

## Joint Base Pearl Harbor - Hickam Sailors volunteer to honor veterans

Story and photos by  
MC2 Robert Stirrup

Navy Region Hawaii Public Affairs

Sailors assigned to commands at Joint Base Pearl Harbor - Hickam volunteered their time to clean up the Navy Veterans Cemetery at the Oahu Cemetery in Honolulu on Nov. 9.

More than 40 volunteers from the Pearl Harbor-based surface ships USS Chafee (DDG 90), USS Russell (DDG 59), USS Paul Hamilton (DDG 60), USS Port Royal (CG 73) and USS Lake Erie (CG 70) and shore-based Naval Surface Group Middle Pacific participated in the event.

Led by Senior Chief Operations Specialist (SW/AW) Douglas Anderson, assigned to USS Chafee, and hosted by the Surface Navy Association (SNA), the Sailors cleaned headstones and cleared weeds and tall grass in the area in preparation for Veterans Day.

"Today we're here to honor some of our fallen Navy heroes by cleaning up this area in order to make the landscape look nice for the Veterans Day ceremony," Anderson said. "We have volunteers from many of the ships at Pearl Harbor for this SNA event. It is a great thing just to be able to give back to our deceased veterans and the community."

Cmdr. Chase Patrick, Chafee's commanding officer, spoke about the importance of the cleanup effort.

"Every year we come out here to clean up the Navy's section of the Oahu Cemetery to pay respects to our veterans who have come before us," Patrick said. "This is not a military ceremony, so it's important for the local community to see us out here doing

our part to beautify the cemetery."

Culinary Specialist 3rd Class Stephanie Cady, assigned to Chafee, said she volunteered for the cleanup to honor the Navy veterans.

"It feels good to do our part in the community, and at the same time pay our respects to the fallen Sailors who remain at rest here in the cemetery," Cady noted.

The cemetery is located in Nuuanu Valley near downtown Honolulu, and the veterans' section is on an 80-by-40-yard piece of property purchased by the Navy. The plot was acquired in 1935, and a trust fund was established for the maintenance of the site.

There are more than 170 gravesites, 135 of which are in use. The earliest grave markers are dated in the 1800s and the most recent interments were in 2002.

# Chafee crushes previously unbeaten Lake Erie

Story and photo by  
Randy Dela Cruz

Sports Editor

Quarterback Operations Specialist 2nd Class Solomon Pulu played catch with receiver Ship's Serviceman 3rd Class Dontavius Wright to the tune of five touchdowns as USS Chafee (DDG 90) manhandled formerly undefeated USS Lake Erie (CG 70), 35-7, in a battle of Intramural Afloat Flag Football League top guns at Ward Field, Joint Base Pearl Harbor-Hickam, on Nov. 6.

With the win, Chafee leapfrogged over Lake Erie into second place with a 5-1 record, and trails only the 6-0 USS Chosin (CG 65), who defeated USS Port Royal (CG 73), 25-6, in its game on Nov. 6.

"Everybody knows about us now," said Chafee coach Personnel Specialist 1st Class Brian Harper after the team's mercy-rule victory over Lake Erie. "Thirty-five to seven over an undefeated team? It doesn't get any better than that."

In the surprising rout, Chafee dominated the action on both sides of the ball as the team's option kept the ball moving on offense, while its defense produced four interceptions to handcuff Lake Erie's usually potent attack.

Chafee's first big play happened on defense when Information Systems Technician 2nd Class Daniel Joseph picked off a pass from Chief Operations Specialist Lateef Day to set up house deep in Lake Erie territory at the 21-yard line.

After an option to Operations Specialist 1st Class Phillip John put the ball at the 18, Pulu connected with Wright for the first of the pair's five touchdowns to take a 6-0 lead.

On the ensuing series, Lake Erie stepped up to the challenge as Day led the team on a seven-play, 65-yard drive that ended with the signal caller tossing a 22-yard pass for a touchdown to Information Systems Technician 1st Class Gennarro Hawkins.

Although the converted extra point gave Lake Erie a 7-6 advantage, the rest of the game belonged to Chafee.

Pulu immediately put his team back on top with a 65-yard drive that took only five plays to reach the end zone.

