

**Conservation Connect LIVE!
2016-2017 Schedule
It's Free!**

Join the U.S. Fish and Wildlife Service's Conservation Connect LIVE! online broadcasts. Students chat with conservation professionals LIVE while learning about wildlife, careers, and technology we use to study our natural world.

Conservation Connect LIVE! extends the learning opportunities for students who watch our Conservation Connect videos. Conservation Connect is a web-based video series that connects youth, ages 10-14, with the great outdoors and conservation careers.

Each month, students view a Conservation Connect episode online and chat live with conservation professionals.

Live episodes are the 3rd Wednesday
at 2 pm ET September through May.
