

Advanced Placement (AP) Credit and Evaluation Policy*

The College Board Advanced Placement Examinations are offered in May each year and are administered by The College Board in most school districts. Students typically complete an AP course offered by their high school before taking an AP examination in that subject. However, in consideration of homeschooled students and students whose schools do not offer AP courses, The College Board does not require a student to complete an AP course before taking an AP examination. All requests for information should be directed to the Advanced Placement Program of the College Board, 250 Vesey Street, New York, NY, 10281

Entering freshman who took the Advanced Placement (AP) Exam for credit (and who designated that their scores be sent to the University of North Texas at Dallas, code 5999) will receive an evaluation of their scores at Freshman Orientation during the summer, if scores have been received and qualify for credit. Students who do not receive their AP evaluations at that time should check with the Office of Admissions prior to receiving academic advisement to confirm that their AP results have been received.

Former, continuing and transfer students who wish to have their AP test results applied to their UNT Dallas transcript must initiate this process through the Office of Admissions during their term/semester enrolled at UNT Dallas. (Note: students who fail to initiate the process during the first term/semester at UNT Dallas may still be eligible to receive credit, but may be subject to the standards in place at the time of initiation, rather than those that were current when the test was taken.

AP Examination	AP Exam Score	Semester Credit Hours	UNT Dallas Course Equivalent
Composition and Literature			
English Language and Composition	3 or 4	3	ENGL 1313
	5	6	ENGL 1313, 1323