This time Pulu zeroed in on Wright on a catch-and-run play that covered 31 yards to give the Chafee a 12-7 lead.

Day tried to help Lake Erie regain the upper hand

by leading a drive to the Chafee 22, but instead, turned the ball over when Pulu pulled down the team's second interception of the game.

Then as time ticked down in the first half, Pulu marched Chafee down to the Lake Erie 11.

After misfiring on his first three passes, Pulu, on fourth down, forced in a throw to the goal line, but had the ball batted up into the air.

Standing in the middle of the pack, Wright jumped up and snatched the ball away from Lake Erie defenders, before breaking the plain to give Chafee a 19-7 lead at intermission.

"That was a big turning point," Harper said. "We wanted that touchdown. Wright came through. He went in there with his big, long body, then caught it over everybody. That was the dagger in their (Lake Erie) heart."

In the second half, Lake Erie tried its best to get back into the game, but each time the team threatened, Chafee's defense stood tall and pulled out a stop.

On Lake Erie's first drive after halftime, Chafee Chief Ship's Serviceman Corey Lathan got the ball back for his team when he stepped in front of a Day pass and picked it off.

Lathan would also go on to pick off a pass from Hawkins, who took over QB duties from Day later in the game.

While Chafee's defense was taking care of business on its side of the ball, Pulu and Wright continued its assault on the Lake Erie secondary in the second half.

Pulu hooked up with Wright for two 16-yard scoring strikes to round out the tandem's outstanding effort and game.

"We had mismatches and the quarterback just kept finding me in the right spot," said Wright about his quintet of catch-

USS Chafee (DDG 90) Ship's Serviceman 3rd Class Dontavius Wright goes above the crowd of USS Lake Erie (CG 70) defenders to haul in a touchdown pass during an Intramural Afloat Flag Football League game at Ward Field, Joint Base Pearl Harbor-Hickam, on Nov. 6. Wright was on the receiving end of five touchdown passes from quarterback Operations Specialist 2nd Class Solomon Pulu, as the Chafee won by a score of 35-7 to hand Lake Erie its first loss of the season.

es for touchdowns. "This was a big game for us because they beat us last year and I thought we should have won. I just wanted to make sure we took care of business."

Although Lake Erie suffered its worst defeat in two

years, Day, who offered his congratulations to Chafee, remained optimistic and promised that Lake Erie would be back.

"I don't take anything away from the Chafee," Day said. "But it's not a setback. We still feel like

we're the best team and we're still going to be pushing forward."

Meanwhile, both Wright and Harper agreed that while Lake Erie may downplay the loss, no one could deny the lopsided win should send a clear mes-

sage throughout the rest of the league.

"We got a little swagger going right now, so it feels real good," Harper said. "We know that we can go in there and dominate any team, and that's what we're going to do the rest of the way."

# Bold comeback leads Security over 15th MXG

Story and photo by  
Randy Dela Cruz

Sports Editor

When it comes to flag football, 647th Security Forces Squadron (647 SFS) Senior Airman Kyle Shy's aggressive style of play is the antithesis of his birth name.

On Nov. 8, Shy's bold and leave-nothing-on-the-field attitude may have tipped the scales in favor of the 647, as the team went on to earn a tough 20-18 win over the 15th Maintenance Group (15 MXG) in a Hickam Intramural Flag Football League game at Hickam Football Field, Joint Base Pearl Harbor-Hickam.

In helping the 647 to victory, Shy picked off a pass in the red zone, caught two passes for touchdowns (including the game winner), and made the game-ending tackle that sealed the win for his team.

"They were a tough team, but we just had to come out and get it," Shy said. "I really wanted that one."

Shy's effort minimized a monster game by 15 MXG Airman 1st Class Aaron Maxwell, who came up with three interceptions and was on the receiving end of a 65-yard catch-and-run for a touchdown that put the 15th up by five points with just over two minutes remaining on the clock.

"We just couldn't execute on offense," Maxwell stated. "We had the plays there, but just couldn't make it when we needed to make it."

Although both teams got off to a slow start, things changed in a hurry when Maxwell stole his second pass of the game with the 647th knocking at the door on the Maintenance Group's three-yard line.

