Assignment Policy:

Any extra credit/writing assignment must be typed in size 12 font.

Exam Policy: There are 3 exams equally weighted consisting of multiple choice, free recall, and short answer essays. The lowest test grade will be automatically dropped. If you have an unexcused absence on a test day that test will be recorded as a 0 and dropped. No make-up exams will be offered expect for extenuating circumstances as stated in the student handbook.

NOTE: Students who have absences during exams authorized by the University must contact the instructor one week after the missed test with documentation (i.e., doctors note, note from military office, memorial of deceased) and arrange to take the missed exam. Failure to do so will result in the exam being recorded as a 0. If the student is aware that they will be missing the exam in advance should contact Dr. Ramirez to setup an alternative testing time.

Writing assignment: This will be selected readings for the major areas that are to be turned in mid-semester for grading. The summaries should be in your own words, with sources cited, quotations used when needed, and in APA format. The goal of the paper is to help you begin to think of material critically. If students borrow from each other or plagiarize their grade will become an automatic 0. If there are questions about how to appropriately write the summary please contact Dr. Ramirez in office hours or UNT Dallas e-mail.

University Policies and Procedures:

The University of North Texas Dallas is on record as being committed to both the spirit and letter of federal equal opportunity legislation; reference Public Law 92-112 – The Rehabilitation Act of 1973 as amended. With the passage of new federal legislation entitled Americans with Disabilities Act (ADA), pursuant to section 504 of the Rehabilitation Act, there is renewed focus on providing this population with the same opportunities enjoyed by all citizens.

As a faculty member, I am required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Student responsibility primarily rests with informing faculty of their need for accommodation and in providing authorized documentation through designated administrative channels. For more information, you may visit the Student Life Office, Suite 200, Building 2 or call 972-780-3632.

The Department of Teacher Education is committed to full academic access for all qualified students, including those with disabilities. In keeping with this commitment and in order to facilitate equality of educational access, faculty members in the department will make reasonable accommodations for qualified students with a disability, such as appropriate adjustments to the classroom environment and the teaching, testing, or learning methodologies when doing so does not fundamentally alter the course.

If you have a disability, it is your responsibility to obtain verifying information from the Office of Student Life and to inform me of your need for an accommodation. Grades assigned before an accommodation is provided will not be changed. Information about how to obtain academic accommodations can be found in UNTD Policy 7.004, Disability Accommodations for Students, and by visiting Student Life, building 2, Suite 200. 972-780-3632, studentlife@unt.edu.

This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of conduct and Academic Dishonesty policy.
