

United States Department of the Interior

OFFICE OF THE SECRETARY
Washington, D.C. 20240

DEC 18 2002

Honorable Joseph A. Pakootas
Chairman, Confederated Tribes of the
Colville Reservation
P.O. Box 150
Nespelem, WA 99155

Dear Chairman Pakootas:

On November 4, 2002, we received the Tribal-State Compact (Compact) for Class III gaming between the Confederated Tribes of the Colville Reservation (Tribe) and the State of Washington, dated October 31, 2002. We have completed our review of this Compact and conclude that it does not violate the Indian Gaming Regulatory Act of 1988 (IGRA), any other provision of Federal law that does not relate to jurisdiction over gaming on Indian lands, or the trust obligations of the United States to Indians. Therefore, pursuant to delegated authority and Section 11 of IGRA, we approve the Compact. The Compact shall take effect when the notice of our approval, pursuant to Section 11 (d)(3)(B) of IGRA, 25 U.S.C. § 2710(d)(3)(B), is published in the *Federal Register*.

Two issues arose regarding whether we should approve the Compact. First, the language in Section III(A)(25) of the Compact provides for the sale of State lottery tickets by the Tribe on Indian lands subject to the provisions of RCW 67.70, WAC 315, and applicable Tribal law. The IGRA, 25 U.S.C. 2710(b)(4)(A) and (B) and 2710(d)(2)(A) permits gaming activities owned by entities other than an Indian tribe to be operated on Indian lands only if: (1) gaming is licensed and regulated by the tribe pursuant to an ordinance approved by the National Indian Gaming Commission (NIGC), (2) income to the Tribe is used only for the purposes allowed in IGRA, (3) not less than 60% of the net revenues is income to the Tribe, and (4) the entity pays regulatory fees to the NIGC. However, as you acknowledged in your October 31, 2002 letter, the sale of State lottery tickets by the Tribe under this Compact will happen only if and when those sales meet the requirements of both Washington State law and of IGRA. We believe that it is implicit in the reference to "Tribal Law" that IGRA governs since the Tribal Ordinance requires approval by the Chairman of the NIGC who would not grant his or her approval to such an ordinance unless it complies with the requirements of IGRA. We appreciate the assurances in your letter that this is the understanding of the parties to the Compact.

Second, the language in Section XV (A) provides that the "effective date" of the Compact will be triggered upon the occurrence of the last of three events. Section 2710(d)(3)(B) of IGRA provides that a compact takes effect only when notice of approval of such compact has been published in the *Federal Register*. In your October 31 letter, you acknowledge that the parties did not intend to

dilute the Secretary of the Interior's authority to approve the Compact by commingling additional conditions not found in IGRA, but only intended to set forth preconditions that must be met before certain activities can take place under the Compact. Although the language in the Compact is not totally clear on this point, we are satisfied with the explanation in your October 31 letter. The Compact will take effect when notice of its approval is published in the *Federal Register*.

We wish the Tribe and the State success in their economic venture.

Sincerely,

Assistant Secretary - Indian Affairs

Enclosure

CLASS III TRIBAL/STATE GAMING COMPACT

This Compact is adopted pursuant to the Indian Gaming Regulatory Act of 1988, Pub. L. No. 100-497, codified at 25 U.S.C. §§ 2701-2721 (hereafter "IGRA" or "Act").

INTRODUCTION

This Compact, including Appendices Colville, A, and X, which are incorporated by reference herein, shall govern the manner in which Class III gaming may be conducted on Colville Indian Lands over which the Confederated Tribes of the Colville Reservation (hereafter "the Tribes") has jurisdiction. The parties bound by this Compact are the Tribes, federally-recognized as an Indian Tribe and possessed of all sovereign powers and rights thereto pertaining; and the State of Washington (hereafter "State") as a sovereign state of the United States with all sovereign powers and rights thereto pertaining.

RECITALS

An understanding of the unique nature and characteristics of the Tribes and its people as well as the location of the Colville Reservation guides this Compact governing the conduct of Class III gaming on Colville Indian Lands.¹

- A. The Colville Reservation consists of approximately 1.4 million acres, making it one of the two largest reservations in the State of Washington, and among the largest in the United States. The Colville Reservation is located in the north central part of Washington State, and occupies an area that is sparsely populated and remote from the State's population centers. Health care facilities are often difficult to access, and health care for Colville Tribal members has been ranked among the poorest in the Nation.
- B. The Tribes is the largest employer in north central Washington. Colville Tribal Enterprise Corporation ("CTEC"), a wholly owned tribal corporation, contributes approximately 500 casino jobs and approximately \$10 million in annual casino payroll to the regional economy. CTEC also contributes approximately 400 additional full and part time positions to the local economy through its non-gaming operations. The Tribes

¹The "RECITALS" section of this Compact was prepared by the Tribes as an introduction to the Tribes and its governmental process. However, the State has no independent basis for verifying the facts contained within the RECITALS, and therefore, the State does not agree that the facts and representations contained in the RECITALS are true and correct. Nothing contained herein shall be construed to limit the Tribes' right to introduce evidence to support the facts and representations contained in these RECITALS in any arbitration and/or judicial or administrative tribunal with competent jurisdiction.

provides approximately 920 additional governmental jobs to the local economy. The region is dependent on agriculture and timber, and unemployment rates both on and off the Reservation reflect the seasonal nature of these occupations and the effects of international competition on local markets. Prior to 1986, unemployment rates on the Colville Reservation averaged 58%. Since 1986 and the establishment of the three Colville Tribal casinos, Tribal unemployment has dropped to 48%.

- C. Because of the Reservation's remote location, any gaming facility must rely on patrons who travel substantial distances. Approximately 50% of the patrons of Colville Tribal gaming travel more than 40 miles one-way, and many travel from Canada. Peak days are Saturday and Sunday when patrons find it easier and more convenient to travel. Due to long commuting distances and poorly developed road systems, the weather influences player participation, which tapers off significantly in winter months. The Tribes must ensure that once patrons are at one of its facilities, adequate gaming stations and gaming devices are available to provide the entertainment sought.
- D. Approximately 8,500 Indian people are members of the 12 Tribes (Chelan, Chief Joseph Band of Nez Perce, Colville, Entiat, Lakes, Methow, Moses-Columbia, Nespelem, Okanogan, Palouse, San Poil and Wenatchee) which constitute the Confederated Colville Tribes, and over half of its members reside on the Colville Reservation. Non-member Indians also reside on the Colville Reservation, and non-Indians constitute approximately one-third of the resident population.
- E. The Tribes has successfully operated and regulated a bingo enterprise since 1987 and three Tribal casinos. The first tribal casino, Mill Bay Casino, located on Lake Chelan, opened in 1994. Okanogan Bingo Casino, located across the Okanogan River from the City of Okanogan, opened in 1987. Coulee Dam Casino, located on the Colville Reservation in the City of Coulee Dam, opened in 1995. Each of these facilities is an integral and welcome part of the community in which it is located, and each contributes substantially to the local economy.
- F. The Tribes has developed a strong law and justice system. At the Tribes' request, the State retroceded partial criminal jurisdiction to the Tribes in 1987. The Colville Judicial Branch is established as a separate branch of government in the Colville Constitution. The Judicial Branch is composed of a Tribal Court and a Court of Appeals, which publishes its opinions in the Court of Appeals Reporter and the Indian Law Reporter. The Colville Judicial Branch is nationally recognized as a leader among tribal court systems.
- G. The Tribes' Law and Order Program includes a fully operational Police Department, Public Defender Office, Office of the Prosecutor, Probation and Parole and Emergency Service Department, and operates with an annual budget in excess of \$3.6 million. The Tribes will begin construction of a new, multi-million dollar jail facility in the near future. The Tribes' Police Department is staffed with experienced officers trained at the Washington State Police Academy or at Bureau of Indian Affairs Academies. Colville Police Officers hold Tribal and Federal commissions. In addition, the Tribes maintains

cross-deputation agreements with the Okanogan and Ferry County Sheriff Departments and several local police departments.

- H. The Tribes has also successfully self-regulated its gaming facilities since 1986. The Tribes created the Colville Tribal Gaming Commission composed of five Commissioners in 1994. The Commission oversees the Tribal Gaming Authority (“TGA”) which is responsible for regulating gaming on the Reservation, and which enforces the provisions of the Tribal Code pertaining to gaming, and the comprehensive regulations of the Tribal Gaming Commission and the National Indian Gaming Commission. The TGA employs over 45 Tribal gaming agents, utilizes sophisticated surveillance and monitoring equipment and techniques, and performs its own background checks and licensing investigations.
- I. The Tribes is also a national leader in the area of Tribal environmental regulatory development. In addition to a comprehensive land use code and a shoreline management code, the Tribes has developed extensive code provisions related to hydraulic practices, water quality, lead based paint, and the like. The Tribes was the first tribe in the Nation to establish a non-point source program for its Reservation under Section 208 of the Clean Water Act, and was also the first tribe to have its water quality standards promulgated as federal standards by the United States Environmental Protection Agency. The Tribes has obtained “treatment as a state” status under several provisions of the Clean Water Act, and additional programs are currently being developed.
- J. The Tribes’ Environmental Trust Department works closely with federal, state and local agencies to ensure that the environmental and Tribal resources of the Reservation are protected and that there is compliance with applicable environmental standards. The Tribes has entered into a number of successful intergovernmental agreements to help facilitate protection of the citizens and resources of the Colville Reservation.

DECLARATION OF POLICY AND PURPOSE

IGRA provides a comprehensive scheme for the play and regulation of Class III gaming. Indian tribes have rights under IGRA to regulate gaming activities on Indian lands if the gaming activity is not specifically prohibited by federal law and is conducted within a state which does not, as a matter of criminal law and public policy, prohibit such gaming activities. 25 U.S.C. § 2701(5). The overarching policy of the Act is to provide a framework for the operation of gaming by Indian tribes as a means of promoting tribal economic development, self-sufficiency and strong tribal governments. 25 U.S.C. § 2702(1). The Act also provides a “basis for the regulation of gaming by an Indian tribe adequate to shield it from organized crime and other corrupting influences, to ensure that the Indian tribe is the primary beneficiary of the gaming operation, and to assure that gaming is conducted fairly and honestly by both the operator and players.” 25 U.S.C. § 2702(2). The terms and conditions of this Compact, which are set forth below to regulate Class III gaming conducted by the Tribes, have been promulgated consistent with and pursuant to that congressional mandate.

This Compact is designed to foster full cooperation between the Tribes and the State on the basis of each sovereign's concern for the welfare and protection of all the members of the Tribes and citizens of the State as a result of gaming on Indian lands of the Tribes (hereafter "Colville Indian Lands"), as that term is defined in the Act, 25 U.S.C. § 2703(4). This Compact is adopted to further the purposes of IGRA for the benefit of the Tribes, the benefit of the citizens of the State, and the protection of the State, by creating a cooperative means through which the Tribes may lawfully conduct Class III gaming activities on Colville Indian Lands. To that end, this Compact defines the manner in which laws regulating the conduct of the Tribes' Class III gaming activities are to be applied in order that the respective Tribal and State interests may be met.

The following terms and provisions governing the conduct of Class III gaming activities on Colville Indian Lands are designed to (a) protect the health, welfare and safety of the citizens of the Tribes and the State, (b) recognize and implement a means of regulating Class III gaming on the Colville Indian Lands in order to ensure the fair and honest operation of such gaming, (c) minimize the possibility of corruption or illegal practices in conjunction with such activities, and (d) maintain the integrity of Class III gaming on Colville Indian Lands within the State.

