIC GAMES OF CHANCE.

If required by the gaming test laboratory, the Tribe shall require the manufacturer or distributor to transport not more than two working models of the electronic game of chance and related equipment to a location designated by the laboratory for testing, examination and analysis. The Tribe shall require the manufacturer or distributor to pay for any and all costs for the transportation, testing, examination and analysis. The testing, examination and analysis may include the entire dismantling of the electronic games of chance and related equipment and some test may result in damage or destruction to one or more electronic components of the devices. If required by the laboratory, the Tribe must provide, or require the manufacturer to provide, specialized equipment or the services of an independent technical expert to assist with the testing, examination and analysis.

SECTION 5. REPORT OF TEST RESULTS.

At the conclusion of each test, the laboratory shall provide to the tribe and to the State Gaming Agency a certified affidavit that contains findings, conclusions and a determination that the electronic game of chance and related equipment conforms or fails to conform to the technical requirements and standards set forth in this Compact. If modifications can be made which would bring the electronic game of chance or related equipment into compliance, the report may contain recommendations for such modifications.

SECTION 6. MODIFICATIONS OF APPROVED ELECTRONIC GAMES OF CHANCE.

No modification to the assembly or operational functions of any electronic game of chance or related equipment may be made after testing and installation unless the gaming test laboratory certifies to the Tribal Gaming Office and the State Gaming Agency that the modified electronic game of chance conforms to the standards of this Compact. All proposed modifications shall be described in a written request made to the State Gaming Agency and the Tribal Gaming Office, which contains information describing the modification, the reason therefor and all documentation required by the laboratory. If the State Gaming Agency and the Tribal Gaming Office agree that a modification is warranted, the documentation shall be forwarded to the gaming test laboratory. The State Gaming Agency and the Tribal Gaming Office will jointly agree to a temporary certification of the modifications for up to 15 days pending compliance with this Section.

SECTION 7. CONFORMITY TO TECHNICAL STANDARDS.

The Tribe shall require the manufacturer or distributor to certify, in writing, that, upon installation, each electronic game of chance:

- (a) Conforms precisely to the exact specifications of the electronic game of chance prototype tested and approved by the gaming test laboratory; and
- (b) Operates and plays in accordance with the technical standards set forth in this Compact.

A copy of the certification document shall be forwarded to the State Gaming Agency.

SECTION 8. REPORTS TO TRIBE AND STATE GAMING AGENCY.

 - (B) Coin-in tilt and reverse coin-in tilt.

(C) Hopper empty, hopper jam, or hopper runaway/malfunction.

- (h) Repairs and Service. A licensed and certified agent or employee of the Tribe may open the gaming cabinet to effect repairs and service, but shall do so only in the presence of an authorized agent or inspector of the Tribal Gaming Office or after notifying the closed circuit television surveillance room. The Tribe shall make available upon request a licensed and certified agent or employee of the Tribe to assist with the removal and replacement of EPROM's for the compliance testing of electronic games of chance by the State Gaming Agency.
- (i) Microprocessor Compartment. The compartment containing the microprocessor-controlled device within the cabinet of the electronic game of chance must be locked and sealed and unlocked by a different key than the key which unlocks the cabinet or cash compartment. The compartment may only be opened in the presence of an authorized agent of the Tribal Gaming Office. The key to the microprocessor compartment shall be kept by the Tribe in a secure place.
- (j) Access to Cabinet. A log shall be maintained disclosing the identity of all persons accessing the gaming device cabinet or microprocessor compartment, including the date, time and reason for entry.

The security tape shall be secured and available only to the authorized personnel of the Tribal Gaming Office. The Tribe and the State Gaming Agency shall maintain accurate and complete records of the identification number of each EPROM chip installed in each electronic game of chance.
- (l) Secure Cash Compartment. The coin and currency compartment shall be locked separately from the main cabinet area, and secured with a different key or combination than used for the main cabinet door, except that a separate cash compartment shall not be required for coins necessary to pay prizes in a machine which pays prizes through a drop hopper as permitted in this Section. Cash compartment keys must be kept in a secure location. Except as provided in this section, the compartment in which the inserted coins and bills are deposited shall be locked at all times. An employee or an official of the Tribe may open the cash compartment in the gaming cabinet for the purpose of collecting the accumulated

cash. The person collecting the accumulated cash shall record the amount collected.