After the touchback placed the ball at the 15th's own 20, quarterback Senior Airman Even Wilson led the team on a five-play, 65-yard drive that ended on a 28-yard scoring strike to Staff Sgt. Ricardo Goodwyn to take a 6-0 lead.

With time running out in the first half, 647 quarterback Tech. Sgt. Robert Wooderson needed only three plays to tie score at 6-

Senior Airman Kyle Shy of 647th Security Forces Squadron (647 SFS) shields a pass away from 15th Maintenance Group (15 MXG) Airman 1st Class Aaron Maxwell, as Shy's teammate, Tech. Sgt. Robert Wooderson, looks on during a Hickam Intramural Flag Football League game at Hickam Football Field, Joint Base Pearl Harbor-Hickam, on Nov. 8. Shy and Wooderson helped lead the 647 to a 20-18 win and improve its record to 4-1.

6 as he marched the team 65 yards, before connecting with a wide open Airman 1st Class Tyran Autman on a 41-yard scoring toss.

The 15th quickly drove down to the 647's 14 and almost re-took the lead before halftime, but Shy stepped up and picked off a Wilson pass to end the threat.

Following intermission, another interception by Maxwell setup the Maintenance Group's second touchdown of the game, but Wooderson quickly put the 647 back on top by fashioning a 65-yard drive that was punctuated by a 19-yard pass to pay dirt to Shy.

The converted point-after-touchdown put the 647 ahead at 13-12.

However, on the 15th's first play from scrimmage at its own 15-yard line, Wilson hit Maxwell on a short cross pattern down the middle.

Somehow, Maxwell spun out of coverage with his flags still attached and sped downfield for a 65-yard touchdown to put his team ahead at 18-13.

The play left Maxwell out of breath, which forced him to sit out, as the 15th's defense took the field to try and stop the 647 from retaking the lead.

"I just had to get a

breather," Maxwell said. "I wasn't going to go in there tired."

Without Maxwell in the secondary, Wooderson went straight to work and quickly moved his team deep into Maintenance Group territory.

On second down, with the ball resting on the 15th's eight-yard line, Wooderson shook off two receivers before spotting Shy breaking to the right corner of the end zone.

Wooderson let loose of the ball in Shy's direction, who stretched out to nab the pass in midair, before touching down with both feet barely inbounds.

"He made something happen. All I did was throw it up," said Wooderson as he replayed the game-winning catch. "I was kind of thinking either throw it away or they're going to get an interception. I didn't think he (Shy) was going to jump that high."

Shy said that, with the team down by a score, he knew that he had to make the catch.

"I just saw the chalk and ran over there," Shy explained. "I thought it was going to be a zip, but he (Wooderson) lofted it up and I had to go up and get it. I saw it coming, I caught it and kept it in."

The 15th had one final attempt to retake the lead, but on fourth down and 10 yards to go for a first, Shy came up with another big play, as he yanked the flag off of Wilson two yards short of the first down.

A relieved Wooderson credited the play of his teammates for the nail-biting win and added that there is more to come from the 647 this season.

"We're definitely the top seed, but I don't want anybody to even pay attention to the cops," Wooderson noted. "Just wait until the playoff and we'll show you a show."

# FACSFAC uses fast start to remain perfect

Story and photo by  
Randy Dela Cruz

Sports Editor

Fleet Area Control and Surveillance Facility (FACSFAC) Warriors scored touchdowns in their first three possessions, then coasted to a 26-14 win over Commander, Submarine Force, U.S. Pacific Fleet (COMSUBPAC) in an Intramural Afloat Flag Football League game at Ward Field, Joint Base Pearl Harbor-Hickam on Nov. 9.

The FACSFAC Warriors, Ashore champions two years ago, now own the best record on base at 8-0, and is the only undefeated team in the Ashore Division.

COMSUBPAC, which started off the year on a torrid pace by rattling off four straight victories, has now lost its second consecutive game to see its mark fall to 4-2.

Against COMSUBPAC, FACSFAC came out on fire and scored on the first play of the game, when quarterback Lt. j.g. Doug Hawk connected with Aviation Maintenance Administrationman 2nd Class Antoine Norman on a 65-yard fly pattern for six.

