Course Goals or Overview:

This course is designed to provide students with a supervised counseling experience that will facilitate the student's development as a professional counselor. The focus is on a consistent implementation of an internally consistent, personal theory of counseling with a variety of clients. Students are required to carry a specified caseload at Counseling Program clinical facilities.

Students must complete supervised practicum experiences that total a minimum of 100 clock hours. Each student's practicum includes all of the following (CACREP STANDARDS):

- 1. At least 40 clock hours of direct service with actual clients that contributes to the development of counseling skills.
- 2. Weekly interaction that averages one hour per week of individual and/or triadic supervision throughout the practicum by a program faculty member in accordance with the supervision contract. Biweekly communication (every other week) regarding the student's progress between the program faculty and student's supervisor must occur throughout the student's practicum experience.
- 3. An average of 1 1/2 hours per week of group supervision that is provided on a regular schedule throughout the practicum by a program faculty member.
- 4. The development of video recordings for use in supervision or live supervision of the student's interactions with clients.
- 5. Evaluation of the student's counseling performance throughout the practicum, including documentation of a formal evaluation after the student completes the practicum.

Learning Objectives/Outcomes: The student will demonstrate knowledge, skills, and practices necessary for success as a professional counselor via his or her participation in key assessments in this course. Student Learning Outcomes for this course are as follows:

	CMHC Knowledge and Skills Outcomes	CACREP	Evaluation
1.	Demonstrate the ability to apply and adhere to ethical	CMHC B1	Professional Counseling
	and legal standards in CMHC.		Performance Evaluation
			(PCPE)-Practicum
2.	Use the principles and practices of diagnosis, treatment,	CMHC D1	PCPE- Practicum
	referral, and prevention of mental and emotional		
	disorders to initiate, maintain, and terminate counseling.		
3.	Apply multicultural competencies to clinical mental	CMHC D2	PCPE- Practicum
	health counseling involving case conceptualization,		
	diagnosis, treatment, referral, and prevention of mental		
	and emotional disorders.		
4.	Demonstrates appropriate use of culturally responsive	CMHC D5	PCPE- Practicum
	individual, couple, family, group, and systems modalities		
	for initiating, maintaining, and terminating counseling.		
5.	Demonstrates the ability to use procedures for assessing	CMHC D6	PCPE- Practicum
	and managing suicide risk.		
6.	Applies current record-keeping standards related to	CMHC D7	PCPE- Practicum
	clinical mental health counseling.		
7.	Provides appropriate counseling strategies when working	CMHC D8	PCPE- Practicum
	with clients with addiction and co-occurring disorders.		
8.	Demonstrates the ability to recognize his or her own	CMHC D9	PCPE- Practicum
	limitations as a clinical mental health counselor and to		
	seek supervision or refer clients when appropriate.		

		1	1
	ntains information regarding community resources to the appropriate referrals	CMHC F1	PCPE- Practicum
	vocates for policies, programs, and services that are stable and responsive to the unique needs of clients	CMHC F2	PCPE- Practicum
11. Dem	nonstrates the ability to modify counseling systems, ories, techniques, and interventions to make them urally appropriate for diverse populations.	CMHC F3	PCPE- Practicum
inter plan impl	ects appropriate comprehensive assessment rventions to assist in diagnosis and treatment aning, with an awareness of cultural bias in the lementation and interpretation of assessment ocols	CMHC H1	PCPE- Practicum
13. Dem men men treat	nonstrates skill in conducting an intake interview, a stal status evaluation, a biopsychosocial history, a stal health history, and a psychological assessment for transfer transfer and caseload management.	CMHC H2	PCPE- Practicum
	eens for addiction, aggression, and danger to self or others, as well as co-occurring mental disorders.	СМНС Н3	PCPE- Practicum
chan treat	blies the assessment of a client's stage of dependence, age, or recovery to determine the appropriate timent modality and placement criteria within the tinuum of care.	CMHC H4	PCPE- Practicum
inclu sympand	nonstrates appropriate use of diagnostic tools, uding the current edition of the DSM, to describe the ptoms and clinical presentation of clients with mental emotional impairments.	CMHC L1	PCPE- Practicum
of di	ole to conceptualize an accurate multi-axial diagnosis isorders presented by a client and discuss the erential diagnosis with collaborating professionals.	CMHC L2	PCPE- Practicum
appr trauı	Perentiates between diagnosis and developmentally ropriate reactions during crises, disasters, and other ma-causing events.	CMHC L3	PCPE- Practicum
SC I	Knowledge and Skills Outcomes	CACREP	Evaluation
1. Dem	nonstrates the ability to apply and adhere to ethical legal standards in school counseling.	SC B1	PCPE- Practicum
the s	nonstrates self-awareness, sensitivity to others, and skills needed to relate to diverse individuals, groups, classrooms.	SC D1	PCPE- Practicum
plan deve abili resil	igns and implements prevention and intervention as related to the effects of (a) atypical growth and elopment, (b) health and wellness, (c) language, (d) ity level, (e) multicultural issues, and (f) factors of liency on student learning and development.	SC D3	PCPE- Practicum
	nonstrates the ability to use procedures for assessing managing suicide risk.	SC D4	PCPE- Practicum
5. Dem	nonstrates the ability to recognize his or her tations as a school counselor and to seek supervision efer clients when appropriate.	SC D5	PCPE- Practicum
6. Dem	nonstrates multicultural competencies in relation to ersity, equity, and opportunity in student learning and elopment.	SC F1	PCPE- Practicum
	esses and interprets students' strengths and needs,	SC H1	PCPE- Practicum