The policy of the State, as set forth in RCW 9.46, is to allow limited and highly regulated gaming, and to restrain persons from seeking profit from professional gambling activities. The provisions of RCW 9.46 and WAC 230 regulate State gambling activities; the provisions of RCW 67.16 and WAC 260 authorize and regulate State horse racing activities, including pari-mutuel satellite wagering. The gaming provisions of Title 6 of the Colville Tribal Code authorize and regulate the Tribes' Class III gaming activities. In addition, the National Indian Gaming Commission exercises regulatory authority over the Tribes pursuant to IGRA, and has issued regulations, including Minimum Internal Control Standards found at 25 C.F.R. § 542. The State agrees the Tribes is authorized, as a result of the provisions of IGRA and the terms of this Compact, to engage in the Class III gaming activities expressly permitted herein.

An applicant who has been determined ineligible for licensing by the State Gaming Agency after criminal history and non-conviction data review will not be licensed by the Tribal Gaming Commission except in conformity with § V(D) of this Compact. 1. is determined to be a person who, because of prior activities, criminal record, if any, or reputation, habits and associations, poses a threat to the effective regulation of gaming or creates or enhances the chances of unfair or illegal practices, methods and activities being used in the conduct of the gaming activities permitted pursuant to this Compact; or

For the purpose of reviewing any application for a Tribal gaming license or State certification, or for considering the denial, suspension or revocation of any Tribal gaming license or State certification, the Tribal Gaming Commission and the State Gaming Agency, respectively, may consider any prior criminal conduct or the current probationary status of the applicant and neither the provisions of RCW 9.95.240 and RCW 9.96A, nor any provision of the laws of the Tribes which otherwise prohibits disclosure, or consideration, of any person's criminal record or probationary record, shall apply to such cases.
6. Notwithstanding anything herein to the contrary, in the absence of other violations, it shall not automatically be grounds for revocation, suspension or denial for an Indian person from a federally recognized Indian Tribe to have been charged or convicted under state law of the following non-gambling related offenses if the charge or conviction occurred prior to United States Supreme Court rulings upholding state jurisdiction over Indians for such offenses as, but not limited to: (1) fishing or hunting offenses; (2) cigarette, fireworks, or alcohol sales offenses; or (3) cases involving the exercise of trust or treaty rights. In the absence of other violations, activities or factors which would warrant denial, revocation or suspension, these Indian persons shall not be barred from certification solely because of such activities.
7. For enrolled members of the Tribes who are applicants for Class III Gaming Employee licensing, the State Gaming Agency and Tribal Gaming Commission may waive, by mutual agreement, through a provisional or conditional tribal license, certain criteria for such enrolled tribal members if the waiver does not pose an appreciable risk to the public or the lawful operation of the Gaming Facility. If the Tribes can show circumstances why an enrolled Tribal member who does not meet all tribal licensing criteria should be further considered for a provisional or conditional tribal license, the Tribal Gaming Commission and the State Gaming Agency may agree to a conditional or provisional Tribal license based on specific conditions and a further detailed review of the applicant. The Tribal Gaming Commission shall reimburse the State Gaming Agency for all reasonable costs associated with the issuance of a conditional or provisional Tribal license.

- E. Denial, Suspension, or Revocation of Licenses Issued by Tribal Gaming Commission or Certification Issued by the State Gaming Agency. The denial, suspension, or revocation of any Tribal gaming license by the Tribal Gaming Commission shall be in accordance with the Tribal Code and regulations, including Chapter 6-5 of the Colville Tribal Code and the Colville Confederated Tribes Gaming Commission Rules and Regulations. - F. Right to Hearing for Revocation, Suspension, or Denial of State Certification. Any applicant for State certification, or holder of a State certification shall be entitled to notice and a full hearing on any action by the State Gaming Agency which may result in the revocation, suspension, or denial of State certification. The notice and hearing will be conducted in accordance with the procedures contained in the applicable provisions of RCW 9.46, RCW 34.05 and WAC 230-50. The State, with the concurrence of the Tribal Gaming Commission, may defer such actions to the Tribal Gaming Commission. 1. State Certification. Any State certification shall be effective for one (1) year from the date of issuance of the certificate, unless otherwise revoked or suspended. - M. State Participation in Annual Review. Once each year, the Tribal Gaming Commission or the State Gaming Agency may request of the other a review of the Tribal Gaming Commission licensing and State certification processes, including, but not limited to, all forms, procedures, criteria, and functions performed by the Tribal Gaming Commission and the state Gaming Agency, respectively. The State Gaming Agency may also elect to participate in the choice of the use of any investigative firm the Tribal Gaming Commission chooses to utilize as part of the Tribal licensing process. The Tribal Gaming Commission and the State Gaming Agency may each provide comments to the other on the Tribal licensing and State certification processes, and such comments shall be submitted within sixty (60) calendar days of the Tribal Gaming Commission's or State Gaming Agency's request for a review. In the event the State or the Tribes disagree regarding the other's licensing processes, including, but not limited to, all forms, procedures, criteria, and functions performed by the Tribal Gaming Commission or the State Gaming Agency, the subject of that disagreement may be submitted to dispute resolution, pursuant to § XII of this Compact.
- N. Tribal Certification. The Tribal Gaming Commission may, in its sole discretion, rely upon the certification of the State as the Tribes' qualification process for a Tribal gaming license.

VI - TRIBAL ENFORCEMENT OF THIS COMPACT

- A. Tribal Gaming Commission. The primary responsibility for the on-site regulation, control and security of the Gaming Operation authorized by this Compact, and for the enforcement of this Compact on Colville Indian Lands, shall be that of the Tribal Gaming Commission and the Colville Tribal Police Services. These responsibilities shall include:
1. Enforce all applicable laws and ordinances;
 2. Ensure the physical safety of patrons in the Gaming Facilities;
 3. Ensure the physical safety of personnel employed by the Gaming Operation;
 4. Ensure the physical safeguarding of assets transported to and from the Gaming Facilities and cashiers' cage departments;
 5. Protect the patrons and the Gaming Operation's property from illegal activity;
 6. To the extent of its jurisdiction, arrest and prosecute or temporarily detain until notification and turnover to the appropriate law enforcement authorities, persons who may be involved in illegal activities; and
 7. Record in a permanent and detailed manner any and all occurrences that happen within the Gaming Facilities and that require evaluation, investigation, or other decision making under the terms of this Compact. Each incident, without regard to materiality, shall be assigned a sequential number and, at a minimum, the following information shall be recorded in indelible ink in a bound notebook from which pages cannot be removed and each side of each page of which is sequentially numbered:
 - (a) the assigned number;
 - (b) the date;
 - (c) the time;
 - (d) the nature of the incident;
 - (e) the name, address and telephone number of all persons involved in the incident; and
 - (f) the name and identification number of the security department or Tribal Gaming Commission employee assigned responsibility for recording the occurrence.
- B. Tribal Gaming Agents. The Tribal Gaming Commission shall employ qualified agents who shall be subject to no less stringent background investigations than those performed by the Tribal Gaming Commission for Tribal license applicants under the provisions of this Compact. Tribal Gaming Agents shall be independent of the Tribal Gaming Operation, and shall be supervised and accountable only to the Tribal Gaming Commission.

- C. Reporting of Violations. A Tribal Gaming Agent shall be present in the Gaming Facilities during all hours of the Gaming Operation authorized under this Compact, and shall have immediate access to any and all areas of the Gaming Facilities for the purpose of ensuring compliance with the provisions of this Compact and any applicable Tribal ordinances. Any violation(s) of the provisions of this Compact or of applicable Tribal ordinances by the Tribal Gaming Operation, a gaming employee, or any person on the premises, whether or not associated with the Tribal Gaming Operation, shall be reported immediately to the Tribal Gaming Commission and notice of same shall be forwarded to the State Gaming Agency within seventy-two (72) hours of the time the violation(s) was noted.
- D. Investigation and Sanctions. The Tribal Gaming Commission shall investigate any reported, observed or suspected violation of the provisions of this Compact or applicable statutes and regulations, and shall require the Tribal Gaming Operation to correct the violation upon such terms and conditions as the Tribal Gaming Commission determines are necessary. The Tribal Gaming Commission is, and shall be, empowered by Tribal ordinance to impose fines and other sanctions within the jurisdiction of the Tribes against the Tribal Gaming Operation, a gaming employee, or any other person directly or indirectly involved in, or benefiting from, the violation.
- E. Reporting to State Gaming Agency. The Tribal Gaming Commission shall forward copies of all completed incident and investigation reports and final dispositions to the State Gaming Agency on a continuing and timely basis. If requested by the Tribal Gaming Commission, the State Gaming Agency shall assist in any investigation initiated by the Tribal Gaming Commission and provide other related investigation services, for which the Tribes agrees to reimburse the State Gaming Agency.
- F. Agency Meetings. In order to develop and foster a coordinated relationship in the enforcement of the provisions of this Compact, representatives of the Tribal Gaming Commission and the State Gaming Agency shall meet semi-annually during the first year of operation after this Compact becomes effective to review existing practices and examine methods to improve the regulatory program set forth in this Compact. After the first year, the parties shall meet at least annually to discuss these matters. The meetings shall take place at a location within the State of Washington convenient to the Tribal Gaming Commission and the State Gaming Agency. At least ten (10) business days prior to such meetings, the State Gaming Agency shall disclose, in writing, to the Tribal Gaming Commission any concerns, suspected activities or pending matters which might reasonably be believed to constitute violations of this Compact by any person, organization or entity, if such disclosure will not compromise the interest sought to be protected. At such time as the Tribes begins operating satellite wagering facilities or horse racing activities, the Washington Horse Racing Commission shall participate in the Agency meeting.

VII - COOPERATIVE ENFORCEMENT OF THIS COMPACT

- A. Monitoring of Gaming Operation. The State Gaming Agency and, with respect to satellite wagering facilities and activities only, the Washington Horse Racing Commission shall, pursuant to the provisions of this Compact, be permitted to monitor the Tribal Gaming Operation to ensure that it is conducted in compliance with the provisions of this Compact. In order to properly monitor the Tribal Gaming Operation, duly authorized agents of the State Gaming Agency (and the Washington Horse Racing Commission, with respect to satellite wagering facilities and activities only) shall have free and unrestricted access to all public areas of the Tribes' Gaming Facilities during normal operating hours with or without giving prior notice to the Tribal Gaming Commission. Provided, that, when possible, notice shall be given to the Tribal Gaming Commission or to a Tribal Gaming Agent in the facility proposed to be monitored and the Tribal Gaming Commission may assign an agent or other representative to accompany the State agent while on Colville Indian Lands. With respect to private areas of the Gaming Facilities which are not accessible to the public, duly authorized agents of the State Gaming Agency (and the Washington Horse Racing Commission, with respect to satellite wagering facilities and activities only) shall have access during normal operating hours, provided the State Gaming Agency has provided the Tribal Gaming Authority with a current list of all authorized State agents, which list shall be updated as agents are added or deleted; and provided further, such State agents may be accompanied at all times into said private areas of the Tribes' Gaming Facilities by a Tribal Gaming Agent. Any investigative materials prepared by State Gaming agents shall be held confidential from the Tribal Gaming Operation until any resulting investigation is completed. Following any investigation, and to the extent such disclosure does not jeopardize the investigation or the personal safety of individuals, the State shall provide the Tribal Gaming Commission with a report of the investigation, including information about evidence gathered in connection with the investigation. It shall be within the State Gaming Agency's discretion whether any agency of the Tribes may have access to identifying information regarding confidential informants. The Tribal Gaming Commission may issue any temporary badge required by Tribal regulation to any state gaming agent for purposes of this Compact.
- B. Access to Records.
1. Agents of the State Gaming Agency and, with respect to the satellite wagering facility and activities only, the Washington Horse Racing Commission, shall have equal authority with the Tribal Gaming Commission to review and copy, during all operating hours, all applicable Class III gaming records maintained by the Tribal Gaming Operation. However, the State Gaming Agency is mindful of the Tribes' desire for privacy, and agrees to examine all records at the Gaming Facility, to the extent practical. The State Gaming Agency further agrees that its agents will only retain copies of records necessary for investigative purposes. Any information derived therefrom shall be deemed strictly confidential, and proprietary financial information of the Tribes. Subject to the requirements of § VII. B. 2. below, or any court order, such information shall be retained by the

State Gaming Agency in its contractual capacity as a signatory to this Compact solely pending its full review process.

