DEC 19 1995

Dear Chairman Shaffer:

On November 3, 1995, we received Amendment II to the Tribal-State Gaming Compact (Amendment) for regulation of class III gaming between the Cow Creek Band of Umpqua Tribe of Indians (Tribe) and the State of Oregon (State), dated October 27, 1995. We have completed our review of this Amendment and conclude that it does not violate the Indian Gaming Regulatory Act of 1988 (IGRA), Federal law, or our trust responsibility. Therefore, pursuant to Section 11(d)(8)(A) of the IGRA, 25 U.S.C. § 2710(d)(8)(A) and delegated authority in 209 DM 8.1, we approve the Amendment. The Amendment shall take effect when the notice of our approval, pursuant to Section 11 (d)(3)(B) of IGRA, 25 U.S.C. § 2710(d)(3)(B), is published in the FEDERAL REGISTER.

We wish the Tribe and the State success in their economic venture.

Sincerely,

ever, under the 1978 regulations, was not adequate to meet criterion (b), as the 1978 wording required there be a distinct "community *ved as American Indian*" [emphasis ed]. This wording was removed in 1994 revision of criterion 83.7(b), which now requires only the existence of a distinct community. The regulations continue to require, under criteria 83.7(b) and 83.7(c), that a petitioning group show continuity from time of first sustained contact with Indians until the present. Under the provisions of the revised regulations, the Ramapough Mountain Indians, Inc. has been found to meet criteria 83.7(b) and 83.7(c) for a limited period of time, from 1870 until about 1950. No new evidence concerning criterion 83.7(c) was submitted for the final determination. However, under a revision of the 1994 revised regulations that was designed to reduce the burden of proof on petitioners, it is automatically assumed that when a group meets criterion 83.7(b) with a sufficient level of evidence (endogamy greater than 50 percent; geographically proximate residence of more than 50 percent, etc.), it also will meet criterion 83.7(c) for the same period of time. Based on this linkage between the two criteria, it is determined that the Ramapough Mountain Indians, Inc. has met criterion 83.7(c) for the period 1870–1950. The modifications under the revised regulations do not change the ultimate ruling concerning criteria 83.7(b) and 83.7(c), however, since the requirement of continuous existence as a social community (83.7(b)) and continuous exercise of political influence or authority over the group's members (83.7(c)), from the time of first sustained contact of the historical tribe, or tribes which amalgamated and functioned as a single political entity, with non-Indians until the present, remains in force. Meeting a criterion for a limited period is not sufficient to meet the criterion overall, because of the requirement of continuous existence. No adequate evidence has been submitted to show continuous existence of a community from first sustained contact with non-Indians until 1870, or from 1950 to the present. Therefore, the petitioner does not meet criterion 83.7(b). No new evidence was submitted to show the continuous exercise of political influence or authority within a group from first sustained contact with non-Indians until 1870, or from 1950 to the present. Therefore, the petitioner does not meet criterion 83.7(c).

The Proposed Finding concluded that, "No evidence was found to substantially demonstrate Indian ancestry for the RMI membership which was derived from a historic tribe. It also could not be established that there is any Indian ancestry from isolated Indian individuals, and there is virtually no documentary evidence from historical records for such ancestry." No new evidence was submitted pertaining to criterion 83.7(e), descent of the petitioner's membership from a historical Indian tribe, or from tribes which amalgamated and functioned as a single political unit. The petitioner's response presented a re-analysis of the same evidence considered in the Proposed Finding to decline to acknowledge. The conclusion that the origins and parentage of the earliest generation of the petitioner's documented ancestors remain unknown is not changed in this final determination. Therefore, the Ramapough Mountain Indians, Inc., does not meet criterion 83.7(e).

THE STATE OF OREGON**

AMENDMENT II

This amendment is made to the Class III Gaming Compact between the Cow Creek Band of Umpqua Tribe of Indians and the State of Oregon executed on October 2, 1992, and approved by the Secretary of the Interior on November 30, 1992. The terms of this amendment are in addition to and, except as specifically provided herein, do not supersede any of the provisions of the original compact, or Amendment I thereto.