backgrounds, and abilities.		
8. Selects appropriate assessment strategies that can be used	SC H2	PCPE- Practicum
to evaluate a student's academic, career, and		
personal/social development.		
9. Analyzes assessment information in a manner that	SC H3	PCPE- Practicum
produces valid inferences when evaluating the needs of		
individual students and assessing the effectiveness of		
educational programs.		
10. Makes appropriate referrals to school and/or community	SC H4	PCPE- Practicum
resources.		
11. Assesses barriers that impede students' academic, career,	SC H5	PCPE- Practicum
and personal/social development.		
12. Applies relevant research findings to inform the practice	SC J1	PCPE- Practicum
of school counseling.		
13. Develops measurable outcomes for school counseling	SC J2	PCPE- Practicum
programs, activities, interventions, and experiences.		
SACC Knowledge and Skills Outcomes	CACREP	Evaluation
1. Demonstrates the ability to apply and adhere to ethical	SACC B1	PCPE-Practicum
and legal standards in student affairs and college		
counseling		
2. Demonstrates the ability to recognize his or her own	SACC C5	PCPE- Practicum
limitations as a college counselor and/or student affairs		
3. Applies multicultural competencies to the practice of	SACC D1	PCPE- Practicum
student affairs and college counseling.		
4. Demonstrates the ability to use procedures for assessing	SACC D4	PCPE- Practicum
and managing suicide risk.	a . a a a a a	2022
5. Demonstrates a general understanding of principles and	SACC D5	PCPE- Practicum
models of biopsychosocial assessment and case		
conceptualization that lead to appropriate counseling for		
students in postsecondary education.	G + GG E4	DODE D
6. Applies multicultural competencies to serve diverse	SACC F4	PCPE- Practicum
postsecondary student populations.	G A GG E5	DODE D
7. Addresses multicultural counseling issues as they relate	SACC F5	PCPE- Practicum
to student development and progress in postsecondary		
education (e.g., discrimination, power, privilege,		
oppression, values).	CACCIII	DCDE Drootiss
8. Assesses and interprets postsecondary student needs,	SACC H1	PCPE- Practicum
recognizing uniqueness in culture, languages, values,		
backgrounds, and abilities.	CACC II	DCDE Draoticum
9. Applies relevant research findings to inform the practice	SACC J1	PCPE- Practicum
of student affairs and college counseling.	SACC IO	DCDE Practicum
10. Develops measurable outcomes for college counseling	SACC J2	PCPE- Practicum
and student development activities.		

Course Outline

This schedule is merely a suggestion of topics to be covered and may deviate from the below schedule. *The schedule subject to change by the instructor.* Any changes to this schedule will be communicated by the instructor in class.

Course Evaluation Methods

Methods of instruction: Instructional methods may include assigned readings, role plays, group discussion, didactic lectures, journal exploration, individual/triadic and group supervision, case conceptualizations and related presentations, video/film analysis, and experiential activities.