2. The State Gaming Agency or, and with respect to satellite wagering facilities and activities only, the Washington State Horse Racing Commission, shall notify the Tribes by certified mail of any requests for disclosure of Tribal information and shall not disclose any such information until the Tribes, the State, or both have had a reasonable opportunity to challenge the request. Provided, this public disclosure prohibition shall not apply to evidence used in any proceeding authorized by this Compact. If the information requested relates to Impact Mitigation fund distributions, as provided for in § XIV(C), the State Gaming Agency may notify the Tribes of the request by using U.S. mail, facsimile, or other means as agreed to by the parties.

C. Tribal Gaming Commission Notification. At the completion of any State inspection or investigation, copies of the investigative report shall be forwarded to the Tribal Gaming Commission along with copies of evidence and information pertinent to the inspection within five (5) business days after the final report is complete.

D. Cooperation With Tribal Gaming Commission. The State Gaming Agency and, as applicable, the Washington Horse Racing Commission, shall promptly notify the Tribal Gaming Commission of any activity suspected or occurring, whether within the Gaming Facilities or not, which adversely affects Tribal, State or public interests relating to the Gaming Facilities and Gaming Operation; provided however, such disclosure shall not compromise the interest sought to be protected.

VIII - REGULATORY JURISDICTION RELATING TO ENFORCEMENT OF THE PROVISIONS OF THIS COMPACT

Jurisdiction. The Tribal Gaming Commission, State Gaming Agency, and with respect to the satellite wagering and activities only, the Washington Horse Racing Commission, shall have concurrent jurisdiction to investigate violations of the provisions of this Compact.

IX - LAW ENFORCEMENT JURISDICTION RELATING TO GAMBLING

A. Investigative Authority. The Tribal Gaming Commission, Colville Tribal Police Services, local law enforcement agencies, the State Gaming Agency and, as applicable to satellite wagering facilities and activities only, the Washington Horse Racing Commission, shall have the authority to investigate any gambling and related crimes committed on Colville Indian Lands as those crimes are set out in RCW 9.46 or RCW 67.16. Except as expressly set forth in this Compact, nothing herein shall be or be deemed to be a consent, grant or waiver of any sovereign right or immunity of the Tribes with respect to the Tribes, Colville Indian Lands, members of the Tribes, or any other individuals or entities subject to Tribal jurisdiction.

- B. Jurisdictional Forums. Following investigation and arrest, formal criminal charges against individuals or entities shall be brought in the appropriate venue. Criminal prosecution of non-Indian defendants shall be in state or federal court. Criminal prosecution of Colville Tribal members and non-member Indians subject to Colville Tribal jurisdiction shall be in Colville Tribal or federal court or, where permitted under law in effect upon the execution of this Compact, in state court. Colville Tribal Court shall be the preferred venue for prosecutions of criminal defendants who are Indian unless the Tribes declines to exercise its jurisdiction. For purposes of this Section, the Tribes shall be deemed to have declined prosecution if, after an Indian criminal defendant is apprehended by a law enforcement agency, the Tribal Prosecuting Attorney does not commence a criminal action in the Colville Tribal Court within one hundred eighty (180) calendar days after receiving all relevant information in the possession of the apprehending agency.
- C. No Consent to Additional State Jurisdiction. Except for the criminal jurisdiction of the State with respect to gaming on Colville Indian Lands contained in this Section and elsewhere for acts of non-Indian individuals, nothing in this Compact shall be deemed a consent or submission of or by the Tribes to the jurisdiction of the State and/or the application of any other laws of the State.
- D. Law Enforcement Coordination. In an attempt to foster a spirit of cooperation between the law enforcement agencies authorized to enforce the criminal laws of the Tribes or the State, representatives of those law enforcement agencies shall meet as soon as practicable after this Compact becomes effective, and periodically thereafter, to discuss mutual concerns and coordinate the enforcement actions necessary to minimize those concerns.

X - ENACTMENT OF REGULATIONS

- A. State Gaming Agency Rules or Regulations. Pursuant to its general rule-making authority contained in RCW 9.46, the State Gaming Agency may enact as part of its rules or regulations governing gambling, all or part of the provisions of this Compact.
- B. Tribal Gaming Commission Regulations. Pursuant to its general rule-making authority, the Tribal Gaming Commission may enact, as part of its regulations governing gambling, all or part of the provisions of this Compact.

XI - REGULATIONS FOR THE OPERATION AND MANAGEMENT OF THE TRIBAL GAMING OPERATION

- A. Adoption of Regulations for Operation and Management. The Tribes and the Tribal Gaming Commission have adopted Tribal Code provisions and regulations to govern the operation and management of the Gaming Operation conducted under the authority of this Compact and Tribal law. These Tribal Code provisions and regulations are attached to this Compact as Appendix A, which the State has reviewed and concurs that said Appendix A is consistent with the goals and standards set forth in this § XI(A). Any new regulations adopted by the Tribal Gaming Commission shall ensure that the interests of

the Tribes and the State relating to Class III gaming are preserved and protected. The regulations shall maintain the public's interest in the integrity of the Gaming Operation, shall reduce the dangers of unfair or illegal practices in the conduct of the Class III Gaming Operation, and shall be consistent with generally accepted standards in the gaming industry. The Tribal Gaming Commission shall notify the State Gaming Agency of any proposed revisions to Appendix A or any other regulations issued after the effective date of this Compact, and shall request the concurrence of the State Gaming Agency for such revisions. The State Gaming Agency concurrence shall be deemed granted unless it submits to the Tribal Gaming Commission a written notice of disagreement within thirty (30) days of submission of the revised standards. The State Gaming Agency shall concur with the proposed revisions upon request, unless it finds that they would have a material adverse impact on the public interest in the integrity of the Gaming Operation, and shall disagree only with such portions of the proposed revised standards which are determined to have a material adverse impact upon such interests. If the State Gaming Agency believes the Tribes' proposed regulations, or any portion thereof, are inconsistent with the goals and standards set forth in this § XI(A), it shall set forth in writing with specificity the reasons for such belief within thirty (30) days after receipt of the proposed revised regulations from the Tribal Gaming Commission. Upon a notice of disagreement, the parties shall meet, and in good faith try to resolve the differences. If unsuccessful, the matter shall be resolved pursuant to § XII of this Compact. The parties agree that any disputed revisions to Appendix A shall not take effect until the State Gaming Agency and the Tribal Gaming Commission meet and confer, or if necessary, until the parties complete the alternative dispute resolution procedures under § XII of this Compact.

- B. Additional Operational Requirements Applicable to Class III Gaming. The following additional requirements shall apply to the Gaming Operation conducted by the Tribes:
1. To ensure integrity, the Tribal Gaming Operation shall maintain the following logs as written or computerized records which shall be available for inspection by the State Gaming Agency in accordance with § VII(B) of this Compact: a surveillance log recording all surveillance activities in the monitoring room of each gaming facility; and a security log recording all unusual occurrences that require an evaluation, investigation, or other decision-making process by a Tribal Gaming Agent.
 2. The Tribal Gaming Commission shall establish a list of persons barred from the Gaming Facilities because their criminal history or association with career offenders or career offender organizations poses a threat to the integrity of the gaming activities of the Tribes. The Tribal Gaming Commission shall employ its best efforts to exclude persons on such list from entry into its Gaming Facilities. The Tribal Gaming Commission shall send a copy of its list on a quarterly basis to the State Gaming Agency.

3. The Tribal Gaming Commission shall require the audit of the Tribal Gaming Operation, not less than annually, by an independent certified public accountant, in accordance with Generally Accepted Accounting Principles.
4. The Tribal Gaming Commission shall notify the State Gaming Agency of the rules of each game operated by the Tribes and of any change in such rules. To the extent that such rules have been adopted prior to the effective date of this Compact, they are set forth in Appendix A hereto. The State has reviewed Appendix A and concurs with it. Summaries of the rules of each game relevant to the method of play and odds paid to winning bets shall be visibly displayed or available in pamphlet form in the Gaming Facilities. Betting limits applicable to any gaming station shall be displayed at such gaming station. Rules for games identified in § III(A) shall be based upon such games as commonly practiced in Nevada, including wagering, and shall not fundamentally alter the nature of the game as the Tribal Gaming Commission may approve. Rules for games identified in § III(A) shall be submitted to the State Gaming Agency for its review and concurrence, consistent with the standards set forth in this § XI(B)(4). The Tribes shall provide the State Gaming Agency ten (10) business days' advance notice of the rules of each game and any modifications thereof; and shall provide adequate notice to patrons of the Gaming Facilities to advise them of the applicable rules in effect. In the event of a dispute, the matter will be resolved in accordance with § XII of this Compact.

C. Regulation of Gaming Facilities. The following requirements shall apply to the Gaming Facilities maintained by the Tribes, or its manager, or management company, if any:

1. The Gaming Operation shall maintain a closed circuit television system in accordance with the regulations set forth in Appendix A. The Tribal Gaming Commission shall provide the State Gaming Agency with copies of its floor plan and closed circuit television system and any modifications thereof. The floor plan or closed circuit television system shall provide unobstructed camera views of locations where gaming takes place, as well as the cashiers' cages, count rooms and other areas consistent with generally accepted standards in the gaming industry. The Tribal Gaming Commission shall forward a copy of the floor plan and closed circuit television system to the State Gaming Agency for review and consideration prior to final approval. In the event of a dispute, the matter shall be resolved in accordance with the provisions of § XII of this Compact. The parties agree that any disputed modifications to the floor plan or closed circuit television system shall not take effect until the State Gaming Agency and the Tribal Gaming Commission meet and confer, or if necessary, until the parties complete the alternative dispute resolution procedures under § XII of this Compact.
2. The Gaming Operation shall maintain a cashier's cage at each gaming facility in accordance with the standards set forth in Appendix A, and shall not modify such standards without the concurrence of the State Gaming Agency. The Tribal Gaming Commission and the State Gaming Agency may review the cashier's cage

security. If the cashier's cage does not comply with the standards set forth in Appendix A, the Gaming Operation shall modify its cashier's cage to remedy such deficiency. In the event of a dispute the matter will be resolved in accordance with the provisions of § XII of this Compact. The parties agree that any disputed modifications to the cashier's cage shall not take effect until the State Gaming Agency and the Tribal Gaming Commission meet and confer, or if necessary, until the parties complete the alternative dispute resolution procedures under § XII of this Compact.