WHEREAS, the continued growth and success of tribal gaming depends upon public confidence and trust that the tribal gaming operation is honest, fair and secure, and is free from criminal and corruptive influences;

AND WHEREAS, public confidence and trust can be maintained only if there is strict compliance with laws and regulations related to licensed gaming establishments, by all persons involved in the gaming operation;

AND WHEREAS, the relationship between the State and the Tribe rests on mutual trust and the recognition that each has a primary duty to protect the gaming public through separate, appropriate responsibilities during the life of current and future Compacts;

AND WHEREAS, the Tribe wishes to amend the Compact to provide for regulation of house banked blackjack at the gaming facility;

AND WHEREAS, the State agrees that the circumstances justify this Amendment;

NOW THEREFORE, the Tribe and the State hereby approve the following amendments to the Compact:

I. Section 4 is amended to add a new Subsection E and Appendix C, as follows:

E. Additional Authorized Game at Gaming Facility.

1. In addition to the games identified in Subsection B of this Section, and subject to the conditions prescribed in this subsection, the Tribe may engage in house banked blackjack as described in Appendix C, at the gaming facility.
2. Before house banked blackjack is conducted at the gaming facility the Tribal Gaming Commission shall:
 - a. Ensure that the Gaming Facility Management develops rules and procedures for a system of internal controls that meets the minimum standards established in Appendix C.
 - b. Require the Gaming Facility Management to provide appropriate training for all dealers, supervisors and surveillance personnel involved in house banked blackjack, and for the Tribal Gaming Inspector, according to the minimum training standards established in Appendix C.
 - c. Ensure that the Gaming Facility Management establishes a security and surveillance plan that meets the minimum standards established in Appendix C.
 - d. Promulgate rules of operation for house banked blackjack that meet the minimum standards established in Appendix C, including rules of play, standards for equipment.
 - e. Promulgate a dispute resolution procedure that provides for investigation and review of any player complaint.

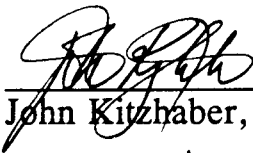

3. The Tribe shall establish an initial wager limit of \$50 per hand, except that the Tribes may offer a maximum wager limit of \$100 per hand on one table. After any period of six months of operation of house banked blackjack in full compliance with the requirements of this subsection, the Tribe may request a change in the initial wager limits. The State may refuse to agree to an increase in the initial wager limit if there have been any significant problems with the conduct of house banked blackjack due to noncompliance with the internal controls, the rules of operation of the game or with the terms of this subsection. The amount of any increase in the wager limit must be agreed to by both the State and the Tribe.
4. The Tribe may operate a maximum of eight tables of house banked blackjack at the gaming facility during the term of this agreement. The Tribe agrees that the maximum number of video lottery terminals permitted at the gaming facility under Section 4.D. of the Compact is 270. During the term of this amendment, the Tribe agrees that the combination of video lottery terminals and blackjack tables on the gaming floor will not exceed eight tables and 206 video lottery terminals, except that the Tribe may increase the number of video lottery terminals by decreasing the number of blackjack tables on the gaming floor. An increase of eight video lottery terminals is permitted for each decrease of one blackjack table permitted under this subsection.
5. The Tribe agrees to cooperate with the State in the investigation and prosecution of any gambling crime committed at the gaming facility. The Tribe and the State agree to cooperate in establishing a state-wide system to identify and monitor persons excluded from the gaming facility or from any other tribal gaming facility in this State.
6. The Tribe and the State agree to the Memorandum of Understanding set forth in Exhibit I to this Amendment.

7. Except as specifically provided in this amendment, this amendment does not operate to modify Subsection B of Section 4 of the Compact in any other way.
8. This amendment expires on June 30, 1996. Unless an extension of this amendment or a permanent amendment governing the operation of house banked blackjack has been negotiated and executed before the expiration of this amendment, the Tribe agrees to terminate blackjack games at the gaming facility until a new agreement has been negotiated and executed.

II. THE STATE'S COMMITMENTS

- A. The State shall conduct background investigations on each prospective Primary Management Official and High Security Employee as provided by Section 6.I.D. of the Compact. The State shall provide a written report to the Tribal Gaming Commission on the findings of said background investigation within a reasonable period of time. Every effort will be made to complete the investigation within 30 days, but at no time will the investigation exceed 60 days without the consent of the Tribal Gaming commission. In the event that a background investigation exceeds 30 days, the Tribal Gaming Commission will be provided a briefing, upon the Commission's request, that will outline the investigation, concerns and approximate conclusion date of the investigation.