- (m) Hardware Switches or Hardware Modification of Pay Tables or Payouts Prohibited. No hardware switches (DIP Switches) may be installed on an electronic game of chance or on any associated equipment which may alter the pay tables or payout percentages in the operation of the gaming device. Hardware switches may be installed to control the machine's sound, screen color and game speed.
- (n) Operation as Part of a Network. The hardware requirements of this Section shall not be construed to prevent the operation of the electronic game of chance as part of a network within the Tribal Gaming Facility, or between the Gaming Facilities on Tribal Lands, with an aggregate prize or prizes; provided that an electronic game of chance capable of bi-directional communication with external associated equipment must utilize communication protocol which insures that erroneous data or signals will not adversely affect the operation of the game. The operation of the local network must be approved by the independent gaming test laboratory.
- (o) Identification Plates Required. Each electronic game of chance shall have an unremovable identification plate on the exterior of the cabinet which contains the following information:
 - (i) Manufacturer;
 - (ii) Serial Number;
 - (iii) Model Number;

SECTION 10. REQUIREMENTS FOR PROGRESSIVE ELECTRONIC GAMES OF CHANCE.

- (a) A meter that shows the amount of the progressive jackpot must be conspicuously displayed at or near the machines to which the jackpot applies. At least once a day each Tribe shall record the amount shown on each progressive jackpot meter at the Tribe's gaming facility except for those jackpots that can be paid directly from the machine's hopper. Explanations for meter reading decreases must be maintained with the progressive meter reading sheets, and where payment of a jackpot is the explanation for a decrease, the Tribe shall record the jackpot payout form number on the progressive meter reading sheets or have a number reasonably available. Each Tribe shall record the base amount of each progressive jackpot that the Tribe offers.

- (b) A Tribe may limit a progressive jackpot to an amount that is equal to or greater than the amount of the jackpot when the limit is imposed. The Tribe shall post a conspicuous notice of the limit at or near the machine or machines to which the limit applies.
- (c) A Tribe shall not reduce the amount displayed on a progressive jackpot meter or otherwise reduce or eliminate a progressive jackpot unless:
 - (i) A player wins the jackpot;
 - (ii) The Tribe adjusts the progressive jackpot meter to correct a malfunction or to prevent the display of an amount greater than a limit imposed pursuant to subsection (b) above, and the Tribe documents the adjustment and the reasons for it as follows:
 - (A) The Tribe documents the distribution;
 - (B) Any machine offering the jackpot to which the Tribe distributes the incremental amount does not require that more money be played on a single play to win the jackpot than the machine from which the incremental amount is distributed;
 - (C) Any machine offering the jackpot to which the incremental amount is distributed complies with the minimum theoretical payout requirement of Section 11(b);
 - (D) The distribution is completed within 30 days after the progressive jackpot is removed from play.
 - (iv) Upon presentation of exceptional circumstances to the State Gaming Agency, and by mutual agreement, the Tribe may reduce, eliminate, distribute, or follow a procedure not otherwise described in this subsection.
- (d) The Tribe shall preserve the records required by this section for two years following the expiration date of this Compact.

SECTION 11. SOFTWARE REQUIREMENTS FOR ELECTRONIC GAMES OF CHANCE.

Electronic games of chance must meet the following specification:

- (a) Software Requirements for Randomness Testing. Each electronic game of chance must have a true random number generator which will determine the occurrence of a specific symbol or a specific number to be displayed on the video screen where such symbol, card, or number is wholly or partially determinative of the outcome of the game. A selection process will be considered random if:

(i) Chi-Square Analysis.

Each symbol, card, stop position or number position which is wholly or partially determinative of the outcome of a game, satisfies the 99 percent confidence limit using the standard chi-square analysis.

(ii) Runs Test.

Each symbol, card, stop position or number does not as a significant statistic, produce predictable patterns of game elements or occurrences. Each symbol, card, stop position or number will be regarded as random if it meets the 99 percent confidence level with regard to the "runs test" or any generally accepted pattern testing statistic.

(iii) Correlation Analysis.

Each symbol, card, stop position or number is independently chosen without regard for any other symbol, card or number drawn within that game play. Each pair of symbol, card or number positions is considered random if it meets the 99 percent confidence level using standard correlation analysis.

(iv) Serial Correlation Analysis.

Each symbol, card, stop position or number is independently chosen without reference to the same symbol, card, stop position or number in the previous game. Each symbol, card, stop position or number position is considered random if it meets the 99 percent confidence level using standard serial correlation analysis.

(v) Live Game Correlation.