3. The Gaming Operation shall provide the Tribal Gaming Commission and the State Gaming Agency with a description of its minimum requirements for supervisory staffing for each table gaming pit operated in its Gaming Facilities. In the event the State Gaming Agency regards such supervisory staffing as inadequate, the Tribal Gaming Commission and the State Gaming Agency shall promptly confer in good faith in an effort to reach agreement on supervisory staffing requirements. If agreement cannot be reached between the State Gaming Agency and the Tribal Gaming Commission, the dispute shall be resolved in accordance with § XII of this Compact.
4. Standards for management and operation of the satellite wagering activities shall be consistent with the provisions of this Compact.

XII - REMEDIES FOR BREACH OF COMPACT

- A. **Introduction.** In recognition of, and consistent with, the government-to-government relationship of the Tribes and State, the parties shall make their best efforts to resolve disputes by good faith negotiations whenever possible. Therefore, the parties hereby establish a method of non-judicial dispute resolution in order to foster a spirit of cooperation and efficiency in the administration and monitoring of performance and compliance by each other with the terms, provisions and conditions of this Compact. However, the parties understand that informal and formal mediation may not always lead to satisfactory results. Therefore, in the event either party is dissatisfied with informal and/or formal mediation, they may seek judicial resolution of any disagreement relating to the administration, monitoring of performance and compliance with the terms, provisions and conditions of this Compact; provided, however, the parties are free under this Compact to agree to other alternative dispute resolution mechanisms, such as, but not limited to, binding arbitration. The parties are aware that some sections of this Compact contain an explicit reference to this § XII in the event a dispute arises under that section. Notwithstanding such explicit references, and with respect to all other sections of this Compact, it is the parties' intent that any dispute of whatever kind, type or nature arising under this Compact shall be subject to the provisions of this § XII.
- B. **Mediation** In the event of a dispute or disagreement between the parties regarding the implementation and compliance with any terms, conditions and provisions of this Compact or otherwise by mutual agreement of the parties, disputes shall be resolved as follows:

1. Either party shall give the other, as soon as possible after the event giving rise to the concern, a written notice setting forth the nature of the dispute (including reference to the relevant portions of this Compact), and the issues to be resolved.
2. The parties shall meet and confer in a good faith attempt to resolve the dispute through negotiation not later than ten (10) business days from receipt of the notice.
3. If the dispute is not resolved to the satisfaction of either party within twenty (20) business days of the first meeting, then the parties, at their option, may seek and cause to have the dispute resolved by formal mediation, in which event the parties shall use their best efforts to select a mediator as soon as possible. The mediator's fees and attendant costs of mediation shall be borne equally by the parties.

C. Arbitration.

1. In the event informal and/or formal mediation fails to resolve the dispute between the parties, they may choose, at their option, to resolve their disagreement by arbitration, but only after they have exhausted the procedures set forth in § XII(B)(1) and (2). If the parties elect arbitration, it shall be conducted in accordance with the policies and procedures of the Commercial Rules of Arbitration of the American Arbitration Association (except as modified hereinafter), unless the parties agree to use different policies and procedures; provided, however, the arbitration itself shall not be administered by or proceed before the American Arbitration Association. Sites for such arbitrations shall alternate between Colville Indian Lands and the State Gaming Agency or Washington Horse Racing Commission offices after each arbitration dispute, as follows: the first arbitration dispute, until completed, shall be held on Colville Indian Lands; the next arbitration dispute, until completed, shall be held at the State Gaming Agency or Washington Horse Racing Commission offices; and so forth.
2. In the event arbitration is elected by the parties, the Tribes and the State Gaming Agency shall meet as soon as practicable, and attempt to agree upon an arbitrator to decide the matter at issue, or agree upon a procedure for the selection of an arbitrator.
3. The arbitration, unless another date is stipulated to by the parties, shall occur no later than fourteen (14) business days from the date an arbitrator is named.
4. The decision of the arbitrator shall be final and non-appealable.
5. The arbitrator shall, consistent with this Compact, have the power to impose fines and award equitable relief in his or her discretion and as the circumstances warrant.

6. Nothing in this Section shall be construed to preclude, limit or restrict the ability of the parties to pursue, by mutual agreement, alternative methods of dispute resolution, including but not limited to utilization of a technical advisor to the Tribal Gaming Commission and State Gaming Agency; provided that neither party is under any obligation to agree to such alternative method of dispute resolution.
 7. Each party to the arbitration shall bear its own costs and attorney fees, and the costs of the arbitrator(s) shall be borne equally by the parties.
 8. In the event the parties elect to conduct arbitration, either the Tribes or the State may bring any cause of action against the other authorized by the Federal Arbitration Act ("FAA"), 9 U.S.C. §§ 1-16, but only in any United States district court which has jurisdiction over the subject matter and the parties and is the proper venue for the cause. Such suits shall be limited to actions (a) to compel arbitration, (b) to confirm, vacate or modify an arbitration award obtained under this Section in accordance with the FAA, (c) to enforce any judgment upon such confirmed or modified award, and (d) any other action, if any, authorized by the FAA.
- D. Judicial Resolution of Disputes. In the event either party has exhausted the procedures set forth in § XII(B)(1) and (2), and is not satisfied with the results obtained, said party may initiate litigation in an appropriate United States district court to enforce compliance with or interpretation of the terms, provisions and conditions of this Compact, and for any other relief the United States district court is empowered to grant.
- E. Limited Waiver of Sovereign Immunity. The Tribes and the State agree and understand that waivers of sovereign immunity defenses must be express and unambiguous, and are narrowly construed. Nothing contained in this Compact shall be construed or interpreted to be a consent, grant or waiver of any sovereign right or immunity either the Tribes and/or its members or the State enjoy, except as expressly provided hereinafter.
1. The Tribes hereby agrees to a limited waiver of sovereign immunity for the sole purpose, and no other purpose, of consenting to the suits specified in §§ XII(C)(8) and (D) and XIV(C)(4) of this Compact, such waiver to be in effect only so long as this Compact is in effect.
 2. The State and the State Gaming Agency represent and acknowledge that the State has waived its sovereign immunity with respect to suits interpreting or enforcing any contract to which the State and/or its subordinate agencies has entered into with a private party, which includes an Indian tribe. See RCW 4.92.010; and *Architectural Woods, Inc. v. Washington*, 92 Wash. 2d 521, 598 P.2d 1372 (Wash. 1979). In addition, the State and the State Gaming Agency represent and acknowledge that the State has waived its immunity from those suits set forth in Substitute Sen. Bill 5905, 57th Legislature, 2001 Reg. Sess. Notwithstanding such statutory waivers of immunity, the State hereby reiterates and agrees to a

limited waiver of sovereign immunity for the sole purpose, and no other purpose, of consenting to the suits specified in § XII (C)(8), and (D) of this Compact, and any other suits set forth in Substitute Sen. Bill 5905, 57th Legislature, 2001 Reg. Sess., such waivers to be in effect only so long as this Compact is in effect.

F. Sanctions and Civil Fines. The following is a schedule of civil fines for any violation of the provisions of this Compact. These penalties are set forth as maximums to be set within the reasonable discretion of the Tribal Gaming Commission. The Tribal Gaming Commission may levy fines against the Gaming Operation, manufacturer, supplier, gaming employee or other entities. The State Gaming Agency shall notify the Tribal Gaming Commission of any alleged violations of the provisions of this Compact and may request the Tribal Gaming Commission take appropriate enforcement and/or corrective action. Failure of the Tribal Gaming Commission to take the action recommended by the State Gaming Agency shall constitute a dispute or disagreement between the parties subject to the dispute resolution provisions contained in this § XII of this Compact.

1. For violation of terms, conditions and provisions of § III:
 - (a) First and subsequent violations: Up to a maximum suspension of gaming operations within the Class III gaming facility not to exceed five (5) days of operation (up to 20 hours per day) per violation, or the dollar equivalent of the Net Win to the Tribes from operations for the number of days of suspension, all not to exceed 30 days.
2. For violations of the terms, conditions and provisions of §§ IV and V, non-licensed gaming employee(s), manufacturer(s), supplier(s) or other entities:
 - (a) For employees:
 - (1) first violation: fine equal to daily Net Win for each day of employment divided by the number of gaming stations in play for each day of employment; and
 - (2) for the same employee's second and subsequent violations: suspension of twenty (20) hours of gaming operations for each day of employment or a fine equal to the Net Win for each day of employment.
 - (b) For manufacturers, suppliers and other entities:
 - (1) first violation: up to \$5,000; and
 - (2) second and subsequent violations: up to \$20,000.

3. For violation of the terms, conditions and provisions of § XI and Appendix A:
 - (a) For first violation: written warning.
 - (b) For second violation: up to \$250.
 - (c) For third violation: up to \$500.
 - (d) For subsequent violations: up to \$1,000.

All penalties listed in this § XII(F)(3)(a)-(d) will be charged and monitored on a per-violation basis on an annual basis per violator dating from the issuance of the written warning. Provided, during the first six (6) months of actual operation of the Class III Gaming Operation, only written warnings shall be issued.

- G. Method of Assessment and Payment of Fines. Any civil fines assessed by the Tribal Gaming Commission pursuant to the provisions of this Compact shall be paid within thirty (30) days of assessment to a bona fide nonprofit organization whose primary purposes are related to addressing the ills of compulsive or problem gambling within the State, the Tribe and the neighboring communities. Provided, in the event a dispute arises with regard to this subsection, it will be resolved pursuant to § XII of this Compact.

XIII - TRIBAL REIMBURSEMENT OF REGULATORY FEES AND EXPENSES INCURRED BY THE STATE GAMING AGENCY

The Tribes shall reimburse the State Gaming Agency for all reasonable costs and expenses actually incurred by the State Gaming Agency in carrying out its responsibilities as authorized under the provisions of this Compact and the Appendices attached hereto. Reimbursement shall also be made for Tribally requested investigative costs. The State shall submit a verified, detailed statement with supporting documentation on a quarterly basis to the Tribal Gaming Commission. The Tribes shall reimburse the State Gaming Agency within thirty (30) calendar days after the receipt of the statement of expenses. The method of reimbursement shall be on an hourly rate basis that is reasonable and consistent with that charged to other Class III gaming facilities in the State or, if mutually agreed upon by the parties, on an alternate payment rate basis, as set forth in a Memorandum of Understanding. Costs incurred by the State Gaming Agency in common for more than one tribe shall be allocated among such tribes. If the Tribes disputes the State's costs, the Tribes shall pay no less than the amount of the costs which are not in dispute when due to the State Gaming Agency and deposit the remaining disputed amount into an escrow account that is restricted until such dispute is resolved. In the event such a dispute arises, it will be resolved pursuant to § XII of this Compact.

