**Course Goals or Overview:**

The goal of this course is to provide a foundation for the study and application of the accounting function, for both users of accounting information and practitioners of accounting, such that operational imperatives, as well as legal and regulatory requirements are understood in the context of ethically sound business practices. That includes development of critical thinking skills, teamwork, and technical competence in the field of accounting.

**Learning Objectives/Outcomes:** At the end of this course, the student will be able to

1	Prepare, interpret and analyze accounting information for a variety of business entities. Evaluated by examination and by in-class presentation of solutions to accounting problems.
2	Demonstrate the ability to translate accounting data into business decision support information. Evaluated by examination and by in-class presentation of solutions to accounting problems.
3	Define the various costs encountered in accounting and how they relate to the accounting cycle. Evaluated by examination and by in-class presentation of solutions to accounting problems.
4	Identify ethical pitfalls and how to counter them with effective internal controls. Evaluated by examination and in-class presentations.
5	Apply Generally Accepted Accounting Principles (GAAP) in preparation of financial statements. Evaluated by examination and by in-class presentations.
6	Adjust a Trial Balance with adjusting accounts to prepare financial statements in a variety of formats. Evaluated by examination and by in-class presentation of problem solutions.
7	Account for receivables, plant assets, intangibles, liabilities and payroll. Evaluated by examination and in-class presentation of solutions to accounting problems.
8	Effectively communicate financial results of operations orally and in writing to non-financial managers. Evaluation by in-class presentations of solutions to accounting problems.

## Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course. Classes consist of a mix of lectures, discussion of case studies, and presentation of homework exercises and problems by students.

**Homework** – exercises designed to reinforce chapter material and ensure understanding of concepts, expanded by classroom presentation by students.

**Exams** – written tests designed to measure knowledge of presented course material and ability to apply appropriate concepts in practical settings.

**Presentations** – communication of accounting problem and case solutions in verbal and written forms, given in the context of presentation to a corporate board of directors.

## Grading Matrix:

<u>Instrument</u>	<u>Value (points or percentages)</u>	<u>Total</u>
Homework	Prorated between 12 chapters	100
Team Presentations	1 exercise at 100 points	100
Chapter Exam	Best of 2 at 100 points each	100
Final Exam	1 exam at 200 points	<u>200</u>
	<b>Total:</b>	<b>500</b>

## Grade Determination:

- A = 450-500 pts; i.e. 90% or better
- B = 400-449 pts; i.e. 80 – 89 %
- C = 350-399 pts; i.e. 70 – 79 %
- D = 300-349 pts; i.e. 60 – 69 %
- F = 299 pts or below; i.e. less than 60%

## University Policies and Procedures

### Students with Disabilities (ADA Compliance):

The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation (available in the Student Life Office). Grades assigned before an accommodation is provided will not be changed as accommodations are not retroactive. For more information, you may contact the Assistant Director of Disability Services, Cindy Suarez located in Founder's Hall, 204 or via phone 972-338-1777.

### Blackboard Learn Accessibility Statement:

University of North Texas at Dallas is committed to ensuring its online and hybrid courses are usable by all students and faculty including those with disabilities. If you encounter any difficulties with technologies, please contact our ITSS Department. To better assist them, you would want to have the operating system, web browser and information on any assistive technology being used. Blackboard Learn course management system's accessibility statement is also provided: <http://www.blackboard.com/Platforms/Learn/Resources/Accessibility.aspx>

**NOTE:** Additional instructional technology tools, such as Turnitin, Respondus, Panopto, and publisher cartridge content (i.e. MyLab, Pearson, etc.) may NOT be fully ADA compliant. Please contact our Disability Office should you require additional assistance utilizing any of these tools.

### Student Evaluation of Teaching Effectiveness Policy:

The student assessment of academic effectiveness (course evaluation) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider this evaluation to be an important part of your participation in this class. Therefore, you will be expected to complete the evaluation and provide me a copy of the acknowledgement you receive on completion of the survey (your input is not indicated on the acknowledgement, only that you completed it, so your responses are kept confidential and anonymous). In return for your completion of this survey, you will earn 5 points of extra credit.

