THE HR SOUTHWEST CONFERENCE

This year marked the 75th anniversary of the HR Southwest Conference. Our SHRM members were able to celebrate this milestone through the student sponsorship program. Rachel Sargent, attended the conference and enjoyed the educational classes, as well as the panels. The panels were composed of HR professionals from all areas and shared their experiences and gave advice. Advice Rachel is soaking in as she prepares to dive

into her career. The conference is a great experience to gain insight about the profession by allowing students to network with other students and professionals in all areas of human resource.

NORTH TEXAS COMPENSATION ASSOCIATION

Tina Opp was at UNT Dallas on October 12, 2016 as a guest speaker for SHRM to deliver important information to our members relating to compensation. Understanding the compensation strategy and how it is an important role to the overall

Human Resource strategy will be an advantage when searching for a new job opportunity. Ms. Opp is currently the president for the NTCA, an organization focused on promoting the “total rewards profession”: The School of business is a member of this association and has provided all UNT Dallas students membership as well. The NTCA holds monthly luncheons in which students can

attend for a low price, usually \$15. We encourage all students to take advantage of all the learning opportunities offered, including NETWORKING!

MEMBER
Spotlight

Rebeca Rodrigues joined SHRM without hesitation as soon as she found out about it. She has been an HR Professional for 12 years and enjoys her job because she loves to connect with people— both at work and outside of it as well. Through out her career she has learned the importance of being a resource to her associates. "Regardless of how busy you are, or how many reports or files you have to run or make, give yourself the opportunity to build rapport with your associates and provide the help they need". Rebeca is dedicated to the profession, she currently holds SHRM-SCP and PHR and is now working on her Bachelor's, her expected graduation is Fall 2017. The foundation of Human Resource comes from laws and regulations that are constantly changing and Rebeca says the best advice she has received about not knowing the answer to a question is to say you don't know the answer rather than to make one up. Human Resource relies on policies to make the right decision for the company and employees.

Congratulations

SHRM would like to congratulate former President Chris Lovrien on obtaining the HR Assistant position with VA Health Care Systems. We wish you the best .

Soon...*

Yes it's coming to UNT Dallas!

We've heard about the residence hall opening it's doors Fall 2017, but we have just learned that something more exciting is coming.. Are you ready OB&HR undergraduates?? Next Fall, UNT Dallas will offer its very own MBA with an HR concentration. More details to come, so stay tuned and get ready to sign up.
