

University of North Texas at Dallas
Fall 2013
SYLLABUS

BIOL1132D-394 : Environmental Science Laboratory 0Hrs					
Department of		Life and Health Sciences	Division of		Liberal Arts and Life Sciences
Instructor Name:		Dr. Aubrey Frantz			
Office Location:		Room 251, Building 2			
Office Phone:		972-338-1523			
Email Address:		aubrey.frantz@unt.edu			
Office Hours:	M 10:00-11:00 W 10:00-11:00 R 3:00-4:00, (If you need another time, please contact me by email)				
Classroom Location:		DAL2 255			
Class Meeting Days & Times:		R 7:00-8:50			
Course Catalog Description:		Interdisciplinary approach to understanding basic concepts in environmental science including critical scientific thought, biodiversity, resource management, pollution, global climate change, resource consumption and population growth. Emphasis on how these concepts affect and are affected by human society. Includes laboratory. May not be counted towards a major or minor in biology. May be used to satisfy a portion of the Natural Sciences requirement of the University Core Curriculum.			
Prerequisites:		None			
Co-requisites:		BIOL1132D Laboratory			
Required Text:		Visualizing Environmental Science. LR Berg and MC Hager. 2009. John Wiley and Sons, Inc. NJ. Lab Manual: Environmental Science Laboratory and Field Activities. MK King et al. 2006. Kendall/Hunt Publishing Co. ISBN: 978-1-4652-0229-1			
Access to Learning Resources:		UNT Dallas Library: phone: (972) 780-3625; web: http://www.unt.edu/unt-dallas/library.htm UNT Dallas Bookstore: phone: (972) 780-3652; e-mail: 1012mgr@fheg.follett.com			
Course Goals or Overview:					
The goal of this course is to introduce students to environmental science and to give students the background information needed to critically think about current environmental issues. Topics will include basic ecology, a review of environmental policy and resource management theories. The course will include discussions of current environmental and conservation challenges. Students will be willing and able to voice and defend their opinions on these subjects as well as be respectful of the opinions of others.					
Learning Objectives/Outcomes: At the end of this course, the student will					
1	Be able to explain the conflicting biological, social, economic and needs of humanity and other living organisms				
2	Demonstrate the ability to assimilate and critically think about environmental issues, environmental policy and legislation				
3	Define the role of organisms in their environment and the interrelatedness of organisms and environmental processes				
4	Identify major components of the ecosystem and their role in global sustainability				

Course Outline

This schedule is subject to change by the instructor. Any changes to this schedule will be communicated by the instructor in class.

TOPICS	TIMELINE
No Lab	8/29
<i>Lab introduction and Safety (5 pts)</i>	9/5
Lab 1: Cancer or Conservation Case Study (10 pts)	
<i>Movie: Gaslands – Worksheet (10 pts)</i>	9/12
Library Instructions – Research Literacy (10 pts)	9/19
Lab 10: Human Population and Ecological Footprint (10 pts)	9/26
Lab 2: The Carbon Cycle – Photosynthesis (10 pts)	10/3
Lab 3: Flow of Energy through the Food Web (10 pts)	10/10
<i>Movie: Cane Toads – Worksheet (10 pts)</i>	10/17
Lab 6: Water Quality Analysis (10 pts)	10/24
No Lab	10/31
<i>Movie: Poisoned Waters – Worksheet (10 pts)</i>	11/7
Lab 11: Marine Fisheries (10 pts)	11/14
<i>Movie: Crude Impact – Worksheet (10 pts)</i>	11/21
THANKSGIVING	11/28
<i>Complete Student Presentations</i>	12/5
<i>Movie: Kilowatt Ours – Worksheet (10 pts)</i>	

Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Laboratory Assignments – *While laboratory accounts for only 20% of your grade, you must receive a passing grade (60% or higher) in the laboratory to receive a passing grade in the class.* You will perform experiments designed to give you hands-on real-world applications of the lecture material. In some cases, you will watch documentaries to complement the experiments. After each laboratory exercise, you will have a lab report or lab assignment worth 10 points. Each assignment is due at the beginning of the next lab session. **Late assignments will be graded, but with a penalty of 10% each day it is late.**

Grading Matrix:

Instrument	Value
Exam 1	100
Exam 2	100
Exam 3	100
Exam 4	100
Presentation	50
Research Paper	50
Laboratory	125
Total:	625

Grade Determination:

- A = 90% or better
- B = 80 – 89 %
- C = 70 – 79 %
- D = 60 – 69 %
- F = less than 60%

University Policies and Procedures

Students with Disabilities (ADA Compliance):

The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. Grades assigned before an accommodation is provided will not be changed as accommodations are not retroactive. For more information, you may visit the Student Life Office, Suite 200, Building 2 or call Laura Smith at 972-780-3632.

Student Evaluation of Teaching Effectiveness Policy:

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy:

*Assignments should be turned in on time. **Late assignments will be graded, but with a penalty of 10% each day it is late.***

Exam Policy:

Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity:

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Academic Integrity at http://www.unt.edu/unt-dallas/policies/Chapter%2007%20Student%20Affairs,%20Education,%20and%20Funding/7.002%20Code%20of%20Academic_Integrity.pdf for complete provisions of this code.

Bad Weather Policy:

On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

Attendance and Participation Policy:

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

Diversity/Tolerance Policy:

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Office of Student Life as the instructor deems appropriate.
