

University of North Texas at Dallas
Spring 2016
SYLLABUS

MATH 1720 D: DIFFERENTIAL CLCULUS		3 Hrs
Department of	Mathematics and Information Sciences	Division of Liberal Arts and Life Sciences
Instructor Name:	<i>Dr. Johnny M. Moore</i>	
Office Location:	Math Lab	
Office Phone:	MW 1:30-2:30 pm	
Email Address:	Johnny.Moore@untdallas.edu	
Office Hours:	MW 1:30 pm – 2:30 am	
Virtual Office Hours:	<i>None</i>	
Classroom Location:	DAL 2-240	
Class Meeting Days & Times:	MW 2:30 pm – 3:50	
Course Catalog Description:	Differentiation and integration of exponential, logarithmic and transcendental functions; Integration techniques; indeterminate forms; improper integrals; area and arc length in polar coordinates; infinite series; power series; Taylor's theorem. Prerequisite(s): MATH 1710. Satisfies the Mathematics requirement of the University Core Curriculum.	
Prerequisites	MATH 1710 (Calculus I) Satisfies the Mathematics requirement of the University Core Curriculum.	
Co-requisites:	None	
Required Text:		
Recommended Text and References:	Calculus: Early Transcendentals, 8th Edition by James Stewart Publisher: Cengage Learning.; ISBN: 978-285-74155-0.	
Access to Learning Resources:	UNT Dallas Library: phone: (972) 780-3625; web: http://www.unt.edu/unt-dallas/library.htm UNT Dallas Bookstore: phone: (972) 780-3652; e-mail: 1012mgr@fhcg.follett.com	
Course Goals or Overview:		
	The goal of this course is to prepare students to be able to take other higher level calculus, differential equations and other classes.	
Learning Outcomes: At the end of this course:		
Course Learning Outcomes:		
1.	Students will be able to learn various methods of integrating polynomial, transcendental and other functions.	
2.	Students will be able to apply these techniques to the real world problems.	
3.	Students will be able to expand a function in an infinite series or power series.	
4.	Students will become familiar with Taylor's theorem and how to use it.	
Program Learning Outcomes		
SLO#1	Students will be able to solve calculus problems.	
SLO #5	Students will be able to manipulate and analyze numerical and graphical data in such a way as to draw reasonable inferences and conclusions.	

Tentative Course Outline

This schedule is subject to change by the instructor. Any changes to this schedule will be communicated by announcement in class and/or email.

Week	Topics
Week #1	Syllabus and Review
Week #2	6.2, 6.4,
Week #3	7.1, 7.2, Quiz I
Week #4	7.3, 7.4,
Week #5	7.5, 7.6, Review Exam I
Week #6	7.7, 7.8,
Week #8	8.1, 8.2, Quiz II
Week #9	Spring Break
Week #10	8.3, 8.4,
Week #11	9.1, 9.2, Exam II
Week #12	9.3, 9.4,
Week #13	9.5, Quiz III
Week #14	10.1, 10.2,
Week #15	10.3, 10.4
Week #16	13.1, 13.2, Review

Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Grading Matrix:

Instrument	Value (points or percentages)	Total
Homework Assignments	10%	10%
Quizzes	10%	10%
2 tests	2 at 25 % each	50%
Final Exam	30%	30%
Total:		100%

Grade Determination:

- A = 90% or better
- B = 80 – 89 %
- C = 70 – 79 %
- D = 60 – 69 %
- F = less than 60%

University Policies and Procedures

Students with Disabilities (ADA Compliance):

The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. For more information, you may visit the Office of Disability Accommodation/Student Development Office, Suite 115 or call Laura Smith at 972-780-3632.

Student Evaluation of Teaching Effectiveness Policy:

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy:

No late homework assignments will be accepted. A missed home-assignment is worth zero. No makeup tests and quizzes will be given, except for documented emergencies.

Exam Policy:

Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity:

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Academic Integrity at <http://www.unt.edu/unt-dallas/policies/Chapter%2007%20Student%20Affairs,%20Education,%20and%20Funding/7.002%20Code%20of%20Academic%20Integrity.pdf> for complete provisions of this code.

In addition, all academic work submitted for this class, including exams, papers, and written assignments should include the following statement:

On my honor, I have not given, nor received, nor witnessed any unauthorized assistance that violates the UNTD Academic Integrity Policy.

Bad Weather Policy:

On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

Attendance and Participation Policy:

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

Diversity/Tolerance Policy:

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Center for Student Rights and Responsibilities as the instructor deems appropriate.

Other Policies:

Use of cell Phones in the class is prohibited. No Food and Drink is allowed in the class. An Incomplete Grade "I" will be awarded only in exceptional circumstances and per university rules (see catalog). Students are responsible for meeting all university deadlines (registration, fee payment, prerequisite verification, drop deadlines etc.). See university catalog and/or schedule of classes for policies and dates.

Spring 2016 Important Deadlines

Note: All offices are closed on Saturdays & Sundays.

All transactions should occur online and all correspondence will be sent to your official UNT Dallas email address.

Registration begins	Friday, October 16
Last Day for Regular Registration	Thursday, January 14
Late Registration Deadline If you register, or add, during late registration, payment is due the same day you register. Students will be charged a \$50 late fee.	Wednesday, January 20
Spring 2016 - 1st 8-Week Term (including final exams)	
Classes Begin	Tuesday, January 19
Census Day	Tuesday, January 26
Classes End	Friday, March 11
Spring 2016 - 2nd 8 Week Term (including final exams)	
Classes Begin	Monday, March 21
Census Day	Monday, March 28
Classes End	Friday, May 13
Spring 2016 - Full Term	
Classes Begin	Tuesday, January 19
Last Day to Add	Friday, January 22
Census Day	Wednesday, February 3
Drop and Withdrawal Deadlines	
Last Day to Drop a Class without a W	Wednesday, February 3
Last Day to Request Pass/No Pass Course Status	Friday, February 26
Last day to withdraw from a course with a grade of W <i>(Written Consent of Instructor Required)</i>	Friday, April 8

Last day a student may withdraw from all classes for the semester	Friday, April 22
Midterm Exams	Monday, March 7 – Friday, March 11
Midterm Grades Due/Viewable Online (Midterm grades are submitted online)	Saturday, March 19
Last Day of Classes	Thursday, May 5
Reading Day (Study day prior to final exams)	Friday, May 6
Final Exams	Monday, May 9 – Friday, May 13
Graduation/Commencement	TBA
Application Deadline	Wednesday, January 27
Last day to change your primary name to be listed on your diploma	Friday, April 22
Degree Conferral Date	Saturday, May 14
University Closings/No Classes	
Martin Luther King Day	Monday, January 18
Spring Break	Monday, March 14 – Sunday,