- C. The State may perform a background investigation on each contract applicant for a Class III Gaming Contract as provided in Section 6.II. of the Compact. The State shall also provide its review and comment on any such contract. The State will not commence a background investigation on a vendor, management company, or contractor until a notice of intent to conduct business is received from the Tribe. The State shall conduct an update investigative review annually of each vendor, management compact and gaming contractor. The annual investigative review will be conducted at the expense of the vendor, management company or gaming contractor. The Tribe shall include in any future contracts a request that the contractor agrees to pay for the annual review.
- D. The State shall monitor the Tribal Gaming Operation to insure that it is being operated in compliance with the provisions of the Compact. The State acknowledges that the Tribe may request removal of any state law enforcement officer or monitor placed at the Tribal Gaming Facility.

- E. The State agrees to provide services to the Tribe as part of its oversight functions as agreed to by the parties in the Compact. The State acknowledges that the extent of oversight is related directly to the size and scope of gaming. Specifically, the State agrees to provide review of the Compact security measures, which oversight will be furnished by a member of the Oregon State Police Indian Gaming Unit, up to but not to exceed 700 hours for the period from October 1, 1995 through June 30, 1996. This oversight shall include, but is not limited to, the following:
1. Assurance that proper procedures are followed as outlined in Appendix A of the Compact.
 2. Kobotron testing of the E-prom chip from each video lottery terminal operating at the Gaming Facility regulated by the Compact.
 3. Provide unannounced on-site facility inspections, minimum of two per month.
 4. Review gaming surveillance tapes of cash transfers from the video lottery terminals (VLTs) to the cash rooms at the facility and procedures for storage and retention of tapes. Review procedures of securing tapes in the event of a Player contested incident, security breach, or major incident at the gaming facility.
 5. Review tapes of cash counting procedures and policies.
 6. Review records kept by the Tribe to assure that VLT hard meter readings match the cash flow.
 7. Immediately notify the Tribe of any discrepancy in the E-prom signature and cash count or any deviation from the rules found in Appendix A to the Compact.
 8. Review and inspection of authorized video gaming devices.
 9. Review of authorized access to sensitive records and logs.
 10. Review of all security measures, rules and regulations.

11. Review of proper procedures dealing with the retention and destruction of sensitive materials and records.
 12. Inspection of procedures followed on security issues, action taken, and reporting on incidents occurring at the gaming facility.
 13. Review and inspection of accounting procedures.
 14. Review of methods established to resolve disputes with players and reporting of same.
 15. Review of all games to ensure compliance with the requirements of the Compact and the Indian Gaming Regulatory Act.
 16. Assist the Tribe in enforcing sanctions imposed by the Tribal Gaming commission against non-Indians.
- F. It is understood that the State's presence at the gaming site shall be at various times and shall be dedicated to the activities identified in the Compact and this MOU. The State shall not be responsible for the day to day policing and surveillance of the gaming site for activities such as preventing theft or other similar violations of law.

III. THE TRIBAL COMMITMENTS

The Tribe agrees to the following as its obligations under Section 9 of the Compact in exchange for the background investigations and other services provided by the State described above.

- A. The Tribe will advance \$10,000 to the Oregon State Police for the purpose of payment of expenses to be incurred by the State in performance of its responsibility under the Compact. Payment for expenses under this MOU shall first be charged against this advance, and when the advance is depleted charged to and paid by the Tribe.
- B. The Tribe agrees to reimburse the State for the following expenses incurred by the State:

