

United States Department of the Interior

OFFICE OF THE SECRETARY
Washington, D.C. 20240

Honorable Floyd E. Leonard
Chief, Miami Tribe of Oklahoma
202 South Eight Tribes Trail
P.O. Box 1326
Miami, Oklahoma 74355

Dear Chief Leonard:

On December 18, 1995, we received the Compact between the Miami and Modoc Tribes of Oklahoma (Tribe) and the State of Oklahoma (State), dated September 5, 1995. We have completed our review of this Compact and conclude that it does not violate the Indian Gaming Regulatory Act of 1988 (IGRA), Federal law or our trust responsibility. Therefore, pursuant to my delegated authority and Section 11 of the IGRA, we approve the Compact. The Compact shall take effect when the notice of our approval, pursuant to Section 11 (d)(3)(B) of IGRA, 25 U.S.C. § 2710(d)(3)(B), is published in the FEDERAL REGISTER.

Notwithstanding our approval of the Compact, Section 11(d)(1) of the IGRA, 25 U.S.C. § 2710(d)(1), requires that tribal gaming ordinances be approved by the Chairman of the National Indian Gaming Commission (NIGC). Regulations governing approval of Class II and Class III gaming ordinances are found in 25 CFR §§ 501.1-577.15 (1994). Pursuant to the IGRA and the regulations, even previously existing gaming ordinances must be submitted to the NIGC for approval when requested by the Chairman. The Tribe may want to contact the NIGC at (202) 632-7003 for further information to determine when and how to submit the ordinance for approval by the NIGC.

Furthermore, we note that the Compact includes a reference to the sale of alcoholic beverages. The possession or sale of liquor in Indian Country is a violation of Federal criminal laws (18 U.S.C. § 1154) unless it is done in accordance with an ordinance certified by the Secretary and published in the FEDERAL REGISTER (18 U.S.C. § 1161). Neither the Miami Tribe of Oklahoma nor the Modoc Tribe of Oklahoma have a certified liquor ordinance. Secretarial certification of such an ordinance must be obtained and published prior to the selling of liquor in Indian Country. The Tribe may want to contact the Muskogee Area Office for assistance and information on the requirements for certification of the ordinance.

96012300010

In addition, if the Tribe enters into a management contract for the operation and management of the Tribe's gaming facility, the contract must likewise be submitted to, and approved by the Chairman of the NIGC pursuant to Section 11(d)(9) of the IGRA, 25 U.S.C. § 2710(d)(9) and the NIGC's regulations governing management contracts. The Tribe may want to contact the NIGC for information on submitting the ordinance and the management contract for approval by the NIGC.

We wish the Tribe and the State success in their economic venture.

Sincerely,

Ada E. Deer
Assistant Secretary - Indian Affairs

SECTION 1. TITLE

This document shall be referred to as "The Miami-Modoc Tribes of Oklahoma-State of Oklahoma Gaming Compact."

SECTION 2. DECLARATIONS

As the basis for this Compact the Tribes and the State have made the following declarations:

(a) A principal goal of Federal Indian policy is to promote tribal economic development, tribal self-determination and strong tribal government;

(b) The State recognizes the positive impact that gaming may provide to the Tribes. The Tribes will utilize revenues generated by gaming to fund programs that provide important governmental services to tribal members and Indian Country residents. These programs include education, health and human resources, housing development, road construction and maintenance, sewer and water projects, police, fire and judicial services, economic development,

and any other purpose authorized under the Act.

(c) The State further recognizes that the positive economic effects of such gaming may extend beyond tribal lands to the Tribes' neighbors and surrounding communities. These economic benefits, which include increased tourism and related economic development activities, will generally benefit all of north central Oklahoma and help to foster mutual respect and understanding among Indians and non-Indians.

(d) The Tribes and the State jointly wish to protect their citizens from any criminal involvement in the gaming activities regulated under this compact.

(e) This compact is intended to assure that gaming is conducted fairly and honestly by the Tribes, its employees and the players.

(f) The Compact shall govern the licensing, regulation, and operation of Class III gaming conducted by the Tribes on tribal lands located within the State as further described in Section 3(F) herein.

SECTION 3. AUTHORIZED CLASS III GAMING.

Subject to the terms and conditions of this Compact, the Tribes may conduct the following types of Class III gaming.

(A) Off-Track Pari-Mutuel Simulcast Horse Wagering which is conducted in conformity with this compact and with Appendix A.

