National Association for Multicultural Education (www.nameorg.org)

The Founders of NAME envisioned an organization that would bring together individuals and groups with an interest in multicultural education from all levels of education, different academic disciplines and from diverse educational institutions and occupations.

National Association for the Education of Young Children [NAEYC] (<http://www.naeyc.org/>)

NAEYC is dedicated to improving the well-being of all young children, with particular focus on the quality of educational and developmental services for all children from birth through age 8.

Texas Association for Bilingual Education (<http://tabe.org>)

TABE pursues the implementation of educational policies and effective bilingual-bicultural programs that promote equal educational opportunity and academic excellence for language minority students. TABE firmly believes that only enrichment (additive) forms of bilingual education ensure that language minority students are successful academically and develop age-appropriate English proficiency. To this end, TABE fully endorses and promotes the implementation of research-based two-way/dual language programs and maintenance (late-exit) bilingual programs.