Then three plays into COMSUBPAC's first offensive series, the FACSFAC defense got its chance to shine, when Air Traffic Controller 2nd Class Bernard Burns intercepted a pass and returned it to the

Fleet Area Control and Surveillance Facility (FACSFAC) Warriors quarterback Lt. j.g. Doug Hawk sticks the nose of the football into the end zone to score his second touchdown of the game against Commander, Submarine Force, U.S. Pacific Fleet (COMSUBPAC) in an Intramural Afloat Flag Football League game at Ward Field, Joint Base Pearl Harbor-Hickam, on Nov. 9. FACSFAC raised its unbeaten record to 8-0 by beating COMSUBPAC, 26-14.

FACSFAC 32.

Hawk didn't let the opportunity go to waste, as he immediately led FACSFAC on a 38-yard, five-play drive that saw him cover the final 20 yards on a keeper for the team's second touchdown of the game.

COMSUBPAC compounded its problems after its offense stumbled while trying to get things started.

A bad snap from center moved the ball from the 15 back to the six, a penalty moved it back half the distance to the goal, and another bad snap sailed over the quarterback and out of the end zone for a safety - increasing the Warriors' lead to 14-0.

After getting the ball back following the safety, Hawk, once again, took full advantage of his team's good fortune as he

directed a three-play, 65-yard drive for another touchdown.

This time, Hawk lobbed a short toss to Aviation Structural Mechanic 3rd Class Roshawn Thomas, who made the catch and raced untouched into the end zone for a 57-yard touchdown.

Although COMSUBPAC lost its first game of the season in the previous week, Hawk stated he

and his teammates needed to put away their opponent as quickly as possible.

"It (fast start) was very important," Hawk said. "We wanted to make sure that they knew that we were here to play."

The point was driven home even further early in the second half, as the FACSFAC defense came up with another turnover on COMSUBPAC's first

series after the break.

FACSFAC defensive back Operations Specialist 2nd Class Chris Johnson picked off a pass from COMSUBPAC quarterback Yeoman 1st Class (SS) James Hall at the 39 and returned it to the four-yard line.

On the first play from scrimmage, Hawk took it into the end zone to give his team a commanding 26-0 lead.

While COMSUBPAC scored one touchdown on a pass from Information Systems Technician 2nd Class Paul Turk to Ensign Rod Smith, and added another score on a toss from Hall to Electronics Technician 2nd Class Chris Badder, the tallies were too little and came too late.

"We beat ourselves. We got to pull it together a little more," Hall said. "We got a lot of first-time players this year. The more we play together, the better we'll be."

FACSFAC Personnel Specialist 3rd Class Terrence Key helped anchor an attacking defense that kept COMSUBPAC in check for most of the game.

Key, who recorded three consecutive sacks late in the first half, said that the dominating win over COMSUBPAC clearly puts FACSFAC in the driver's seat.

"We got a little bit of confidence," Key said. "We come to each game expecting to win. We don't come in here expecting to lose."

Cryptologic Technician Collections 2nd Class Richard Olney, NIOC Hawaii, and his wife participated in the trunk decorating contest held at NIOC's third annual trunk or treat on Oct. 29. Olney won the category for 'best daytime trunk.'

## NIOC Hawaii hosts third annual trunk or treat

CTI2 Janka Dowding

*Navy Information Operations Command Hawaii*

Sailors from Navy Information Operations Command (NIOC), Hawaii and their families encountered mummies, zombies, pirates and Jedi masters at the Family Readiness Group's third annual trunk or treat on Oct. 29.

Participants gathered at NIOC Hawaii to decorate their car trunks in a multitude of themes, ranging from a vampire crypt to a haunted volcano lava tube. "We don't have any kids of our own, so we decided to scare other people's kids," joked Cryptologic Technician Collections 2nd Class Richard Olney, who was dressed as a mummy. The Olneys' trunk, which was decorated as a mummy crypt, won the award for best daytime trunk.

