## ATLANTIC SEA SCALLOP FISHERY

Closure of the Mid-Atlantic Scallop Access Area for the  
Limited Access General Category Individual Fishing Quota Fleet  
*Effective Date: July 04, 2016*

The Mid-Atlantic Scallop Access Area is closed to limited access general category (LAGC) individual fishing quota (IFQ) scallop vessels effective 0001 hours, on July 04, 2016. As of July 04, 2016, no scallop vessel fishing under LAGC IFQ regulations may fish for, possess, or land scallops in or from the Mid-Atlantic Access Area. The scallop regulations require that we close this area once we project that 100% of the 2,068 trips allocated to the LAGC IFQ fleet for this area will be taken.

Vessels that have complied with the observer notification requirements, have declared a trip into the Mid-Atlantic Scallop Access Area using the correct Vessel Monitoring System (VMS) code, **and** have crossed the VMS demarcation line before 0001, July 04, 2016, may complete their trip and retain and land scallops caught from the Mid-Atlantic Scallop Access Area.