Student performance evaluation criteria and procedures:

KEY ASSESSMENT: PCPE-Practicum Midterm KEY ASSESSMENT: PCPE-Practicum Final

Instrument	Value (points or percentages)
Assigned Readings/Resources and Group	Professional Responsibility
Participation	
Practicum Handbook Quiz	20
Professional Counseling Performance	50 (25 each)
Evaluations [PCPE]-Practicum	
Midterm and Final	
3 Mini Case Conceptualizations – in	30 (10 each)
session if no time during class	
Review of Client Files (triadic supervisor	20 (10 each)
will review files at mid-point and end of	
semester)	
Formal Case Presentations	20
Total:	160

A. FORMAL CASE PRESENTATION (20PTS)

The purposes of your case presentation (one before final) is to expose students to a wider variety of clients, client issues, and work in different settings *and* provide opportunities or interactive group feedback and learning. For this project, select a client with whom you are having some difficulty and would like additional feedback.

Create a Powerpoint and distribute a copy to each class member and the professor (bring 4 copies) before you begin your presentation. Your Powerpoint should include a basic overview from the bulleted points below.

Presentation:

- 1. Outline for Oral Presentation
 - a. Provide a BRIEF 5 Minute (or less) introduction of the client & the supervision sought via Powerpoint.
 - b. Show a 10-15 minute clip of your counseling session with a client (please refrain from adding commentary during the demonstration unless your professor or classmate asks a clarifying question). Be advised that you **should ensure your video tape is working properly on the equipment in class before your presentation begins**.
 - c. 10 Minutes of Supervision/Q&A will follow (practice active listening non-defensively as you
 receive both encouraging and possibly constructive feedback from your classmates and
 professor)

2. Client information / Brief Biopsychosocial History

- d. Description of the client (age, race, gender)
- e. Statement of the client's problem
- f. Family, home, cultural background
- g. Relationship status and relationship/sexual history
- h. Physical health history
- i. Educational history
- j. Occupational history
- k. Social interactions, hobbies, recreational activities, and spiritual involvement

3. Counseling history

- a. Previous counseling or evidence of concerns
- b. Precipitants to intake
- c. Summary of work thus far (number of sessions with you, content)

4. <u>Current conceptualization</u>

- a. Assessment (mental status observations, self-report, instrument results, client strengths, client needs)
- b. Diagnostic impressions in DSM-V format
- c. Brief case conceptualization (what do you think is going on? what would your theory say is the issue? Role of social/cultural issues?)
- d. Treatment plan (client's goals, your goals, and approaches used thus far)
- e. Theory-based plans for future sessions

5. Solicit feedback regarding **counselor's** performance

- a. Statement of difficulties/questions
- b. Introduction of the tape and description what you are attempting to accomplish
- c. Specific request for the type of feedback or help you would like

A. Review of Client Files $(2 \times 10 \text{ pts})$

Students' triadic supervisor will review client files intermittently and provide a grade at the midpoint and end of the semester to ensure notes are done adequately and client's files have all the pertinent information according to Clinic procedures.

B. PCPE (Mid Term and Final) (2x 25pts = 50pts)

Student will complete PCPE at mid-term and final according to course agenda. The professor and triadic supervisor will then evaluate the PCPE and provide an additional PCPE for the student during a 20 minute in person conference on the day (at mid-term and at final) indicated on the course agenda.

D. Mini Case Studies $(3 \times 10 \text{ pts} = 30 \text{ pts})$

Choose 3 different supervision sessions where you will present your mini case study

Write up:

1. Client information / Brief Biopsychosocial History

- a. Description of the client (age, race, gender)
- b. Statement of the client's problem
- c. Family, home, cultural background
- d. Relationship status and relationship/sexual history

- e. Physical health history
- f. Educational history
- g. Occupational history
- h. Social interactions, hobbies, recreational activities, and spiritual involvement

2. Counseling history

- a. Previous counseling or evidence of concerns
- b. Precipitants to intake
- c. Summary of work thus far (number of sessions with you, content)

3. <u>Current conceptualization</u>

- a. Assessment (mental status observations, self-report, instrument results, client strengths, client needs)
- b. Diagnostic impressions in DSM-IV-TR format
- c. Brief case conceptualization (what do you think is going on? what would your theory say is the issue? Role of social/cultural issues?)
- d. Treatment plan (client's goals, your goals, and approaches used thus far)
- e. Theory-based plans for future sessions
- 4. Show video tape of at least 10 minutes during supervision

University Policies and Procedures

Students with Disabilities (ADA Compliance):

The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. For more information, you may visit the Office of Disability Accommodation/Student Development Office, Suite 115 or call Laura Smith at 972-780-3632.

