Student Evaluation of Teaching Effectiveness Policy:

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy:

Any style guide may be used as long as it is used consistently throughout the paper.

Note: No extensions are given, unless a legitimate excuse is received well before the due date. For illness or injury a doctor's note is required. An unexcused late assignment will result in an automatic 10 point deduction and an additional 5 point deduction for each day after that.

Exam Policy:

Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Note: If you come in late for an exam and another student has already turned in a completed exam, you cannot take the regular exam

Academic Integrity:

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of conduct and Academic Dishonesty policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. 5. No late work will be accepted unless you have a valid documented excuse (documented illness or death in the family). 6. All work must be turned in during class. I will not accept emailed work unless you have a valid documented excuse.

Attendance and Participation Policy:

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

To get the most out of this class your attendance is required.

- An attendance sign in sheet will be circulated at the beginning of each class. Sign your name in the sheet to document your attendance. Failure to sign the sheet will be considered an absence.
- Students are expected to attend all scheduled meetings of this class. Students are also expected to be on time for all scheduled class meetings. Students who come to class late will be counted as absent. **5 overall points will be deducted for every class period missed.**
- If you have a documented excuse for your absence let me know as soon as possible and bring it to class. A valid documented excuse consists of a doctor's note documenting your illness or death in the family

Diversity/Tolerance Policy:

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Center for Student Rights and Responsibilities as the instructor deems appropriate.