Other awards included best night trunk, funniest and scariest. Cryptologic Technician Interpretive 2nd Class Kayla Schreiber explained why she entered her trunk. "I love dressing up for Halloween, and I didn't want to scare the kids too much, so I decided on a pirate theme this year," she explained. This was Schreiber's second time entering her trunk. "There are definitely a lot more kids this year," she said. "It's awesome!"

In addition to trick-or-treating at the decorated trunks, children painted pumpkins, snacked on cotton candy, and competed in a dance contest. "I love dancing," gushed Vampire Queen Cassidy, five, who danced to Michael Jackson's "Thriller."

Later during the evening, the Junior Enlisted Organization hosted a haunted maze complete with a grave-

yard, creepy zombies and screeching witches. "We had a lot of success last year with our haunted maze, and we wanted to do even better this year," explained Cryptologic Technician Networks 3rd Class Jennifer Granger, who coordinated the maze. "It wasn't too scary," Sleeping Beauty Ellyce Darr, seven, assured her friends, "except for the witch."

For this year's trunk or treat, more than 100 people attended, which is the biggest turnout the Family Readiness Group Trunk or Treat has had so far. "In the four years that I've been in Hawaii, this is the best turnout I've seen for the trunk or treat, and it makes me proud to belong to NIOC Hawaii," stated Cryptologic Technician 2nd Class Kristen Baker, while holding her ladybug-clad daughter, Skyler.

# What makes a good quitter? Join the Facebook discussion

Shari Lopatin

*TriWest Healthcare Alliance*

On average, smokers die 13 to 14 years sooner than non-smokers, according to the Centers for Disease Control and Prevention (CDC).

Since about 20 percent of the United States' population smokes, that means almost a fifth of the country could live at least a full decade longer. With the Great American Smokeout just around the corner on Nov. 18, now is a time to talk about the benefits of quitting tobacco.

As part of that discussion, TriWest has posed the

question: What do you think makes a good quitter?

Join the discussion board and share your thoughts on TriWest's Facebook page:

- "Like" the TriWest Facebook page at [www.facebook.com/triwest](http://www.facebook.com/triwest).
- Select the "discussions" tab near the top of the page.
- Join the discussion.

Dozens of individuals have already begun sharing their fears, frustrations and successes.

### Resources to help make a successful quitter

More than 1,000 people die every day in the U.S. from tobacco-caused diseases that could have been prevented, according to the American Lung Association. For those

ready to take the leap and quit smoking, many resources are available to help.

- [www.ucanquit2.org](http://www.ucanquit2.org) is an interactive site sponsored by the Department of Defense. Here, one can develop a quit plan, join a message board, or, if an eligible TRICARE beneficiary, chat live and get help quitting tobacco.
- TriWest's dedicated toll-free telephone Quitline, 1-866-244-6870, is available 24/7/365.
- TriWest's tobacco cessation page, [www.triwest.com/tobacco](http://www.triwest.com/tobacco), provides information about local and statewide resources, as well as "quitting" tools and tips.

## Hawaii education matters - make your voice heard

One of the top concerns for military families stationed in Hawaii is the quality of education for their children.

In an effort to reach out to parents and their children and provide the opportunity to express their opinions regarding education in Hawaii, U.S. Pacific Command has contracted with the Johns Hopkins School of Public Health, with an

assist from the University of Hawaii. The objective is to conduct a study that will identify the perceptions and needs of military children families related to their educational experiences here in Hawaii.

All military families are encouraged to participate. Surveys may be completed by parents and children, ages 10-18,

whether they are enrolled in public, private, charter or home schools.

To participate in the online survey, go to: <http://www.hawaiikids.org> <<http://www.hawaiikids.org>>

(Editor's note: For a more complete story about the Hawaii Education Survey, see the Oct. 29 edition of Ho'okele, page A-7.)

## Family retreat applications now being accepted by Operation Purple

Applications are being accepted for Operation Purple® Family Retreats in Hawaii through the end of this weekend. The retreat will be held at YMCA Camp Erdman, Waiialua from Dec. 17 - 20.

These retreats are designed to allow families to reconnect after experiencing the stresses surrounding a deployment. They provide an opportunity to spend time outdoors, try new things,

make friends, and enjoy quality time together as a family.

