Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Discussion Posts

There will be required discussion posts for each week in the semester. Students are required to post an initial post to the question(s) for the unit (by Thursday midnight) and post a response to a classmate (by Sunday midnight) within the assigned weekly unit. Weekly discussion posts will be graded on a 100-point scale with the total discussion

grade comprising 30% of the final grade. Late discussion posts are not accepted due to the nature of online classes.

Quizzes

There will be a total of 4 quizzes worth 10 points each. Quizzes cover the reading material from the textbook, assigned readings, activities, and lecture, and will typically consist of multiple choice questions. Quizzes will allow three attempts to improve your grade. These are open book without a time limit and are designed to help you study for your exams. Total quiz grade will comprise 20% of your final grade. Quizzes are due by the close of the unit they are assigned (by Sunday midnight). No late quizzes allowed as they are open for an entire week.

Exams

There will be one exam worth 100 points and is worth 20% of your final grade. Exams cover material from the texts, assigned readings, lectures, and class discussions, and will typically consist of multiple choice, short answer, and/or essay questions.

Paper

Students will write a paper from a list of topics that will be provided in the Blackboard classroom. Papers are required to be written in APA format with a minimum of 5 scholarly references (websites will not count but can be used if scholarly, no sites like Wikipedia). Paper should be 4-5 pages in length not including title, table of contents, or reference page. Due dates are on the schedule. Paper will be accepted early, no late papers accepted.

Powerpoint Project

Project: Students will work individually presenting a case study on a Serial Killer. The project will consist of a powerpoint presentation that will be posted to the class at the end of the semester. The project is required for all students. Detailed information is located in the project section of the courseroom.

Grading Matrix:

Activities/Assignments	Value (percentages)
Discussion Posts	30%
Quizzes	20%
Final Exam	20%
Paper	10%
Serial Killer Project	20%
Total:	100%

Grade Determination

Grades are based on the <u>weighted</u> percentages for each activity/assignment as noted above. The final grade is not the percentage of points you earned divided by the total points. The weighted column in the gradebook is the weighted grade and will be used for your final grade.

A = 90% or better

B = 80 - 89 %

C = 70 - 79 %

D = 60 - 69 %

F = less than 60%

University Policies and Procedures

Students with Disabilities (ADA Compliance):

Chapter 7(7.004) Disability Accommodations for Students

The University of North Texas at Dallas makes reasonable academic accommodation for students with disabilities. Students seeking accommodations must first register with the Disability Services Office (DSO) to verify their eligibility. If a disability is verified, the DSO will provide you with an accommodation letter to be delivered to faculty to begin a private discussion regarding your specific needs in a course. You may request accommodations at any time, however, DSO notices of accommodation should be provided as early as possible in the semester to avoid any delay in implementation. Note that students must obtain a new letter of accommodation for every semester and must meet/communicate with each faculty member prior to implementation in each class. Students are strongly encouraged

to deliver letters of accommodation during faculty office hours or by appointment. Faculty members have the authority to ask students to discuss such letters during their designated office hours to protect the privacy of the student. For additional information see the Disability Services Office website at http://www.untdallas.edu/disability. You may also contact them by phone at 972-338-1777; by email at UNTDdisability@untdallas.edu or at Building 2, room 204.

Assignment Policy: (According to the instructor's discretion while working in concert with the division/program's guidelines).

Exam Policy: (Online exams and the ability to retake is solely at the instructor's discretion). NOTE: Online exams may be proctored on campus per instructor's discretion.

If submitting to Turnitin, please remove your title page and other personal information.

The University attendance policy is in effect for this course. Class attendance in the Blackboard classroom and participation is expected because the class is designed as a shared learning experience, and because essential information not in the textbook will be discussed in the discussion board. Online presence and participation in all class discussions is essential to the integration of course material and your ability to demonstrate proficiency.

All instructors must follow university policy 7.005 covering excused absences; however, it is the instructor's discretion, as outlined in the course syllabus, of how unexcused absences may or may not count against successful completion of the course

Inclement Weather and Online Classes: Online classes may or may not be effected by campus closures due to inclement weather. Unless otherwise notified by your instructor via e-mail, online messaging, or online announcement, students should assume that assignments are due as scheduled.
