If you already have a Master's degree and are enrolled in Educational Administration classes as a non-degree seeking or certification-only student and decide to change to degree seeking, you must do that change before you have taken 12 hours. If you take over 12 hours as a non-degree or certification-only student, you will not be able to use those hours to attain a degree. In order to change to degree seeking, you also have to fulfill all of the requirements for admission to the Educational Administration Master's Program. See your instructor or contact your advisor to determine what you need to do to make this change.

## TK20

This course requires an assignment that will be uploaded and assessed in the UNT Tk20 Assessment System. This will require the one-time purchase of Tk20. Students subscriptions will be effective for seven years from the date of purchase. Key assignments must be uploaded into the Tk20 system for instructors to assess.

Please go to the following link for directions about how to purchase Tk20. Announcements regarding Tk20 will also be posted on this website <http://www.coe.unt.edu/tk20>

## SETE

*The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.*

## Work Quality

Effective written and oral communication skills are expected in this graduate course. All work submitted must be typed and will be graded on content and form. All written work must be submitted on time. All work must follow APA guidelines unless specified otherwise. Late work will receive a reduction of points to the final grade. Written work must demonstrate insightful reflection to receive maximum points.

## Professional Standards

Professional attitudes and demeanor are important to the learning of all students and are expected throughout the semester. The instructor will observe all classes looking for leadership characteristics and skills to emerge.

## Course Evaluation

Attendance, completion of all reading assignments, Informed participation in class activities	20 pts
Article (Executive summary)	10 pts
Class teaching assignment	30 pts
Book report	20 pts

Tk 20 Assignment	30 pts
Final Exam	20 pts
Total	200 pts

NO CELL PHONES OR LAPTOPS SHOULD BE ON IN CLASS. POINTS WILL BE DEDUCTED. No other notifications will be given.

In order to receive full credit for attendance, students must be timely **and** attend all sessions. If a student must miss a class, he/she is expected to notify the instructor in advance. A commitment to the work of the course through preparation for the classes and participation in the classes is extremely important.

Other assignments may be given as appropriate during the semester. At times through the course, you may be asked to summarize the readings for that class session in advance of the presentation.

**YOU ARE ENCOURAGED TO TAKE GOOD CLASS NOTES ALL SEMESTER!**

Article:

Research the literature for an article about Instructional Leadership that interests you and has good insight into successful leadership. When you find the right article that gets your attention, be prepared to discuss and share the article with the class if you are called upon to do so. Write a one page summary of the highlights of the article and upload into blackboard. The summary should be uploaded by 10:00pm Monday January 26, 2015.

Instructional Strategies/Instructional Design Lesson

For this assignment, you will teach the class your assigned portion of the factors leading to student achievement. This is not a presentation, but a teaching segment during which you will use effective instructional strategies. The goal will be for the students in class to understand and be able to use the information, ideas, skills you will be teaching. If you know of an effective idea that is from another source, you can add that. However, remember that the goal is not to cover a topic but to teach it to others.

The topics will be the school-level, teacher-level, and student-level factors that have the greatest effect on student achievement and the leadership behaviors leading to school improvement. You can teach the information in the textbook and you may add your own information if you wish. However, the information you add through research and outside readings must relate to what we are learning about the particular information based on educational research. Feel free to share techniques, strategies, etc. that you believe would be good for another instructional leader to know.

You could think of this as a possible staff development presentation you might make to fellow educators.

Book Report/Book Presentation

Select one of the books listed below to read and write a two-three page book report. This portion of the assignment will be done individually. The book presentation will be designed and presented with colleagues who have selected the same book to read. The presentation will be a collaborative effort with the purpose of familiarizing colleagues with the content of the text. The presentation should be no longer than 60 minutes in length with the last 15 minutes for questions and dialogue about the book.

### Field Experience & Interview Plan

Interview a campus principal you admire regarding his/her role as an instructional leader by asking the following question. (You may add to the list.) In addition to writing a summary of your interview, please include your own reflection on the answers given.

1. How do you schedule your day and week to ensure that you are spending adequate time on instructional issues?
2. What do you consider your expertise in the instructional arena?
3. What self-study do you engage in that assists your instructional growth?
4. What organizational structure supports professional learning communities in your school?
5. How do you use the expertise of master teachers to improve teaching and learning at your school?
6. What obstacles to school improvement have you experienced as a principal? How did you overcome those obstacles?
7. What advice would you give to a beginning principal?

Additionally, you will need to write an interview plan to be used in preparation for a principal position or other instructional leadership position. The interview plan should include the following:

- Questions that might be used in the interview plus your responses to the questions.
- Prepared comments about your strengths as well as comments about one weakness.
- Questions you would ask of the interviewers at the end of the interview.

### Tk20 Assignment:

Following the directions given in the assignment in tk20 you will prepare a best practices assignment containing a written paper and a power point to support the paper. This assignment will be uploaded into tk20 on or before the deadline posted in the course outline.

### Master Schedule Group Assignment:

Groups will be formed to design and build a Master Schedule for a designated school. All demographics and school data will be provided in order to determine the needed classes and teachers. This exercise will familiarize you with the details and planning that are needed to meet all the needs of a campus and student body. You should also become more aware of all the preparation that is needed to obtain the data that drives a master schedule. You will see the flexibility that a campus has to determine what schedule is used to develop classes for all students and teachers. You should research the pros and cons of the different schedule formats such as block scheduling, traditional scheduling, modified blocks, etc. in order to defend and justify the schedule that is used.

### COURSE OUTLINE

We will use this course outline as a guide for the semester. However, changes may occur due to time constraints, our learning needs, and feedback from you as class participants. We will monitor and adjust as necessary.

- Exams – written tests designed to measure knowledge of presented course material
- Assignments – written assignments designed to supplement and reinforce course material
- Projects – web development assignments designed to measure ability to apply presented course material
- Class Participation – daily attendance
- Presentations- designed to measure ability to deliver material to an audience in a format that will engage the audience and participation in class discussions

## University Policies and Procedures

### **Students with Disabilities (ADA Compliance):**

The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. For more information, you may visit the Office of Disability Accommodation/Student Development Office, Suite 115 or call Laura Smith at 972-780-3632.

### **Student Evaluation of Teaching Effectiveness Policy:**

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

### **Assignment Policy:**

(Discuss any special instructions relating to assignment submissions, late assignments, format of assignments, APA, word processor used, etc)

### **Exam Policy:** (Discuss any other special instructions relating to exams – sample given)

Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

### **Academic Integrity:**

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of conduct and Academic Dishonesty policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Conduct at [http://www.unt.edu/csrr/student\\_conduct/index.html](http://www.unt.edu/csrr/student_conduct/index.html) for complete provisions of this code.

### **Bad Weather Policy:**

On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campus main voicemail number (972) 780-3600 or search postings on the campus website [www.unt.edu/dallas](http://www.unt.edu/dallas). Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

### **Attendance and Participation Policy:** (Discuss your attendance and participation policy – sample given)

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

**Diversity/Tolerance Policy:** *(Sample given)*

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions which violate the Code of Student Conduct will be referred to the Center for Student Rights and Responsibilities as the instructor deems appropriate.

**Optional Policies:**

- Use of WebCT/Blackboard
- Use of Cell Phones & other Electronic Gadgets in the Classroom
- Food & Drink in the Classroom
- Use of Laptops
- Grade of Incomplete, "I"