Student Evaluation of Teaching Effectiveness Policy:

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy:

Assignments are expected to submitted on the due date designated in the syllabus. Assignments that are not submitted by the end of the day on which they are due will receive an automatic deduction of 5pts. Assignments will receive a deduction of 5 pts/day they are late. Assignments that are more than 3 days late will not be accepted, and the student will be assigned a 0 for the assignment.

Exam Policy:

Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity:

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of conduct and Academic Dishonesty policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Conduct at http://www.unt.edu/csrr/student_conduct/index.html for complete provisions of this code.

Bad Weather Policy:

On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

Attendance and Participation Policy:

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. Students who miss any periods of class will have points deducted from their final grade, unless it is a medical emergency or death of immediate family member. Written documentation is required to substantiate any emergency absence in which the student asked to be excused. Attendance is defined as both physical and intellectual presence. Therefore, students who are not fully present during class will be asked to leave and assigned an absence for the day. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class by contacting a classmate. It is not the professor's responsibility to update the student on missed information. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

Diversity/Tolerance Policy:

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Center for Student Rights and Responsibilities as the instructor deems appropriate.

Additional Policies:

- Use of Cell Phones & other Electronic Devices in the Classroom

Due to the experiential nature of this class and the importance of the information being conveyed during lecture, electronic devices, except for laptops, are not to be used during class time. Cell phones must be set to vibrate or silent during class, and for no reason may a student make or receive a call during class, except for medical emergencies. In addition, texting is not allowed during class time. Students must set their texting device (cell phone, smart phone, etc...) to silent. Students who engage in texting or phone calls during class will be asked to leave.

Food & Drink in the Classroom

Due to the length and time during which class has been scheduled food and drink are allowed in the classroom. However, it is the responsibility of the student to bring food which does not result in distraction from participation in class activities. Students are responsible for cleaning any trash which results from their food items and cleaning any spills/messes.

- *Grade of Incomplete, "I"*

For this course the grade of "I" is, as a general rule, not given. If a student believes that they posses extenuating circumstances which bear the instructors consideration, a conference with the instructor should be scheduled.

UNT Dallas

Department of Counseling and Human Services Class Attendance and Participation Rubric

In an effort to cultivate an effective learning environment, faculty members request that each student meets expectation of the following behaviors. **The intent of this rubric is NOT to be punitive but rather to have clear and consistent expectations across the department**. Students have the freedom to choose their behavior. Faculty will enforce the following guidelines for the behaviors that students choose.

	oose.	Meets Expectation -0% of grade	Occasionally Below Expectation -2.5% of	Consistently Below Expectation -5% of final
			final grade	grade (-2.5% for each additional missed class tardy)
1.	Attendance	Attends all class with one or less excused absence.	Misses one class with excused absence and one absence due to emergency (family member death, hospitalization, or something involving police or firefighters).	Misses two or more classes due to non-emergency (family member death, hospitalization, or something involving police or firefighters).*
2.	Punctual	Arrives and is ready to begin on time with no more than one tardy and remains to the end of class.	Is more than 5-10 minutes tardy two times or leaves class early two times.	Is more than 10 minutes tardy more than two times or leaves class early more than two times.*
3.	Quality Contribution	Questions and comments are on topic, indicate reflection and knowledge of readings, and contribute to a deeper understanding.	Questions and comments are occasionally (2 times) tangential, do not indicate knowledge of readings, and do not contribute to a deeper understanding.	Questions and comments are often tangential (3+ times), do not indicate knowledge of readings, and do not contribute to a deeper understanding.
4.	Attentive Behavior	Pays attention and does not engage in side conversations or off-task technology activity (i.e. texting, surfing web, social networking) more than once a semester.	Does not pay attention but rather engages in side conversations or off-task technology (i.e. texting, surfing web, social networking) twice a semester.	Does not pay attention but rather engages in side conversations or off-task technology (i.e. texting, surfing web, social networking) more than twice a semester.
5.	Responsible Behavior	Is consistently informed by checking Blackboard, syllabus, and emails for instructions and updates.	Is uninformed about instructions and updates twice.	Is uninformed about instructions and updates more than twice.

^{*} Results in drop in the final letter grade in class. If two or more, then drops another letter grade.