(1) Compliance with Federal Law. All Off-Track Pari-Mutuel Simulcast Horse Wagering under this compact shall be conducted pursuant to all federal laws, including but not limited to the

Interstate Horse Racing Act.

(B) Prohibition on Attendance of Minors. No person under 21 years of age shall be admitted into a gaming area, nor be permitted to place any wager, directly or indirectly; provided, however, that persons over the age of 18 may be employed in the gaming facility provided that they are approved in accordance with the provisions of Section 9 of this Compact and are not employed in the service of alcoholic beverages.

(C) Alcoholic Beverages. The Tribes and/or any licensee of the Tribes shall comply with all applicable local, state and federal laws relating to the sale and consumption of alcoholic beverages in Miami and/or Modoc gaming facilities and shall have, upon approval by ABLE, all the rights and liabilities of an ABLE licensee conducting its business off Indian Country. The Oklahoma Alcoholic Beverage Laws Enforcement Commission shall have the same authority over activities relating to the sale and consumption of alcoholic beverages in Miami or Modoc gaming facilities as it would over a licensee not on Indian Country. The Tribes and/or any licensee of the Tribes shall comply with all state taxing requirements with regard to the sale of alcoholic beverages including but not limited to, the filing of all necessary reports with the Oklahoma Tax Commission. The Tribes and/or any licensee of the Tribes shall in all respects conduct its operation as would a licensee of the Alcohol Beverage Law Enforcement commission which is not located on Indian Country. The Tribes expressly waive, for themselves and for any licensee of the Tribes, its immunity from suit and liability in

regard to the failure of the Tribes to pay applicable taxes on the sale of alcohol by the Tribes and for any other purpose concerning ABLE regulation of liquor. For any such dispute jurisdiction shall be proper in the appropriate tribal court.

(D) Tort remedies for Patrons and Resolution of Patron Gaming Disputes. In the event of an alleged personal injury or property damage suffered by a patron of the gaming facility, or in the event of a dispute between a patron and the gaming manager regarding the payment of bet or distribution of winnings, the patron may make a claim against the Tribes as follows.

- (1) Any patron having a claim against the Tribes shall present a claim to the Tribes for any appropriate relief including the award of money damages. Claims against the Tribes are to be presented within ninety (90) days of the date the loss occurs. In the event a claim is presented following ninety (90) days after the loss occurs, but within one (1) year after the loss occurs, any judgment in a lawsuit arising from the act which is the subject of the claim shall be reduced by ten (10) percent. A claim against the Tribes shall be forever barred unless notice thereof is presented within one (1) year after the loss occurs. A claim against the Tribes shall be in writing and filed with the appropriate Tribal Chief at the address set out for notices in this Compact. Notices explaining this procedure shall be posted in the gambling facility. Such notices shall explain that this procedure

is the exclusive method of making a tort claim or registering a patron dispute about payment of a bet or distribution of winnings. Such notices shall explain that upon denial of a claim redress must be sought first in the appropriate Tribal Court and shall explain where and how a suit may be filed.

- (2) The written notice of claims to the Tribes shall state the date, time, place and circumstances of the claim, the identity of the tribal or gaming employees if known, the amount of compensation or other relief demanded, the name, address and telephone number of the claimant, and the name, address and telephone number of any agent authorized to settle the claim.
- (3) A claim is deemed denied if the Tribe fails to approve the claim in its entirety within ninety (90) days of receipt, unless the interested parties have reached a settlement before the expiration of that period. A person may not initiate suit against the Tribes unless the claim has been denied in whole or in part. The claimant and the Tribes may continue attempts to settle a claim, however, settlement negotiations do not extend the date of denial.
- (4) No action for any cause arising from personal injury, property damage, or patron gaming dispute shall be maintained unless valid notice has been given and the action is commenced in a court of competent jurisdiction

within 180 days after denial of the claim as set forth herein. Neither the claimant nor the Tribes may extend the time to commence an action by continuing to attempt settlement of the claim.

- (5) Upon the exhaustion of any claim against the Tribes properly filed as provided above, the claimant may pursue an appeal under federal Indian law.