XIV - PUBLIC HEALTH AND SAFETY

- A. Compliance. For purposes of this Compact, the Gaming Operation shall comply with, and the Tribes shall enforce standards no less stringent than, the following with respect to public health and safety:
1. Indian Health Service public health and food-handling standards;
 2. All applicable federal laws establishing minimum standards for environmental protection including federal water quality and safe drinking water standards as set out in the Clean Water Act and the Safe Drinking Water Act as may be amended from time-to-time, and applicable federal regulations;
 3. All Tribal Environmental, Water Quality, Public Health, Tribal Occupational Safety and Health, Tribal Building Codes, Land Use and Zoning and other Tribal Code provisions and applicable regulations related to public health and safety; and
 4. To the limited extent not already adopted by the Tribes, the National Uniform Building Code, including the uniform electrical, fire and plumbing codes.
- B. Emergency Service Accessibility. The Tribal Gaming Commission shall make provisions for adequate emergency accessibility and service.
- C. Impact Mitigation.
1. The Tribes recognizes that activities directly and indirectly associated with the operation of the Gaming Facilities on Colville Indian Lands may have both positive and negative impacts on local communities and services provided by and to such communities. Regardless of the net impact of any Colville Gaming Facility, to the extent negative impacts and increased burdens may occur to adjacent local communities' law enforcement agencies, emergency services, and other services, the Tribes will continue to pay the direct costs of those impacts and to make specific contributions to communities affected by Tribal Gaming Operation(s), consistent with the requirements and limitations set forth below.
 2. The Tribes shall make available, out of Gaming Operation revenues, funds for the purpose of providing assistance to adjacent local communities' law enforcement, emergency services, and/or service agencies (including those agencies responsible for traffic and transportation) actually and directly impacted by the Class III gaming facilities and shall disburse to those agencies their reasonable costs related to Class III gaming activities, not to exceed cumulatively, two percent (2%) of the net win from Class III gaming activities, in any Tribal fiscal year, except as otherwise excluded under the provisions of this Compact.
 3. The Tribes, acting through the Colville Business Council, shall consider all requests for funds from all adjacent local communities allegedly impacted by

Colville Class III gaming, and shall determine whether to fund such requests and at what level. Such requests shall be supported by appropriate technical reports and/or material related to the subject of the funding request(s). The Tribes shall provide communities requesting said funds with a reasonable opportunity to present their position, and to support said request(s) with appropriate expert testimony and/or reports. Approved payments shall be disbursed every twelve (12) months from the effective date of this Compact.

4. In the event any adjacent local community disagrees with the Tribes' decision regarding the funding of such requests, it may utilize the arbitration provisions set forth in § XII(C)(1)-(8) of this Compact, to resolve that disagreement, subject to the following revisions and additions.

(a) If, pursuant to § XII(C)(2), the Tribes and the aggrieved local community are unable to agree upon an arbitrator or upon a procedure for the selection of an arbitrator within twenty (20) business days after their meeting, the Tribes and the aggrieved local community shall each select an arbitrator and the two selected, within twenty (20) business days thereafter, shall select a third arbitrator who shall alone decide the matter in dispute. In the event either the Tribes or the aggrieved local community fail for whatever reason to name an arbitrator (who, if named, would be obligated along with the other party's choice for arbitrator to select a third arbitrator to decide the matter), the participating party (i.e., the one selecting an arbitrator) may unilaterally select an arbitrator to decide the matter in dispute. If, after utilizing these procedures, an arbitrator cannot be selected for any reason, the Tribes and the aggrieved local community may jointly petition the United States District Court for the Eastern District of Washington to select an arbitrator to decide the matter in dispute.

(b) If the arbitrator determines the Tribes has acted arbitrarily, capriciously, abusively or not in accordance with § XIV(C)(2) and (3), the powers of the arbitrator shall be limited to directing the Tribes to expend the funds requested by the adjacent local community, or some lesser amount, consistent with the provisions and limitations contained in § XIV(C)(2). Therefore, the provisions of § XII(C)(5) shall not apply to any arbitrations conducted under this § XIV(C).

D. Community Relations. The Tribes, acting through the Colville Business Council, agrees to be available to meet and discuss with neighboring communities any concerns regarding the impact of the Class III gaming operation upon the neighboring communities.

E. Alcoholic Beverage Service. Standards for alcohol service within the Gaming Facilities shall be subject to applicable law.

XV - AMENDMENTS, DURATION AND EFFECTIVE DATE

- A. Effective Date. This Compact, promulgated pursuant to IGRA, may be modified or amended by mutual agreement of the parties. This Compact shall take effect upon the occurrence of the last of the three following events: publication of notice of approval by the Secretary of the United States Department of the Interior in the Federal Register in accordance with 25 U.S.C. § 2710(d)(3)(B); certification to the State by the Tribes' Chairperson that the only EGDs in operation at any and all Tribal Gaming Facilities are those authorized either by Appendix Colville or Appendix X; and compliance with § IV(A)(1) of this Compact.
- B. Voluntary Termination. Once effective, this Compact shall be in effect until terminated by the Tribes by submitting written notice sixty (60) calendar days prior to the date of termination to the Governor of the State of Washington and the Secretary of the United States Department of the Interior; provided further, however, the State may continue to exercise any rights granted under this Compact until the completion of any investigation or court action pending as of the date of termination. Suspension or injunction of Class III gaming activities shall not constitute termination for the purpose of this subsection.
- C. Other Termination - Change of State Law. If the laws of the State authorizing Class III gaming activities are repealed prohibiting such gaming for any purpose by any person, organization or entity, this Compact shall continue in full force and effect unless or until either the Tribes or the State initiates the dispute resolution provisions of § XII of this Compact, and a final decision is entered pursuant thereto.
- D. Adjustments/Renegotiations.
1. Adjustments - Mutual. The terms and conditions of this Compact may be amended at any time by the mutual and written agreement of the Tribes and the State, and as provided in this Compact.
 2. Changes to and Interpretation of Laws. This Compact shall be amended automatically if and when:
 - (a) the laws of the State are amended, expanding gaming beyond that which is now allowed under the terms of this Compact;
 - (b) a state or federal court within the State of Washington or a federal court interpreting the laws of the State of Washington issues a final and unappealable decision that permits participation in a gaming activity that the State maintains was not authorized for any purpose by any person, organization or entity at the time this Compact was executed and is not authorized by this Compact;

- (c) federal legislation authorizes the operation of or participation in a gaming activity that was not authorized at the time this Compact was executed or was not authorized by this Compact; or
- (d) any final settlement, consent judgment and/or decree determines or confirms that electronic gambling devices not now authorized herein are the subject of negotiation for a tribal-state compact in Washington State.

The Tribes shall be authorized immediately to commence conducting such activity and may continue to do so notwithstanding the initiation of the dispute resolution provisions of § XII, until a final decision is entered under that Section.

3. Renegotiation for Unforeseen Circumstances. At any time after execution of this Compact, the parties shall renegotiate sections of this Compact upon the written notice and request by one party to the other if and when circumstances and events unforeseen at the time of the negotiation and execution of this Compact occur meriting discussion and renegotiation of such provisions.
4. Process and Negotiation Standards. All written requests to amend or renegotiate shall include the activities or circumstances to be negotiated together with a statement of the basis supporting the request. The Tribes and the State shall confer and negotiations shall commence within thirty (30) calendar days of the date the written request is received by the non-requesting party. All matters involving negotiations or other amendatory processes under this subsection shall be otherwise governed, controlled and conducted in conformity with the provisions and requirements of 25 U.S.C. § 2710(d). The original terms and provisions of this Compact shall remain in effect unless and until the Tribes and the State agree on renegotiated terms.
5. State Authorization of Additional Class III Gaming Activities. In the event the State hereafter authorizes any additional Class III gaming activity, then this Compact shall be amended automatically and the Tribes shall be authorized immediately to commence conducting such activity prior to the subsequent negotiations as provided in § XV(D)(5), provided however, pending completion of the amendment process, such gaming activity shall be conducted in a manner consistent with the terms and conditions of this Compact.
6. State Authorization to Other Tribe(s) Modifying Scope of Gaming Compact. Notwithstanding any other provision of this Compact to the contrary, if after the effective date of this Compact, the Secretary of the Department of the Interior approves a compact or secretarial procedures, pursuant to 25 C.F.R. pt. 291, as amended or revised, with any tribe within the State of Washington, or an amendment thereto, and such compact or secretarial procedures gives such tribe more gaming stations, more hours of operation, other Class III gaming activities and/or gambling devices, or otherwise approves a compact, an amendment to a compact or secretarial procedures which gives such tribe an expansion of terms

other than those identified above, then this Compact shall be amended automatically to maintain equality. Provided however, in the event a dispute arises with regard to this subsection, it shall be resolved pursuant to § XII of this Compact.

XVI - DISCLOSURE

The Tribes and the State shall immediately disclose to the other any change in law, regulation, or circumstance which would materially affect or alter the terms of this Compact.

XVII - LIMITATION OF LIABILITY/NO THIRD PARTY RIGHTS

Except for the provisions of § XIV(C)(4) of this Compact, neither the Tribes nor the State are creating, or intend to create, any rights in third parties which would result in any claims of any nature whatsoever against the Tribes or the State as a result of this Compact. Neither the Tribes nor the State has waived immunity from third party suits or claims of any kind or nature whatsoever against them, and nothing contained in this Compact shall be construed to effect a waiver, in whole or in part, of said immunity, except for, and in strict conformance with, the provisions of § XIV(C)(4) of this Compact.

APPENDIX COLVILLE

1 INTRODUCTION

1.1 General

This Appendix is created to provide the basic “core” requirements for electronic gaming devices (“EGDs”) authorized under § III(A)(28) of the Compact and to establish the approval and testing process for gaming machines and associated equipment that are to be operated by the Confederated Tribes of the Colville Reservation (“Tribes”) in the State of Washington, pursuant to the Compact approved by the Secretary of the Interior. This Appendix does not apply to electronic gaming devices authorized under Appendix X to the Compact, which are governed by that Appendix.

These standards take into consideration certain judicially articulated restrictions on the use and operation of EGDs. Those restrictions prohibit:

- a) individual play against such devices or terminals; and
- b) activation of gaming devices by the insertion of a coin or currency.

1.2 Intent

The intent of this Appendix is to ensure that gaming on Colville Indian Lands occurs in a manner that is:

- a) Fair;
- b) Secure;
- c) Auditable; and
- d) Compliant with judicially articulated restrictions.

1.3 Testing

The general purpose of testing gaming equipment is to determine the suitability of such gaming equipment for operation in the intended environment. Prior to operation, all EGDs and associated equipment shall be tested by a licensed gaming laboratory to:

- a) verify that they comply with the requirements of the Compact and this Appendix;
- b) ensure that they are fair to both the players and the operators;
- c) verify that they comply with currently accepted gaming test industry standards such as GLI 11 and 12; and
- d) ensure that the equipment does not constitute:
 - i) electronic, mechanical or electro-mechanical devices or terminals which allow for individual play against such devices or terminals, or
 - ii) gambling that is activated/initiated by the insertion of a coin or currency.

1.4 Judicially Articulated Restrictions

EGDs may be utilized by the Tribes under the following conditions:

- a) The EGD is activated by a “cashless transaction system” and not by the insertion of coin or currency;
- b) The EGD does not allow for individual play against the device or terminal. The parties agree that this requirement can be met in the following non-exclusive ways:
 - i) Players compete for a number from a predetermined set of numbers, each associated with a specific outcome; or
 - ii) Players compete in a pooled wagering system whereby prizes are awarded from a wagering pool or pools made up of the players’ wagers and the house is entitled to a set amount of the pooled wagers. Systems meeting the requirements of this subsection may allow for an initial seeding of the wagering pool by the house, and reseeding in circumstances of excessive volatility.
- c) Player terminals do not contain slot machine-type spinning reel mechanisms in mechanical form, nor allow for activation by a slot machine-type handle; and
- d) The Tribes and the Washington State Gambling Commission have signed an agreement for each specific type of EGD which confirms that that type of EGD meets the foregoing requirements and sets technical standards and internal controls for operation of that type of EGD.

