Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Exam – written test designed to measure knowledge of presented course material

Research Projects – assignments designed to measure ability to apply presented course material and present the results in both written and verbal forms.

Grading Matrix:

Instrument	Value (points or percentages)	Total
Team Project Presentations	1 paper at 50 points	50
Chapter Homework	10 homework assignments at 10 points each	100
Attendance	10 classes at 5 points each	50
Final Exam	1 exam at 100 points	100
Total:		300

Grade Determination:

A = 300 – 270 pts; i.e. 90% or better

B = 269 – 240 pts; i.e. 80 – 89 %

C = 239 – 210 pts; i.e. 70 – 79 %

D = 209 – 180 pts; i.e. 60 – 69 %

F = 179 pts. or below; i.e. less than 60%

University Policies and Procedures

Students with Disabilities (ADA Compliance):

Any student requesting academic accommodation based on a disability is required to register with Disability Services each semester. A letter of verification for approved accommodations can be obtained from this office. Please be sure the letter is delivered to me as early in the semester as possible. Disability Services is located in

the Student Life Office in DAL2, Suite 200 and is open 8:30 a.m. – 5:00 p.m., Monday through Friday. The phone number is (972) 338-1775.

Student Evaluation of Teaching Effectiveness Policy:

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class. Therefore, you will be expected to complete the SETE and provide me a copy of the acknowledgement you receive on completion of the survey (your input is not indicated on the acknowledgement, only that you completed it, so your responses are kept confidential and anonymous). In return for your completion of this survey, you will earn 5 points of extra credit.

Assignment Policy:

Homework assignments are designed to assist in understanding the chapter material. You may rework the homework assignments as many times as you like, and I encourage you to do them until you feel comfortable with the process. You are not graded on your homework; the result of your efforts with homework will be evident in your exam grade. You must read the chapter assignments and review the chapter PowerPoint slides before class and be prepared to discuss them. I will not lecture; rather I will lead discussions on the chapter topics and work some homework problems as time permits. If you are not prepared you will not be able to learn. Team assignments will be based on the finished product and the presentation by the team. All team members must participate in the preparation and presentation of team results. All team members will receive the same point score; team members who do not participate will get no points. Team assignments will be explained in detail at the appropriate time in class and in the written assignment.

Exam Policy:

Final Exam should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity:

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Academic Integrity at http://www.unt.edu/unt-dallas/policies/Chapter%2007%20Student%20Affairs,%20Education,%20and%20Funding/7.002%20Code%20of%20Academic_Integrity.pdf for complete provisions of this code.

Bad Weather Policy:

On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

Attendance and Participation Policy:

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

Diversity/Tolerance Policy:

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions, which violate

the Code of Student Conduct, will be referred to the Center for Student Rights and Responsibilities, as the instructor deems appropriate.

Other Policies:

- **Use of Blackboard Learn.** Blackboard Learn is an important communication and education tool. You will be expected to be competent in this technology, and to inform the instructor if you need help. If you choose not to access Blackboard Learn, you will not be able to complete the course, since homework is administered through this portal.
- **Use of Cell Phones & other Electronic Gadgets in the Classroom.** Cell phones are permitted in the classroom, but must be set to “vibrate” or “silent” during class. Answer calls outside, if you must, but cell phone conversations, texting, and similar activities will not be permitted in the classroom. Other electronic devices may be used in the classroom in a demonstrable application of educational assistance. If you question the appropriateness of the device in the classroom, ask the instructor for guidance.
- **Food & Drink in the Classroom.** You are expected to be responsible adults in this class. Drinks are acceptable in class, so long as there is a means of controlling a spill (such as a cup lid). You are expected to police your own area – it should be clean when you arrive, and you should leave it clean when you leave. Food is generally a disruptive agent during class, so you should restrain yourself to suffer during the class period.
- **Use of Laptops.** You are encouraged to use laptops, iPads, and similar devices to assist in taking notes and researching topics related to the class. They must not be used for social activities, games, etc., during class time.
- **Grade of Incomplete, “I”** - This grade is given in very specific time periods and circumstances. Consult your Student Handbook for details.