(E) Liability for Damage to Persons and Property. During the term of this compact the Tribes shall maintain Public liability insurance with limits of not less than \$250,000 for any one person and \$2,000,000 for any one occurrence for personal injury, and \$1,000,000 for any one occurrence for property damage. The Tribes' insurance policy shall include an endorsement providing that the insurer may not invoke tribal sovereign immunity up to the limits of the policy set forth above. The Tribes shall indemnify, defend and hold harmless the State, its officers, directors, employees and agents from and against any claims, damages, losses or expenses asserted against or suffered or incurred by the State or its officers, directors, employees and agents (except as may be the result of their own negligence) based upon or arising out of any bodily injury or property damage resulting or claimed to result in whole or in part from any act or omission of the Tribes relating to the inspection of any gaming or gaming related facilities, or any rectification thereon, pursuant to this Compact or tribal ordinances regarding public health, safety and welfare. The Tribes shall provide a defense for the State for any and all claims made

against the OSBI (or other designated State agency) or its employees for their performance of any duties as set out in Sections 7 and 8 of this Compact. COMPUTER SYSTEM ACCESS AND CONTROL

Access to the administrative terminals and its functions is restricted to the Systems Operator. The race book will be connected to the Systems Operator through dedicated telephone lease line. A dual dial-up modem access, which is restricted under lock and key, is available in case the dedicated lease line is out of order. A log will be maintained to document access to the modem. Access to the pari-mutuel clerk terminals is allowed by entering the operator's code and their respective password. Operator's codes and respective passwords for clerks in the book are issued by Systems Operator personnel.

Wager Issuance & Control

All patron wagers will be evidenced on a printed log. All wagers will be monitored by the computer system. A second computer controlled restricted copy is maintained within the computer. The paper stock used to produce the log is stored in a secured restricted area with access only by race book management.

The computer will maintain the following information on the printed log:

1. date;
2. time;
3. horse identification;
4. type of bet;
5. amount of bet; and
6. total take.

The information contained on the printed log is retained in the computer system. A listing of wagers at each station for each day will be generated by the system operator upon request by the book. The OSBI shall be allowed to monitor the computer system either remotely and/or through written records upon a request to monitor made to the Manager.

Wagering/Cashing Procedures

Two draw wagers will be produced that will indicate the time, date, station number, station identification number, and the amount of the opening draw.

Should there be a need to cancel a wager after issuance due to an input error or at the customer's request, this can be accomplished; however, a race wager can only be canceled prior to post time, and only in accordance with the track policy. To cancel a wager, a wager will be voided by canceling the face of the wager and taken out of the system.

Upon presentment of a winning wager by a customer, the wager card shall be inserted into the bar code reader verification and for payment. The system will indicate the station number, the payout amount, and the word "cash" will be branded on the log. All winning wagers paid by clerks are retained in the computer and may be printed upon request. Should the bar code reader fail to read a wager, the system allows the clerk to manually enter the wager number into the terminal and a payout wager stub is generated by the system which indicates the payout amount, station number date and time of payout. All paid winning wagers are sent to race & sport book audit. Pick 6's and Pick 9's winning wagers are paid the later of 48 hours after the last race result is determined or the next banking day, in order to provide time to audit and verify the payouts.

The clerks will be responsible for notifying the Race Supervisors when a Currency Transaction Report (CTR) is required. They will also be responsible for filing IRS Form W-2G and withholding 20% of net winnings when payment is 300 times the bet or more, and in excess of \$1,200.

When the clerks are ready to close a station, they must count, clip, and strap their money. After arriving at the total cash figure, the clerk will generate a cash balancing wager, which prints the total dollar amount of wagers cashed and sold, draws and returns made by the station, the date, time, and net cash turn in. The cash count must be reconciled to the cash balancing wager supervisor. If there is a discrepancy (over or shortage), it must be noted on the two final return wagers, which indicate the time, date, clerk station number, clerk code number, and the final net cash return. The return wagers are signed by the clerk and a supervisor. A security guard will be called to escort the clerk to the cage where they will be counted out and reconciled.

Transfer of Funds to and from the Systems Operator

Income Control personnel will review the daily reconciliation report and compare it to the daily recap and to the actual wagers generated at the race book and cage transfer slips to determine the

net amount due to or from the system operator. Upon agreement of the amount with the Systems Operator, a deposit will be made with the designated bank to fund the account. Systems Operator will initiate the transfer of funds from the Gaming Manager 's bank account to the Systems Operator account or vice versa. The bank will send an advice to the book the following day to provide confirmation of the transfer. Accounting Department personnel, having no incompatible function, will reconcile the bank statement daily.