1.5 Approval Process

- a) Except for those EGDs governed by Appendix X, the Tribes and the Gambling Commission shall enter into an agreement for each specific type of EGD which the Tribes wishes to operate. Each agreement shall confirm that the proposed type of EGD meets the requirements contained in the Compact and this Appendix, and shall set the technical standards and internal controls for the operation of that type of EGD. Such technical standards and internal controls shall be uniformly applied to all Washington State gaming tribes and shall include, but not be limited to: operation, interface and random number generator standards; game reports; accounting system requirements and reports; cashless transaction system requirements and reports; security system requirements; testing requirements; and regulatory fees.
- b) The Tribes may present to the State Gaming Agency, at any time, a machine concept it believes satisfies the requirements of the Compact and this Appendix. Within thirty (30) days thereafter, the State Gaming Agency shall notify the Tribes of its acceptance or rejection of said concept. If the State Gaming Agency accepts the Tribes’ conceptual machine, the Tribes and the State Gaming Agency shall have ninety (90) additional days to execute the agreement required by § 1.5(a); provided, however, said ninety (90) day period shall not commence until the Tribes has made a full submission of its machine proposal to the State Gaming

Agency; provided, further, that the Tribes shall not commence operation of said EGD until the laboratory testing and certification requirements referred to in § 1.3 of this Appendix are met.

- c) A “full submission,” as that term is used in § 1.5(b), shall include machine hardware (a prototype EGD), base software (the software platform upon which games are loaded), game software for one or more games, and a detailed narrative description of said hardware, base software and game software. Failure of the Tribes and the State Gaming Agency to agree upon a machine concept or failure to execute an agreement required by § 1.5(a) shall constitute a dispute or disagreement between the Tribes and the State Gaming Agency, subject to the dispute resolution provisions contained in § XII of the Compact.

2 TESTING AND MACHINE APPROVAL

2.1 Designation of Independent Gaming Test Laboratory

The State Gaming Agency shall select one or more gaming test laboratories (hereinafter “Gaming Test Laboratory”) to perform the testing required in this Appendix. Any Gaming Test Laboratory selected shall have demonstrated it is competent and qualified to conduct scientific tests and evaluations of electronic gaming systems and to otherwise perform the functions set forth in the Compact. The Tribes may request additional laboratories be placed on the State Gaming Agency’s list of Gaming Test Laboratories, which request shall not be unreasonably denied. Any laboratory that is currently licensed and approved by any state, province or country to test or evaluate EGDs or electronic gaming systems shall be placed on the list if, after review by the State Gaming Agency, it is found to be so qualified and otherwise meets the background and licensing requirements applicable to such laboratories under Washington State law. For any testing required under this Appendix, the Tribes shall choose a laboratory from those Gaming Test Laboratories on said State Gaming Agency list. If, at any time, any of the Gaming Test Laboratories’ licenses from any jurisdiction are suspended, terminated or subject to disciplinary actions, the Gaming Test Laboratories may be removed from the State Gaming Agency’s list. If removed from the State Gaming Agency’s list, the Tribes shall choose a new Gaming Test Laboratory as provided herein.

2.2 Testing and Certification of EGDs

- a) No EGD may be offered for play unless:
 - i) such EGD is approved by the parties as provided in this Appendix; or
 - ii) the EGD prototype thereof has been tested and certified by the Gaming Test Laboratory as meeting the requirements specified by this Appendix.
- b) If not already provided to the Gaming Test Laboratory, the Tribes shall provide or require that the manufacturer provide to the Gaming Test Laboratory two (2) copies of EGD illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes, hexadecimal dumps (the compiled computer program represented in base 16 format), and any

- other information requested by the Gaming Test Laboratory. The Tribes shall make all such materials available to the State Gaming Agency upon request;
- c) If requested by the Gaming Test Laboratory, the Tribes shall require the manufacturer to transport not more than two (2) working models of the EGD to a location designated by the laboratory for testing, examination or analysis. Neither the State nor the Gaming Test Laboratory shall be liable for any costs associated with the transportation, testing, examination, or analysis, including any damage to the components of the EGD. If requested by the Gaming Test Laboratory, the Tribes shall required the manufacturer to provide specialized equipment or the services of an independent technical expert to assist with the testing, examination and analysis;
 - d) At the conclusion of each test, the Gaming Test Laboratory shall provide to the State Gaming Agency and the Tribal Gaming Commission a report that contains findings, conclusions and a certification that the EGD conforms or fails to conform to the requirements contained in the Compact. If the Gaming Test Laboratory determines that the device fails to conform to such requirements or technical standards, and if modifications can be made which would bring the EGD into compliance, the report may contain recommendations for such modifications. The parties are not bound by the findings, conclusions or certifications of the Gaming Test Laboratory for purposes of enforcement of the provisions of the Compact.

2.3 Approval by the State Gaming Agency

Upon receiving the certification from the Gaming Test Laboratory, the State Gaming Agency shall either approve or disapprove the EGD or component thereof, based on the technical criteria contained in this Appendix and the agreement adopted under § 1.5, within sixty (60) days of receipt of the certification as to any new EGD or component thereof, and within fifteen (15) days of the receipt of the certification as to any modification to a system which has already been approved by the State Gaming Agency. The certification shall be deemed approved if no action is taken thereon by the State Gaming Agency within said sixty (60) or fifteen (15) day period, as may be applicable. Any disputes arising out of the approval process in this § 2.3 shall be resolved in accordance with § XII of the Compact.

2.4 Modifications of Approved Systems; Emergency Certifications

No modification to any EGD may be made after testing, certification and approval of an EGD without certification of the modification by the Gaming Test Laboratory under § 2.3 and approval thereof by the State Gaming Agency under this § 2.4. In situations where immediate modifications are necessary to preserve the integrity of an EGD which has been operating pursuant to an approval obtained under § 2.3, the Gaming Test Laboratory may issue an emergency certification of the modification and that it must be made immediately to preserve the integrity of the EGD. Such emergency certifications shall be deemed to be temporarily approved by the State Gaming Agency and remain in effect until the State Gaming Agency takes action on the certification, which shall be governed by § 2.3, provided that no emergency certification shall

be valid or effective until actually approved by the State Gaming Agency, if it was not received by the State Gaming Agency within five (5) days after being issued.

2.5 Manufacturer's Conformity to Technical Standards

Before any component of an EGD may be placed into operation, the Tribes shall first have obtained and submitted to the State Gaming Agency a written certification from the manufacturer that upon installation each such component:

- a) conforms to the specifications of the EGD as certified by the Gaming Test Laboratory; and
- b) operates and plays in accordance with the requirements of the Compact Procedures.

Authorization to operate an EGD requires that it operate and play in accordance with the requirements specified by this Appendix; provided that while the failure of such EGD to comply with such requirements will suffice as grounds to enjoin or otherwise terminate said EGD's operation, such non-compliance will not be deemed a violation of the Compact as long as the Tribes has relied in good faith on the certification of the manufacturer.

2.6 Payment of Gaming Test Laboratory Fees

The Tribes shall be responsible for the payment of all Gaming Test Laboratory fees and costs in connection with the duties described in the Compact. The Tribes shall provide copies of all Gaming Test Laboratory invoices and payments by the Tribes to the State Gaming Agency, which shall have the right to audit such fees. In order to assure independence of the Gaming Test Laboratory, any Gaming Test Laboratory payment delinquency by the Tribes of fees or costs due to the Gaming Test Laboratory may be grounds by the State Gaming Agency for rejecting such laboratory's reports or certification.

2.7 Gaming Test Laboratory Duty of Loyalty

The Tribes shall inform the Gaming Test Laboratory, in writing, that, irrespective of the source of payment of its fees, the Gaming Test Laboratory's duty of loyalty and reporting requirements run equally to the State and the Tribes.

2.8 Random Inspections

The Tribes shall allow the State Gaming Agency to inspect any components of an EGD for the purposes of confirming that such component is operating in accordance with the requirements of the Compact and that such component is identical to that tested by an independent test laboratory. Inspections shall be pursuant to § VII of the Compact.

2.9 State Gaming Agency to be Supplied Model of Player Terminal and System

If not already provided to the State Gaming Agency, the State Gaming Agency shall, upon request, be supplied all components of each EGD to be held at the State Gaming Agency's offices for purposes of determining compliance with these technical requirements.

RULES GOVERNING
TRIBAL LOTTERY SYSTEMS

SECTION 1. OVERVIEW

This Appendix describes, authorizes and sets forth provisions applicable to the operation of a tribal lottery system conducted pursuant to the Indian Gaming Regulatory Act for playing electronic scratch ticket and online lottery games. The system utilizes player terminals with video displays which allow players to purchase chances and obtain game result information, a manufacturing computer which securely creates the finite set of chances used in the scratch ticket portion of the system, a central computer which stores and transmits game information and makes draws for the online lottery game, and an electronic central security and accounting system. In the scratch ticket game, preexisting scratch tickets are dispensed in an electronic format to players through the player terminals on an on-demand basis. In the online lottery game, drawings are conducted on a central computer independently of any activity at player terminals. The drawing results are then matched to player selections previously made on the player terminals. The system and games described and authorized herein are subject to the technical provisions set forth herein.

SECTION 2. DEFINITIONS

2.1 Cashless Transaction System. The means by which a player obtains, transfers and redeems Game Play Credits. The Cashless Transaction System permits a player to play the Tribal Lottery System without inserting cash (coins, tokens or paper currency) into, and to win prizes without receiving cash from, the Player Terminal. The Cashless Transaction System includes the following components:

2.1.1 The Electronic Accounting System.

2.1.2 One or more of the following: plastic, cardboard, magnetic, or "smart" cards; paper; personal identification numbers; Game Play Credits obtained from the exchange of cash or cash equivalents; Game Play Credits displayed on the Player Terminal which were earned as prizes from prior play and not redeemed; and other means for effectuating play and awarding prizes without inserting or dispensing cash into or from the terminal, provided that all Game Play Credits (other than credits earned from prior play and remaining displayed on a Player Terminal) must have been paid for by cash or cash equivalent;

2.1.3 A means of accounting for player deposits of cash or cash equivalents and exchanges for and redemption of Game Play Credits which is independent of the Player Terminal, through a player's account, a voucher system, a smart card system (i.e., a card

generally made of plastic with a computer chip imbedded in it), or similar device for recording individual player data; and

2.1.4 A means by which players can redeem unused Game Play Credits for cash or cash equivalents, first by depositing credits into a player account, a voucher system, or a smart card system or similar device for recording individual player data, and then providing a means to exchange such credits for cash or cash equivalents. All exchanges for cash must be through a cashier or other separate redemption system.

2.2 Central Computer. A computer which conducts random drawings for Online Lottery Games and for Electronic Scratch Ticket games, stores and dispenses Electronic Scratch Tickets from Scratch Ticket Subsets which have been loaded into it from a Manufacturing Computer and are maintained in a secure manner.

2.3 Electronic Accounting System. A computer system that provides a secure means to receive, store and access data and record critical functions and activities, as set forth in § 7.0.

2.4 Electronic Scratch Ticket. A predetermined winning or losing outcome in electronic form. Each Scratch Ticket represents a chance from among the finite set of chances that comprise an Electronic Scratch Ticket Game Set.

2.5 Electronic Scratch Ticket Game. A scratch ticket lottery game that is played in an electronic environment. A game has a specific set of rules including: the theme and types of symbols used; the total number of tickets in the game; the ratio or mix of winning and losing tickets; the prize structure, including number and dollar value of each prize; and price of a single ticket. The game is played by use of computer hardware and software to manufacture, store, distribute, sell, and display scratch tickets to players.