### Assignment Policy:

Homework assignments are designed to assist in understanding the chapter material. You may rework the homework assignments as many times as you like, and I encourage you to do them until you feel comfortable with the process. You are not graded on your homework; the result of your efforts with homework will be evident in your exam grades. The points awarded for homework are based on the amount of homework done before the class in

which that chapter is covered; no credit will be given for homework not completed before the class period. Homework is recorded on the Cengage NOW learning management system. You must read the chapter assignments and review the chapter PowerPoint slides before class and be prepared to discuss them. I will not lecture, rather I will lead discussions on the chapter topics and student teams will be assigned weekly to work homework problems in class. If you are not prepared you will not be able to learn. Team research assignments will be based on the finished product and the presentation by the team. All team members must participate in the preparation and presentation of team results. All team members will receive the same point score; team members who do not participate will get no points. Team assignments will be explained in detail at the appropriate time in class and in the written assignment.

**Exam Policy:**

Exams should be taken as scheduled. Exams will be in class, on paper, using Scantron forms; no extraneous material will be allowed on desks/tables during exams, and calculators cannot be capable of being programmed. The instructor/proctor will reseal students as necessary to insure independence and to remove any student appearing to violate the integrity policy during exams. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

**Academic Integrity:**

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (e.g., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Academic Integrity at

[http://www.untdallas.edu/sites/default/files/page\\_level2/pdf/policy/7.002%20Code%20of%20Academic\\_Integrity.pdf](http://www.untdallas.edu/sites/default/files/page_level2/pdf/policy/7.002%20Code%20of%20Academic_Integrity.pdf) for complete provisions of this code.

Academic dishonesty includes, but is not limited to, cheating, plagiarizing, fabrication of information or citations, facilitating acts of dishonesty by others, having unauthorized possession of examinations, submitting work of another person or work previously used without informing the instructor, or tampering with the academic work of other students.

Web-based Plagiarism Detection: Please be aware in some courses, students may be required to submit written assignments to Turnitin, a web-based plagiarism detection service, or another method. If submitting to Turnitin, please remove your title page and other personal information.

**Bad Weather Policy:**

On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website [www.untdallas.edu](http://www.untdallas.edu). Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically. There will be study information on Blackboard for those occasions class cannot be held on campus, whether due to bad weather or other requirements.

**Attendance and Participation Policy:**

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

**Diversity/Tolerance Policy:**

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Center for Student Rights and Responsibilities as the instructor deems appropriate.

**Other Policies:**

- **Use of Blackboard Learn.** Blackboard Learn is an important communication and education tool. It supports major web browsers such as Windows Internet Explorer, Apple Safari, Mozilla Firefox, and Google Chrome, although some recent versions of the latter two may not be compatible. In case of difficulty accessing or using components of the course, you should try using Internet Explorer. In any case, pop-ups should always be enabled. For more information see:
  - <http://www.untdallas.edu/dlit/ecampus/requirements>
  - [https://help.blackboard.com/en-us/Learn/9.1/SP\\_12\\_and\\_SP\\_13/Student/040/Browser\\_Support\\_for\\_SP\\_13](https://help.blackboard.com/en-us/Learn/9.1/SP_12_and_SP_13/Student/040/Browser_Support_for_SP_13)
  - [https://learn.unt.edu/bbcswebdav/institution/BrowserCheck/check\\_full.html](https://learn.unt.edu/bbcswebdav/institution/BrowserCheck/check_full.html)
- You will be expected to be competent in this technology, and to inform the instructor if you need help. If you choose not to access Blackboard Learn, you will not be able to complete the course, since homework and some exams are administered through this portal.
- **Use of Cell Phones & other Electronic Gadgets in the Classroom.** Cell phones are permitted in the classroom, but must be set to “vibrate” or “silent” during class. Answer calls outside, if you must, but cell phone conversations, texting, and similar activities will not be permitted in the classroom. Other electronic devices may be used in the classroom in a demonstrable application of educational assistance. If you question the appropriateness of the device in the classroom, ask the instructor for guidance.
- **Food & Drink in the Classroom.** You are expected to be responsible adults in this class. Drinks are acceptable in class, so long as there is a means of controlling a spill (such as a cup lid). You are expected to police your own area – it should be clean when you arrive, and you should leave it clean when you leave. **Food is generally a disruptive agent during class, so you should confine yourself to suffering your hunger in silence during the class period. If you forget, I shall remind you.**
- **Use of Laptops.** You are encouraged to use laptops, iPads, and similar devices to assist in taking notes and researching topics related to the class. They must not be used for social activities, games, etc., during class time. Students using devices for other than class related purposes will be required to leave the classroom.
- **Grade of Incomplete, “I”** - This grade is given in very specific time periods and circumstances. Consult your Student Handbook for details.
