| 12. Comparison Screening, Discount Analysis-Chapters 12 & 13 | November 17, 2012 |
| 13. Thanksgiving Holiday | November 24, 2012 |
| 14. Computer-Aided Analysis-Chapter 14 (Project Presentations) | December 1, 2012 |
| 15. Exam II | December 8, 2012 |

Course Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

Exams – Two examinations will be given this semester. The tentative dates for each exam are indicated above.

Projects – One project will be assigned during the term, and presented to the class as indicated above. **Class Participation** – My objective is to conduct class in a manner that facilitates discussion about the application of tax laws and tax planning. While my responsibility is to "teach" the class, I believe that learning is the responsibility of everyone in the class. I like class discussions to be interactive and informal. My hope is that by each of us contributing to the class discussions, a high level of understanding of the material may be achieved. Class participation will be gauged on an individual basis.

Grading Matrix:

| Instrument | Value (points or percentages) | Total |
|---------------------------------|-------------------------------|-------|
| Projects | 1 project at 100 points | 100 |
| Exam I | 1 exams at 100 | 100 |
| Class Participation/ Discussion | 50 | 50 |
| Final Exam | 100 | 100 |
| Total: | | 350 |

Grade Determination:

A = 350 - 315 pts; i.e. 90% or better

B = 314 - 280 pts; i.e. 80 - 89 %

C = 279 - 245 pts; i.e. 70 - 79 %

D = 244 - 210 pts; i.e. 60 - 69 %

F = 209 pts or below; i.e. less than 60%

University Policies and Procedures

Students with Disabilities (ADA Compliance):

The University of North Texas Dallas faculty is committed to complying with the Americans with Disabilities Act (ADA). Students' with documented disabilities are responsible for informing faculty of their needs for reasonable accommodations and providing written authorized documentation. Grades assigned before an accommodation is provided will not be changed, as accommodations are not retroactive. For more information, you may visit the Student Life Office, Suite 200, Building 2 or call Laura Smith at 972-780-3632.

Student Evaluation of Teaching Effectiveness Policy:

The Student Evaluation of Teaching Effectiveness (SETE) is a requirement for all organized classes at UNT. This short survey will be made available to you at the end of the semester, providing you a chance to comment on how this class is taught. I am very interested in the feedback I get from students, as I work to continually improve my teaching. I consider the SETE to be an important part of your participation in this class.

Assignment Policy:

Any student who is absent from classes for the observance of a religious holy day will be allowed to make-up an examination or complete an assignment scheduled for that day within a reasonable time after the absence. Please check your calendars and notify me in writing no later than the fourth class day of the semester.

Exam Policy:

Exams should be taken as scheduled. No makeup examinations will be allowed except for documented emergencies (See Student Handbook).

Academic Integrity:

Academic integrity is a hallmark of higher education. You are expected to abide by the University's code of Academic Integrity policy. Any person suspected of academic dishonesty (i.e., cheating or plagiarism) will be handled in accordance with the University's policies and procedures. Refer to the Student Code of Academic Integrity at http://www.unt.edu/unt-

dallas/policies/Chapter%2007%20Student%20Affairs,%20Education,%20and%20Funding/7.002%20Code%20of%20Academic Integrity.pdf for complete provisions of this code.

In addition, all academic work submitted for this class, including exams, papers, and written assignments should include the following statement:

On my honor, I have not given, nor received, nor witnessed any unauthorized assistance that violates the UNTD Academic Integrity Policy.

Bad Weather Policy:

On those days that present severe weather and driving conditions, a decision may be made to close the campus. In case of inclement weather, call UNT Dallas Campuses main voicemail number (972) 780-3600 or search postings on the campus website www.unt.edu/dallas. Students are encouraged to update their Eagle Alert contact information, so they will receive this information automatically.

Attendance and Participation Policy:

The University attendance policy is in effect for this course. Class attendance and participation is expected because the class is designed as a shared learning experience and because essential information not in the textbook will be discussed in class. The dynamic and intensive nature of this course makes it impossible for students to make-up or to receive credit for missed classes. Attendance and participation in all class meetings is essential to the integration of course material and your ability to demonstrate proficiency. Students are responsible to notify the instructor if they are missing class and for what reason. Students are also responsible to make up any work covered in class. It is recommended that each student coordinate with a student colleague to obtain a copy of the class notes, if they are absent.

Diversity/Tolerance Policy:

Students are encouraged to contribute their perspectives and insights to class discussions. However, offensive & inappropriate language (swearing) and remarks offensive to others of particular nationalities, ethnic groups, sexual preferences, religious groups, genders, or other ascribed statuses will not be tolerated. Disruptions, which violate the Code of Student Conduct, will be referred to the Office of Student Life, as the instructor deems appropriate.