2.6 Electronic Scratch Ticket Game Set. A finite set of Electronic Scratch Tickets that is based on a template that has been designed in accordance with a specific set of rules, including the basic requirements of § 3.2, governing the structure of an Electronic Scratch Ticket Game. Based on that template, an Electronic Scratch Ticket Game Set is created in a Manufacturing Computer, in a secure and verifiable electronic form, prior to the play of an Electronic Scratch Ticket Game. Each Electronic Scratch Ticket Game Set is uniquely identifiable, by serial number or otherwise, so that it can be distinguished from other game sets manufactured from the same template.

2.7 Electronic Scratch Ticket Game Subset. A defined group of Electronic Scratch Tickets that has been randomly selected from an Electronic Scratch Ticket Game Set and transmitted to a Central Computer in a fixed order for play. Each Electronic Scratch Ticket Game Subset is uniquely identifiable from all other Subsets selected from the same Game Set.

2.8 Game Play Credit. The means of representing value obtained from the exchange of cash or cash equivalents, or earned as a prize, which is used to effectuate play. Game Play Credits may be redeemed for cash or a cash equivalent.

2.9 Manufacturing Computer. A computer which creates Electronic Scratch Ticket Game Sets, randomly allocates tickets into Scratch Ticket Subsets, and delivers them to a Central Computer.

2.10 Online Lottery Game. A lottery game by which players, through the use of Player Terminals, select numbers, symbols or other possible outcomes to be matched to outcomes that are subsequently and randomly selected in drawings which are electronically conducted on a Central Computer.

2.11 Online Lottery Game Ticket. A paper, cardboard or electronically encoded medium onto which information is legibly printed, or is recorded electronically in a manner which can cause a Player Terminal to display, the outcomes and prizes won, if any, and other information associated with, an Online Lottery Game drawing in which the player is enrolled.

2.12 Player Terminals. Electronic computer terminals housed in cabinets with input devices and video screens and with which players play the Online Lottery and Electronic Scratch Ticket games. Player Terminals are not capable of playing gambling games as stand-alone devices.

2.13 State Gaming Agency ("SGA"). The agency of the State of Washington which has the authority and responsibility to carry out regulatory functions on behalf of the State in connection with a Tribal-State compact. Unless indicated otherwise in the compact or any law or regulations adopted in connection therewith, the SGA shall be the Washington State Gambling Commission.

2.14 Tribal Gaming Agency ("TGA"). The agency of the Tribe which has the authority and responsibility to carry out regulatory functions on behalf of the Tribe in connection with a Tribal-State compact. The TGA shall be as further defined in the compact.

2.15 Tribal Lottery System. Any lottery system operated pursuant to this Appendix. All computers and terminals and the combination and components thereof in each system operated by the Tribe shall conform to the provisions of this Appendix.

SECTION 3. TRIBAL ELECTRONIC SCRATCH TICKET LOTTERY GAME SYSTEM

3.1 Description of System Operation.

3.1.1 The Tribal Lottery System game known as the Electronic Scratch Ticket Game consists of a finite number of Electronic Scratch Tickets, a certain number of which, if drawn, entitle a player to prize awards at various levels. The scratch tickets are designed from a template in conformity with this Appendix and are created in Game Sets on a Manufacturing Computer from which Scratch Tickets are randomly selected and placed into Scratch Ticket Subsets. Each Game Set has a predetermined number of winners and values and is designed so as to assure players of an at least 75% payback of the amounts paid in the aggregate for all tickets in the Set. As a Game Set's tickets are placed into Subsets, the pool of tickets available from that

Game Set for placement into Subsets diminishes, until each ticket in the Game Set has been placed into a Subset.

3.1.2 Scratch Ticket Subsets are transmitted to the Central Computer, where they are stored until dispensed electronically on demand to Player Terminals. Scratch Tickets are electronically dispensed from the Central Computer in the order within each Subset in which the tickets were received. Players compete against each other to draw winning tickets. As Subsets are used they are replaced by additional Subsets which have been created and delivered to the Central Computer in the same manner, until the Game Set has been depleted, ending that particular game. Different games based on different Game Sets may be offered simultaneously through the Central Computer.

3.1.3 A player initiates participation in an Electronic Scratch Ticket game at a Player Terminal, using Game Play Credits from the Cashless Transaction System. The monitor displays one or more of the Electronic Scratch Ticket games that are offered by the system, as well as other information such as graphics, game play and outcome information, and entertainment effects, subject to the limitations in §§ 5.2.2 and 5.2.3. The player chooses a particular game by touching the screen, pressing a button, or performing some other form of interaction with the Player Terminal.

3.1.4 Following the player's selection of a game or games, the player uses Game Play Credits displayed on the Player Terminal to purchase one or more Electronic Scratch Tickets. The pricing of tickets is governed by the provisions of § 3.2.1. Wagers are deducted from the Game Play Credits displayed on the Player Terminal.

3.1.5 Prize structure, ticket purchase and selection, and wager information is displayed on the Player Terminal with respect to any game which is being played through that terminal.

3.1.6 After the player purchases an Electronic Scratch Ticket it is dispensed to the Player Terminal. The outcome associated with that ticket is shown on the Player Terminal only after the player touches the screen or performs some other physical interaction with the terminal to cause the outcome to be revealed. Any prizes won are displayed on the Player Terminal and may be in the form of Game Play Credits, the right to receive merchandise, or other valuable property.

3.1.7 Game Play Credits earned as prizes remain displayed and available for use in further play from that terminal. Game Play Credits also may be electronically transferred to a) a player's account in the Central Accounting System, b) a ticket or receipt printed by the Player Terminal, or c) a smart card or similar instrument. Once transferred, Game Play Credits may be a) used for further play on another terminal or b) redeemed for cash or cash equivalents through a cashier or other separate redemption system. Merchandise or other property won is collected in accordance with the rules of the game.

3.2 Game Set and Subset Requirements.

3.2.1 Game Set Requirements. Each Game Set shall meet the following minimum requirements:

- a. Each Game Set shall be made up of a finite number of Electronic Scratch Tickets;
- b. All Scratch Tickets in a particular Game Set shall be of the same purchase price, not to exceed \$5.00, but a single Ticket may offer more than one opportunity to win a prize on the same wager;
- c. The payout percentage for the entire Game Set shall be no less than 75% of the total purchase price of all tickets in the set combined;
- d. Each Game Set shall be assigned a unique serial number; and
- e. Each ticket shall have a specific outcome and prize level associated with it.

3.2.2 Game Set Verification Process. Prior to commencement of play, the Game Set shall be verified as to the total number of tickets in the set and the number of winners at each prize level, including the amounts of such prizes, and the number of non-winners. The verification standards which the Game Set must meet are those set forth in § 3.3.

3.2.3 Transmission of Subsets to Central Computer. Following verification of the Game Set, the Manufacturing Computer shall create ordered Scratch Ticket Subsets on demand from the Central Computer and transmit the ordered Subsets to it.

3.2.4 Subset Requirements. Each Electronic Scratch Ticket Game Subset shall meet the following minimum requirements:

- a. Within a given Game Set, each Subset shall be the same size and comprised of no less than 5,000, and no more than 10,000 Electronic Scratch Tickets, provided that in order to complete the distribution of all tickets in a Game Set, the final Subset derived from the Set may have less than the number of tickets in any other Subset and be less than 5,000;
- b. Each Subset shall be individually and uniquely identified by the Game Set serial number and a unique serial number for each Subset assigned in the order in which the Subsets are created;
- c. Scratch Tickets shall be dispensed from two or more Subsets of a given Game Set which have been securely stored in the Central Computer and which Subsets are rotated on a fixed and sequential, and not random, basis;
- d. Scratch Tickets shall be dispensed from a Subset in the order in that Subset in which they were held in the Central Computer, and
- e. Once an Electronic Scratch Ticket has been dispensed to a Player Terminal from a Subset, it cannot be dispensed again.

3.2.5 Completion of Game. A Scratch Ticket Game is deemed to be completed only when all of the Electronic Scratch Tickets in a Game Set have been dispensed or the Game Set has been taken out of play. If any game set is withdrawn from play before completion of the game, the Tribe shall ensure that at least 75% of the revenues received from sales of Electronic Scratch Tickets in that game have been, or in future Electronic-Scratch Ticket Games will be, awarded to players.

In addition, duplicates of the Sets and Subsets, as created and stored on the Manufacturing Computer, shall be stored in a secure enclosure in the Gaming Facility separate from the Manufacturing Computer. All storage shall be through an error-checking, nonvolatile physical medium, so that should the primary storage medium fail, the functions of the Manufacturing Computer and the process of auditing those functions can continue with no critical data loss.

SECTION 4. TRIBAL ONLINE LOTTERY GAME SYSTEM

4.1 Description of System Operation. Tribal Online Lottery Games shall be played in accordance With the following provisions:

4.1.1 A player initiates participation in Online Lottery Games at a Player Terminal, using Game Play Credits from the Cashless Transaction System which are displayed on the terminal video monitor. Play may also be initiated through a Player Terminal dedicated to Online Lottery Games, or a clerk-operated Player Terminal. References herein to player activity and interaction with a Player Terminal in connection with an Online Lottery Game shall also mean activity and interaction by a clerk on behalf of a player.

4.1.2 The Player Terminal video monitor displays one or more of the Online Lottery games that are offered by the system, as well as other information such as graphics, game play, and outcome information, and entertainment effects, subject to the limitation in §§ 5.2.2 and 5.2.3. The player chooses a particular game by touching the screen, pressing a button, or performing some other form of interaction with the Player Terminal.

4.1.3 Following the player's choice of a game or games, the player selects numbers, symbols or other data to be matched in the game by pressing buttons or touching the video screen. The Player may also make such selections through the "quick pick" method. The player then uses Game Play Credits displayed on the terminal monitor to purchase one or more Online Lottery Game Tickets representing such selections, for drawings to be held in the future.

4.1.4 Each Online Lottery Game may offer more than one method of winning a prize, and each method may be represented by a separate wager, but each wager may not exceed \$5.00. Wagers are deducted from the Game Play Credits displayed on the Player Terminal.

4.1.5 The player's wager and selected numbers, symbols or other data to be matched in the game, along with information identifying the drawing(s) to which they apply, are provided to the player in some tangible means, such as by electronic encoding or printing on a paper, card or other medium. In addition, the numbers, symbols or other data selected may be displayed on the Player Terminal.

4.1.6 The player is then entered into one or more future Online Lottery Games, which are conducted through drawings held on the Central Computer.

4.1.7 All drawings for any game are conducted within a period of five (5) minutes or less, and all drawings for all games offered are held within that period. Drawings are held on a regularly scheduled basis and regardless of whether any player is enrolled in a particular Online Lottery Game. Games take place no more frequently than thirty (30) minutes apart, determined by when the first drawing in a game occurs. No more than five (5) different Online Lottery Games are offered at a time, unless the State increases the number of Online Lottery Games it is now playing, thereby entitling the Tribe to increase the number of games it offers in accordance with the rules for doing so.

4.1.8 A Player Terminal may display a player's entry into an Online Lottery Game and the commencement of that game. The form of displaying information may be entertaining and at the discretion of the Tribe, except as limited in §§ 5.2.2 and 5.2.3. For example, the terminal may alert the player through means of a count-down that the drawing in which the player is entered is about to occur. Information regarding prizes that may be awarded for each game are made available to the player prior to commencement of the game.

4.1.9 Following each drawing, the results are displayed and made available in accordance with the rules set forth in § 4.4. Players win if their selections match a required number of drawn numbers or symbols, in accordance with the predetermined and published rules for that particular game. Results and prizes are verified in accordance with the rules set forth in § 4.4, and are paid in Game Play Credits except where, due to the size of the prize, the rules specify some other method of payment. Prizes may also be awarded in the form of merchandise or other valuable property.