1. Direct Service Hours. Direct service hours will be billed by the State and paid by the Tribe at a maximum rate of \$80 per hour, as determined by the State. Direct service hours are actual time spent by Tribal Gaming Unit personnel in performing employee background checks, performing contract applicant background checks (unless paid by the contract applicant), performing Compact monitoring functions and traveling to and from the Gaming Facility or the site of a contract applicant background investigation, for the Tribe. Direct service hours spent performing background checks for Class III gaming contract applicants will first be billed to the applicant, and the Tribe will be responsible for payment only if the applicant fails to pay the costs charged.
 2. Recoverable Fees. Recoverable fees paid by the Tribal Gaming Unit will be billed by the State and paid by the Tribe at actual cost. Recoverable fees are: fees for processing fingerprint cards, fees for processing credit history checks, and actual per diem expenses (transportation, lodging, food) expenses incurred by Tribal Gaming Unit personnel in connection with direct service hours to the Tribe.
 3. The Tribe agrees to pay for up to 700 direct service hours for the period beginning on October 1, 1995, and ending June 30, 1996, for the performance of Compact monitoring functions identified in the Compact, the amendments thereto, and the MOU between the Tribe and the State. The Tribe must agree in writing to pay for any additional hours. However, if any investigation of criminal law violations, Compact violations or other regulatory matters, results from the action, review, or inspection by the Tribal Gaming Unit during its monitoring activities, and that investigation requires additional hours of direct service beyond the limit stated in this paragraph, the Tribe agrees to pay the State for the expenses incurred in that investigation. An investigation may be initiated by the Tribal Gaming Unit in its sole discretion. Cost of an investigation of a contractor or management company shall first be billed to the contractor or management company.
- C. Costs included in the base direct service hour rate of \$80 are salary, benefits, services and supplies, capital outlay, administrative supervision

and support, vehicle and equipment lease or rental expenses, training costs, legal services charges, bookkeeping expenses, and all other fixed expenses of the Tribal Gaming Unit. The State agrees to provide to the Tribe a budget summary and explanation of the hourly rate for direct services hours prescribed in this MOU.

- D. In addition to the time and charges described in paragraph B. above, the Tribe agrees to pay the direct service hour rate for any time that personnel of the Tribal Gaming Unit perform law enforcement, security consultation, gaming regulatory consultation or other gaming related services not identified in the Compact or the MOU, if requested by the Tribal Gaming Commission or the Tribe.
- E. If a dispute arises as to the correctness of an assessment under this Exhibit, the Tribe and the State agree that the Tribes will pay any undisputed amount and that the parties will follow the dispute resolution process set forth in section 15 of the Compact. If the Tribe fails to make any payment within 30 days of the date it is due (except for a partial payment of an assessment under dispute under this paragraph) the State may suspend any background checks that are in process or withhold permission for the shipment of equipment. Failure to pay an assessment in a timely manner shall be considered a violation of the Compact.
- F. The Tribe agrees to provide the State a notice of intent to do business with all vendors, management companies, and gaming contractors prior to signing any contract. Any costs incurred by the State while conducting a background investigation of a vendor, management company, or gaming contractor shall be reimbursed by the Tribe to the State if the prospective contractor fails to reimburse the State. Cost of background investigations shall be paid whether or not a contract is awarded.
- G. The Tribe agrees to provide appropriate training in Tribal culture, customs, laws and rules to any State officers stationed at or assigned to the Gaming Facility.

IV. TRIBAL POLICE FORCE

The Tribe and the State agree to negotiate a separate MOU that addresses the respective responsibilities of the State and the Tribe for law enforcement services at the Gaming Facility.

V. PROCEDURE FOR ASSESSMENTS

- A. In order to provide an established and orderly procedure for assessment of costs incurred by the State under the Compact and this MOU, the parties agree that the State will furnish to the Tribe an itemized statement of the hours worked on tribal business by State employees, as well as an accounting of all recoverable fees incurred by the State during performance of its duties under the Compact and this MOU. It is understood and agreed that expenses incurred by the State prior to the execution of this MOU will be assessed to and paid by the Tribe.
- B. The State will first deduct its costs from the advance paid by the Tribe under paragraph III.A. above. The State will provide an accounting to the Tribe within 30 days following each calendar quarter. The Tribe has the right to contest any expense incurred by the State as provided in paragraph III.E. above.
- C. Once the advance paid by the Tribe is exhausted, the State shall furnish an accounting to the Tribe within 30 days after each calendar quarter. The Tribe shall remit payments (or partial payments) not contested no later than 30 days following receipt of the accounting provided by the State. Such payments shall be delivered to the Oregon State Police.

VI. EXPIRATION

This MOU shall expire June 30, 1996. Thirty days before the expiration date of this MOU the parties shall meet to re-negotiate the terms of the MOU and to address any change in circumstances to which this MOU applies. If the State and the Tribe have not re-negotiated a replacement MOU by the expiration date of this MOU, this MOU shall continue in effect until such time as a new MOU is executed.