Retreats include structured activities developed by the FOCUS Program (Families Over-Coming Under Stress). These activities highlight areas of strength and resilience in the family and promote family growth.

Operation Purple Family Retreats are open to service members and their families who have

experienced deployment within the last 15 months. The retreats are free, thanks to support from the Sierra Club and the Sierra Club Foundation.

To register, go to [www.militaryfamily.org](http://www.militaryfamily.org), Family Retreats.

PEARL HARBOR-HICKAM **Maniawa Nanea** LEISURE**Morale Welfare & Recreation****ANNUAL FALL CRAFT FAIR**

The 35th Annual Fall Craft Fair will be held from 9 a.m. to 3 p.m. on Saturday on the Hickam Arts and Crafts Center lawn. Admission is free. More than 150 vendors will display original handmade crafts for sale, including jewelry, paintings, Christmas, photography, glassware and more. Food vendors and pony rides will be available. FMI: 448-9907.

**LADIES GOLF TOURNAMENT**

Mamala Bay Golf Course will host a 36-Hole Ladies' Club Championship Golf Tournament on Saturday and Sunday. The tournament is open to all military and civilian Department of Defense players. Entry forms are available at all military pro shops. FMI: 449-2304 or 449-2305.

**STAND-UP PADDLEBOARDING**

Join the outdoor adventure center at 10 a.m. on Saturday for paddleboarding at Haleiwa. The cost is \$15 per person on this moderate level excursion. Participants must have basic swimming skills. FMI: 473-1198.

**EARRINGS 101**

Hickam Arts and Crafts Center will host an earring-making event with Erika Berridge from 9:30 to 11 a.m. on Nov. 15. The cost is \$25 per person plus the cost of supplies. FMI: 448-9907.

**PRO BOWL TICKETS ON SALE THIS WEEK**

Pre-sale tickets for the 2011 NFL Pro Bowl Game, scheduled for kickoff at 1 p.m. on Jan 30, 2011 at Aloha Stadium, are on sale at all Morale, Welfare and Recreation Information, Ticket and Travel offices. Prices range from \$50-\$135 per ticket and are available on a first-come/first-served basis. Ticket sales are limited to eight per person on the initial day of pre-sale. There will be no refunds or exchanges. FMI: 473-0792.

# Commentary Help environment on America Recycles Day

Ronnie D. Lanier

Installation Environmental Program Manager  
Joint Base Pearl Harbor-Hickam

Want to help the environment? You can – by spending some time this America Recycles Day on Nov. 15 learning about the existing opportunities to reduce, reuse and recycle (RRR) throughout the year. Adopting good recycling habits at home, work and on the go will help preserve our environment for future generations. Using RRR as a guiding principle, people can save energy, use fewer natural resources, and reduce greenhouse gas emissions.

Thousands of Americans across the country are making a difference, simply by keeping plastic bottles, paper, unwanted electronics and other recyclable materials out of the waste stream. According to the EPA's Individual Waste Reduction Model (iWARM), the lifecycle energy savings of recycling rather than landfilling one aluminum can is equivalent to the energy use of a laptop for five hours, a 60-watt incandescent light bulb for four hours, or a 60-watt compact fluorescent

light bulb for 20 hours.

America Recycles Day is a time to think about your role in creating a sustainable environment by being responsible consumers. Products are created from raw materials that are transported and processed, distributed, consumed, reused or recycled, and ultimately disposed of in a landfill. Each stage of this materials lifecycle creates impacts on the environment. By making smarter choices, consuming less, and reusing and recycling, each of us can contribute to a healthier and more sustainable environment.

The Commander Navy Region Hawaii Recycling Program accepts cardboard, paper (office white, newspaper, mixed/color, magazines), aluminum, other metal, glass containers, printer cartridges, plastic

containers (PETE 1 and HDPE 2) and wood pallets.

Here are two suggestions to help you do your part for America Recycles Day:

- Clean out your old files today (make an appointment at 449-5754). Both recycle center locations (building 1715 on Hickam and building 159 on Pearl Harbor) have large capacity, high-speed paper shredders certified for FOUO and Privacy Act material). It's much faster than shredding five sheets at a time on a small office shredder.