Video games of chance that are representative of live gambling games must fairly and accurately depict the play of the live game.

(b) Software Requirements for Percentage Payout. Each electronic game of chance must meet the following maximum and minimum theoretical percentage payout during the expected lifetime of the game.

(i) Games Not Affected by Player Skill.

Electronic games of chance with game outcomes not affected by player skill shall payout a minimum of 80 percent and not more than 100 percent of the amount wagered, including replays. The theoretical payout percentage will be determined using standards methods of probability theory. For the video game of keno, the theoretical payout percentage requirements apply to each number of spots marked, but in no instance less than 75 percent for each wager.

(ii) Games That Are Affected by Player Skill.

Electronic games of chance that are affected by player skill, such as draw poker and blackjack, shall payout a minimum of 83 percent and no more than 100 percent of the amount wagered, including replays. This standard is met by using a method of play which will provide the greatest return to a player over a period of continuous play.

(c) Minimum Probability Standard for Maximum Payout. Each electronic game of chance must have a probability of obtaining the maximum payout which is greater than 1 in 17,000,000 (ONE IN SEVENTEEN MILLION) for each play.

(d) Software Requirements for Continuation of Game After Malfunction. Each electronic game of chance must be capable of continuing the current game with all current game features after a game malfunction is cleared automatically or by an attendant. This provision does not apply if a game is rendered totally inoperable; however, the current wager and all player credits prior to the malfunction must be returned to the player after verification of those amounts by the Tribe.

(e) Software Requirements for Play Transaction Records. Each game shall maintain electronic accounting meters. Such meters shall be maintained at all times, whether or not the game is being supplied with external power. The following information must be recorded and stored on meters:

- (i) Total number of coins or tokens inserted (the meter must count the total number of coins or tokens, or the equivalent value if a bill acceptor is used inserted by the players) (the "In Meter");
- (ii) Number of coins or tokens automatically paid directly by the machine to the patron (the "Out Meter");
- (iii) Number of coins or tokens plus the value of any currency dropped into the machine's Drop Bucket (the "Drop Meter");
- (iv) Number of coins or tokens or value of amounts required to be paid manually to winning patrons not including the value of an aggregate prize or prizes which may be awarded under Section 9(n). (the "Manual Jackpot Meter");
- (v) Number of coins or tokens or value of amounts or credits that have been paid to a patron in the last complete valid game, which shall be displayed visibly on the front of the machine (the "Win Meter");
- (vi) Number of coins, tokens or credits wagered in the current game;
- (vii) Number of coins, tokens or credits wagered in the last complete, valid game; and

(viii) Number of cumulative credits representing credits won and money or tokens inserted by a player but not collected (commonly referred to as the "Credit Meter").

(f) No Automatic Clearing of Accounting Meters. No electronic game of chance shall have a mechanism or program which will cause the electronic accounting meters to automatically clear. The electronic accounting meters may be cleared only after written records of the readings before and after the clearing process are taken by the Tribe, which shall also record the reason the meter was cleared.

SECTION 12. NON-COMPLYING ELECTRONIC GAMES OF CHANCE.

(a) Prohibition. All electronic games of chance operated in violation of this Compact shall be deemed to be non-complying electronic games of chance and are hereby prohibited.

(b) Definition. The following are declared to be non-complying games:

(i) All electronic games of chance operated in violation of this Compact;

(ii) All electronic games of chance to which State Gaming Agency personnel have been denied access for inspection purposes;

(iii) All electronic games of chance not reported as required under Section 8 of these Standards.

(c) Demand for Remedies for Non-Complying Games. Electronic games of chance found to be non-complying shall be so designated in writing by the State Gaming Agency. Within 24 hours of receipt of such written designation, the Tribe shall either:

(i) Accept the allegation of non-compliance, remove the games from play and take appropriate action to ensure that the Tribe, the manufacturer, distributor or other responsible person cures the problem; or

(ii) Arrange for the inspection of the contested equipment, or single example thereof, by a mutually agreed upon independent gaming test laboratory. Any contested electronic game of chance shall be removed from play until such game has been found by the independent laboratory to be in compliance. If the independent laboratory finds that the game or related equipment is non-complying, the non-complying game and related equipment shall be permanently removed from play unless modified to meet the requirements of this Compact. Such games and related equipment removed from play under this paragraph may be returned to play only after being tested, approved and certified as provided under Section 2, and

reported to the State Gaming Agency as provided under Section 8, of these Standards.
