The purpose of this letter is to notify you of the Fiscal Year 2014 appropriations for the U.S. Fish and Wildlife Service (Service) which includes \$45,732,171 for the State Wildlife Grant program authorized by the Consolidated Appropriations Act of 2014, PL 113-76.

The FY 2014 apportionment includes \$1,145,716 in reverted FY 2008 and after State Wildlife Grant Program funds and \$999,710 in unobligated balances from 2007 and prior year grant closures. Total funds available for the States and territories in the FY 2014 apportionment are \$47,877,598 (CFDA No. 15.634).

This program provides grants for the development and implementation of State programs to benefit wildlife and their habitat. The apportionment, shown on the enclosed table, is for the fiscal year beginning October 1, 2013, and is available for obligation until September 30, 2015. After this date, the Service will reapportion any remaining unobligated and other reverted funds to all States and territories, together with any new funds appropriated for FY 2016.

The funds are distributed through apportionment formula in accordance with the Appropriations Act to States and to the District of Columbia, the Commonwealth of Puerto Rico, Guam, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, and American Samoa. The formula for apportionment is based one-third on the land area of each State and two-thirds on the population of each State. In accordance with the Act, no States may receive less than 1 percent of the total available for apportionment, or more than 5 percent. The District of Columbia and the Commonwealth of Puerto Rico may each receive no more than one-half of 1 percent of the total, and Guam, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, and American Samoa may each receive no more than one-fourth of 1 percent of the total.

Please contact the Wildlife and Sport Fish Restoration Program in your Regional Office if you have questions about this apportionment.

Sincerely,