- Dispose of those old personal computers, cell phones and other outdated and unused electronic equipment in an environmentally safe way. Check out [www.ecosquid.com](http://www.ecosquid.com) for information on local retail stores and charitable organizations that accept used electronic devices at no charge. Some local companies will even pay for operable used cell phones, up to \$70 for some brands. Recycle center personnel will be available to provide additional information and help on Nov. 15 at the grand opening celebration of the new Navy Exchange Fleet Store.

For more information, call 474-2446.

# Nov. 15 is America Recycles Day

## Navy Region Hawaii Recycling Team

America Recycles Day is the only recognized day dedicated to the promotion of recycling programs in the United States. It is one day to get our neighbors, friends and community leaders excited about what can be accomplished when we all work together – 365 days a year.

There will be an informational booth at the grand opening of Pearl Harbor Navy Exchange Fleet Support Store behind McDonald's from 8 a.m. to 2 p.m. on Nov. 15.

While no recyclables will be accepted at this location, recyclables will be accepted in windows and bins 24 hours a day, seven days a week, at two locations

on Joint Base Pearl Harbor-Hickam.

Commands may also schedule regular pickups of recycled material by calling 474-9207.

The Hickam recycling center is located at building 1715 on Kuntz Avenue. To receive vouchers, hours of operation are 7:30 to 11:45 a.m. and 12:30 to 3:30 p.m. on Monday through Friday, noon to 6 p.m. on Tuesday and Friday, and from 9 a.m. to 3 p.m. on Saturday.

The Pearl Harbor recycling center is at building 159 on Russell Avenue. Their hours of operation for redemption are 8 to 11 a.m. and 12:30 to 2:30 p.m. Monday through Thursday and 8 to 11 a.m. on Friday.

Items that are accepted include white

paper, newspaper, phone books, cardboard, magazines, books, plastics one and two, plastic grocery bags, clear shrink wrap, steel cans, aluminum cans (including HI-5), glass containers, toner cartridges, all metals and untreated wood pallets (Hickam side only).

Please remember not to bring envelopes with plastic windows, sticky note pad paper, self-carbon paper, waxed cardboard (milk cartons), manila folders, pressurized cylinders, fluorescent light bulbs, tires, paint or aerosol cans, batteries, plate glass, food waste, painted, stained or treated wood or white goods (stove, washer, etc.).

For more information, call 474-9207.

## WHO SAID IT?

"Life is under no obligation to give us what we expect."

## PREVIOUS ISSUE WHO SAID IT?

"I am confident that no general thinks he can command the navy, and no admiral thinks he can operate an army, but some of them think they can operate an air force."

Lt. Col. Horace Meek Hickam

## This Week's Trivia

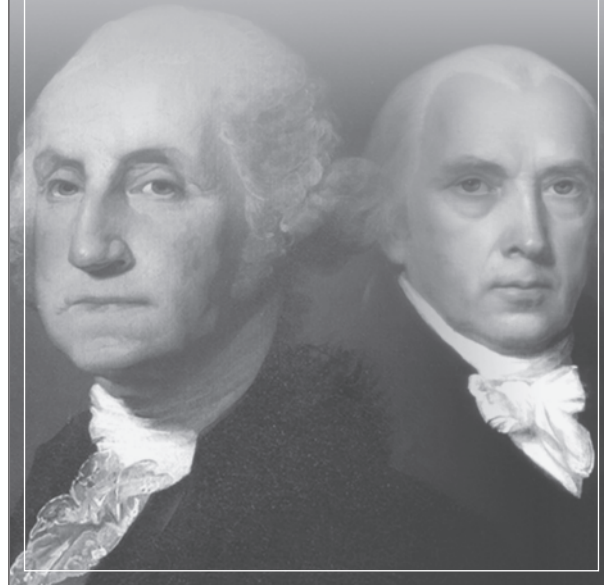

What was the B-17 long-range bomber nicknamed in World War II?

### Last Issue's Question:

"While the U.S. president is commander-in-chief of the United States Armed Forces, only two presidents have actually commanded troops in times of war. Who were they?"

### Answer:

George Washington and James Madison