4.1.10 Game Play Credits earned as prizes remain displayed and available for use in further play from that terminal. Game Play Credits also may be electronically transferred through the Cashless Transaction System, such as to a) a player's account in the Central Accounting System, b) a ticket or receipt printed by the Player Terminal, or c) a smart card or similar instrument. Once transferred, Game Play Credits may be a) used for further play on another terminal or b) redeemed for cash or cash equivalents through a cashier or other separate redemption system. Merchandise or other property won is collected in accordance with the rules of the game.

Every Online Lottery Game must have at least one jackpot-level prize paid, when won, from a lottery prize pool into which a percentage of each player's wagers, as set forth in the rules for that game, is placed and in which the Tribe shall have no interest. The prize pool may be seeded from time to time by promotional payments or interest free loans from the Tribe. Jackpot prizes not won in a particular game shall be rolled forward into a future game in accordance with rules for disposing of such prizes. 8.3 Other Functions. Systems shall be permissible that allow player tracking, maintenance tracking, and other gaming management or marketing functions. These systems shall not interfere with, or in any way affect, the outcome of any Tribal Lottery Game being played. Systems shall be permissible that allow progressive prize management with the certification of the Gaming Test Laboratory and approval of the SGA.

SECTION 9. GENERAL SECURITY REQUIREMENTS

The following requirements apply to all components of the Tribal Lottery System, including the Manufacturing Computer, the Central Computer, the Electronic Accounting System and Player Terminals.

9.1 Separation. The Manufacturing Computer, Central Computer and Player Terminals in each Tribal Lottery System shall be physically and operationally independent from one another except as specified otherwise in this Appendix, such as for communications, storage and security monitoring, including the routing of communications among system components, provided such routing does not affect the integrity of the communications or the outcome of any game.

9.2 Security. The Manufacturing Computer and Central Computer must be in a locked, secure enclosure with both camera coverage and key controls in place.

9.3 Secure Connections: Data Encryption Standards or Equivalent Data Encryption. Connections between all components of the Tribal Lottery System shall only be through the use of secure communication protocols which are designed to prevent unauthorized access or

tampering, employing Data Encryption Standards or equivalent encryption with changeable seeds or algorithms.

9.4 Surge Protection: Uninterrupted Power System. Each component of the Tribal Lottery System shall at all times be connected to a device which provides surge protection on any line that feeds it and, with the exception of Player Terminals, shall be connected to a temporary power source, such as an Uninterrupted Power System to provide means for an orderly shutdown of the computer in the event of a main power system failure.

9.5 Identification Plates. A non-removable plate shall be affixed to the exterior of each Manufacturing Computer, Central Computer and Player Terminal which shall have written upon it the computer or terminal's serial number, model number, name of the manufacturer and a unique location or inventory number.

9.6 Locked Areas. The Manufacturing and Central Computers shall at a minimum be enclosed in a locked and monitored cabinet. Access shall be through the use of keys secured as provided in § 9.7. The Player Terminal shall have at a minimum the following separately locked areas, which shall be the only means of accessing any non-public part of the terminal: a) a locked and monitored cabinet door, and b) a locked microprocessor compartment.

9.7 Key Control Standards. Keys which provide access to any locked compartment, component or area of a Tribal Lottery System shall be maintained and used in accordance with the key control standards enacted in the Tribe's statement of minimum internal controls.

9.8 MEAL Cards. For all entries into the locked areas of the Manufacturing Computer, Central Computer, or any Player Terminal, a written record must be made on a machine entry authorization log ("MEAL") indicating at least the following: the time, date, and purpose of entering said locked area(s), and the name and employee number (or other personal identification specific to such person) of the person doing so.

9.9 Access Control. In addition to maintenance of MEAL cards, the Manufacturing and Central Computers and Player Terminals shall record and generate a report on any access including date, time of access, person (by employee number) accessing the computer, and the reason for access.

9.10 Cameras. Any Manufacturing Computer and storage related thereto, Central Computer and storage related thereto, and any Player Terminal, shall be monitored by camera and video recordings maintained thereof, in compliance with the requirements of the compact.

9.11 Verification Data and Functions. In addition to its functions in operating a connection with the Electronic Scratch Ticket and Online Lottery Games, the Central Computer may be used to record the data used to verify game play and to configure and perform security checks on Player Terminals, provided such functions do not affect the security, integrity or outcome of such games.

SECTION 10. TESTING OF TRIBAL LOTTERY SYSTEMS TO ENSURE INTEGRITY

10.1 Designation of Independent Gaming Test Laboratory. The SGA shall select one or more gaming test laboratories (hereinafter "Gaming Test Laboratory") to perform the testing required in this Appendix. Any Gaming Test Laboratory selected shall have demonstrated it is competent and qualified to conduct scientific tests and evaluations of electronic-gaming systems, and to otherwise perform the functions set forth in this compact. A Tribe may request additional laboratories be placed on the SGA's list of Gaming Test Laboratories, which request shall not be reasonably withheld. Any laboratory that is currently licensed and approved by any state, province or country to test or evaluate electronic gaming devices or systems shall be placed on the list if, after review by the SGA, it is found to be so qualified and otherwise meets the background and licensing requirements applicable to such laboratories under Washington State Law. For any testing required under this Appendix, the Tribe shall choose a laboratory from those Gaming Test Laboratories on said SGA list. If, at any time, any of the Gaming Test Laboratories' licenses from any jurisdiction are suspended, terminated or subject to disciplinary actions, the Gaming Test Laboratories may be removed from the SGA's list. If removed from the SGA list, the Tribe shall choose a new Gaming Test Laboratory as provided herein.

10.2 Testing and Certification of Tribal Lottery Systems. No Tribal Lottery System may be offered for play unless:

10.2.1 Such Tribal Lottery System is approved by the SGA as provided in § 10.3.

10.2.2 The Tribal Lottery System prototype thereof, has been tested and certified by the Gaming Test Laboratory as meeting the requirements specified by this Appendix;

10.2.3 If not already provided to the Gaming Test Laboratory, the Tribe shall provide, or require that the manufacturer provide to the Gaming Test Laboratory two (2) copies of Tribal Lottery System illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes, hexadecimal dumps (the compiled computer program represented in base 16 format), and any other information requested by the Gaming Test Laboratory. The Tribe shall make all such materials available to the SGA upon request;

10.2.4 If requested by the Gaming Test Laboratory, the Tribe shall require the Manufacturer to transport not more than two (2) working models of the Tribal Lottery System to a location designated by the laboratory for testing, examination or analysis. Neither the State nor the Gaming Test Laboratory shall be liable for any costs associated with the transportation, testing, examination, or analysis, including any damage to the components of the Tribal Lottery System. If requested by the Gaming Test Laboratory, the Tribe shall require the Manufacturer to provide specialized equipment or the services of an independent technical expert to assist with the testing, examination and analysis.

10.2.5 At the conclusion of each test, the Gaming Test Laboratory shall provide to the SGA and the TGA a report that contains findings, conclusions and a certification that the

Tribal Lottery System conforms or fails to conform to the requirements contained in this compact. If the Gaming Test Laboratory determines that the device fails to conform to such requirements or technical standards, and if modifications can be made which would bring the Tribal Lottery System into compliance, the report may contain recommendations for such modifications. The State is not bound by the findings, conclusions or certifications of the Gaming Test Laboratory for purposes of its enforcement of the provisions of this compact.

10.3 Approval by the SGA. Upon receiving the certification from the test laboratory, the SGA shall either approve or disapprove the Tribal Lottery System or component thereof based on the technical criteria contained in this Appendix, within sixty (60) days of receipt of the certification as to any new Tribal Lottery System or component thereof, and within fifteen (15) days of the receipt of the certification as to any modification to a system which has already been approved by the SGA. The certification shall be deemed approved if no action is taken thereon by the SGA within said sixty (60) or fifteen (15) day period, as may be applicable. Any disputes arising out of the approval process in this § 10.3 shall be resolved in accordance with the binding arbitration provisions of the Compact.

10.4 Modifications of Approved Lottery Systems: Emergency Certifications. No modification to any Tribal Lottery System may be made after testing, certification and approval of a Tribal Lottery System without certification of the modification by the Gaming Test Laboratory under § 10.2 and approval thereof by the SGA under § 10.3. In situations where immediate modifications are necessary to preserve the integrity of a Tribal Lottery System which has been operating pursuant to an approval obtained under § 10.3, the Gaming Test Laboratory may issue an emergency certification of the modification and that it must be made immediately to preserve the integrity of the Tribal Lottery System. Such emergency certifications shall be deemed to be temporarily approved by the SGA and remain in effect until the SGA takes action on the certification, which shall be governed by § 10.3, provided that no emergency certification shall be valid or effective until actually approved by the SGA if it was not received by the SGA within five (5) days after being issued.

10.5 Manufacturer's Conformity to Technical Standards. Before any component of a Tribal Lottery System may be placed into operation, the Tribe shall first have obtained and submitted to the SGA a written certification from the manufacturer that upon installation, each such component: (a) conforms to the specifications of the Tribal Lottery System as certified by the Gaming Test Laboratory; and (b) operates and plays in accordance with the requirements of this Compact. Authorization to operate a Tribal Lottery System requires that it operate and play in accordance with the requirements specified by this Appendix; provided that while the failure of such Tribal Lottery System to comply with such requirements will suffice as a grounds to enjoin or otherwise terminate said Tribal Lottery System's operation, such non-compliance will not be deemed a violation of this Compact as long as the Tribe has relied in good faith on the certification of the manufacturer.

10.6 Payment of Gaming Test Laboratory Fees. The Tribe shall be responsible for the payment of all Gaming Test Laboratory fees and costs in connection with the duties described in this compact. The Tribe shall provide copies of all Gaming Test Laboratory invoices and

payments by the Tribe to the SGA, which shall have the right to audit such fees. In order to ensure independence of the Gaming Test Laboratory, any Gaming Test Laboratory payment delinquency by the Tribe of fees or costs due to the Gaming Test Laboratory may be grounds by the SGA for rejecting such laboratory's reports or certification.

10.7 Gaming Test Laboratory Duty of Loyalty. The Tribe shall inform the Gaming Test Laboratory in writing that, irrespective of the source of payment of its fees, the Gaming Test Laboratory's duty of loyalty and reporting requirements run equally to the State and the Tribe.

10.8 Random Inspections. The Tribe shall allow the SGA to inspect any components of the Tribal Lottery System for the purposes of confirming that such component is operating in accordance with the requirements of this compact and that such component is identical to that tested by an Independent Test Laboratory. Inspections shall be pursuant to the Facility access rules set forth in the Compact.

10.9 SGA to be Supplied Model of Player Terminal and System. If not already provided to the SGA, the SGA shall, upon request, be supplied a Player Terminal Central Computer and Manufacturing Computer to be held at the SGA's offices for purposes of determining compliance with these technical requirements.

SECTION 11. ALTERNATIVE STANDARDS PERMITTED AND TECHNICAL CHANGES

11.1 Alternative Standards Permitted. Notwithstanding anything in this Appendix to the contrary, the SGA and Tribe may agree on alternative provisions to those set forth herein, provided such provisions adequately preserve and protect the integrity and security of any game or gaming system or component, or accounting or auditing system or component, affected thereby.

11.2 Technical Changes. Nothing in this Section shall prohibit the Tribe or State from seeking changes of the technical provisions of this Appendix if the necessity or desirability for such changes becomes apparent in the development, testing, production, marketing or use of the system. Neither party shall unreasonably deny such requests.
